

## Recommended setup

Stake-out permit documents and address placard in a conspicuous location on site (typically near the access point to the property)

Building Permit Packet Includes the Following:

- 1) Signed Building Permit
- 2) Approved Stamped Plans
- 3) Inspection Card
- 4) Signed Fire District Construction Permit (if applicable)
- 5) Address Placard (if applicable)
- 6) SWPPP (if applicable)
- 7) ESCP (if applicable)

Ensure documents are secured inside protector for availability to subcontractors and inspector. Any damaged or missing documents will need to be replaced and may delay inspection.
