How We Asked

bannockcounty.gov/ourfuture
ourfuture@bannockcounty.gov

The vision of Bannock County's 2040 Comprehensive Plan should represent the voice of our community. Over a two-month period, hundreds of Bannock County residents shared their unique perspectives on what makes our community great and how it can become even better.

Listening to the community took many forms: public open houses, map-based input, an online survey, written comments, and talking with residents at community events and meetings.

Bannock County used several methods to gather a wide and diverse set of opinions, including a mailer sent to rural county residents, social media advertisements, news media interviews, community newsletters and email campaigns, and a pop-up window on the county website.

Open Houses

Bannock County hosted seven open houses located throughout the county to provide easy access for residents regardless of where they lived.

We advertised the open houses through a mailer, social media, the news, community calendars, and email campaigns.

Each open house provided attendees the chance to review the current Comprehensive Plan and the proposed changes. Members of the Planning & Development staff were available to answer questions and talk with residents about what they hoped the future of the county would look like.

Vision Statement Input

At each open house, we asked people to weigh in on the proposed vision statement.

Vision Statement

Be a leader in the State of Idaho through effective, efficient, and transparent processes.

Mission Statement

The Comprehensive Plan is our guide to...

Promote economic development through the creation and application of ordinances, which allow managed growth, conserve natural resources, and maintain the character of our communities.

Here are the issues I think are important to the quality of life in Bannock County:

- Protect our drinking water. Require rural lots and subdivisions in rural/ag portions of the county to have a community wells and **Septic systems**. Continue to try and remedy the water pollution problem caused by the landfill.
- Move the landfill to another location.
- No Commercial development From South Pocatello (portneuf Road) t thru the gap to Inkom and surrounding areas.
- Rural Subdivisions need to have larger lot sizes 5+ acres min.
- The Planning and Zoning Board should be more discerning and not approve every single case that comes before them.

100	I've been here my entire life and I cherish what our county does for us. Our emergency services are incredible. I was so excited seeing we ranked number 7 for best performing cities in the entire untied states. I think our leaders have our best interests at heart. I have been loving all the new vegetation added around our county bring in the beautiful wild colors. I love how close and connected everyone is, most everyone is so nice and those days they aren't I assume they're having a bad day. I'm always capturing pictures of our county in every light I can.	2/12/2024 1:07 PM

205	We would rather be caribou county	2/1/2024 3:20 PM
206	It has most everything I need and when it doesn't, I am near to locations that may have those few things not found here. The cities are still small enough to not fear traveling to them and crime hasn't reached the level of larger cities (but we are seeing the outside influences bringing their crime to our cities and communities). There is still all the beautiful farm land around us and mountains that we can enjoy. Please protect the beauty we have here.	2/1/2024 2:18 PM
207	I love the surrounding agricultural areas. The fact that these areas are so close to us is very beneficial. Our restaurants and stores have the option to get locally grown produce and meat	2/1/2024 11:40 AM

products. I would rather support a local farmer than have to buy processed food with tons of preservatives that are not healthy for my family. I also love to be able to takes rides out to the country, whether it is in my truck or on my bike, I enjoy a nice ride through the countryside. I am starting to see our countryside become more of a jumbled city, and that makes me very sad to lose this agricultural heritage that drew me to this area in the first place.

733	The small town feel.	1/4/2024 9:54 AM
734	THAT IT'S SMALL ENOUGH TO BE CALLED A SMALL TOWN BUT BIG ENOUGH TO BE BENEFICIAL AND CLOSE ENOUGH TO BIG CITIES.	1/4/2024 9:36 AM

Q3 What would you want to improve about Bannock County?

Answered: 735 Skipped: 43

#	RESPONSES	DATE
1	more progress	2/25/2024 10:24 PM
2	Protect groundwater which protects drinking water from nitrates, pharmaceuticals, and personal care products and protect groundwater recharge areas from development. 100 percent of our drinking water comes from groundwater.	2/25/2024 1:56 PM
3	County development requirements. They are outdated and need to be altered in the impact areas close to city limits. The open space requirement will cause problems in these areas when annexation happens.	2/25/2024 10:18 AM
4	Try to clean up our city, have more to offer our community.	2/25/2024 8:59 AM
5	more open hours for land fill in McCammon	2/24/2024 10:51 PM
6	lower the taxes	2/24/2024 12:54 PM
7	land use decision-making that supports smart growth	2/23/2024 7:17 PM
8	I would like to see better enforcement of unsightly and junkyard areas, maintaining better control of building in flood riparian areas and maintaining open space.	2/23/2024 2:37 PM
9	better jobs	2/23/2024 9:17 AM
10	Get rid those blue Fentinal pills. They are killing people and have become an epidemic.	2/23/2024 12:26 AM
11	Roads	2/22/2024 7:13 PM
12	Keeping the city urban and county rural.	2/22/2024 6:58 PM
13	Not as many big trucks	2/22/2024 6:57 PM
14	The streets, making sure potholes are filled	2/22/2024 6:38 PM
15	Put water first and be more concerned about environmental issues.	2/22/2024 3:22 PM
16	improved services, schools, business	2/22/2024 2:15 PM
17	Protecting our water quality, and air from pollutants, not only chemicals but dust noise and light pollution. The county should enforce codes on the books, and enforce the rules put on business and industry. We need code enforcement officers that go out daily to enforce our rules and laws. People just start businesses without zoning. An example the road construction and street sweeper business on the corner of Rio Vista and Siphon road. You shouldn't have to sue your neighbor in court over and illegal business. There are many other businesses sprinkled through the county. We have many unsightly gravel pits, scrap yards, storage facilities that need set backs maintained with landscaping, watering, and screening. Businesses need to be areas where they connect to water and sewer development to protect our ground water. Keep industry in industrial areas. Keep industry away from the river and residential areas.	2/22/2024 1:26 PM
18	Clean and efficient public transportation	2/22/2024 1:16 PM
19	Everything. We need better restaurants. We need not so many car washes and not so many Mexican restaurants. Lower taxes	2/22/2024 7:55 AM
20	Stewardship of the land. Less apartments and housing complexes. Leave the land alone and care for it properly.	2/21/2024 8:26 PM
21	shift to treatment of addiction instead of prosecution	2/21/2024 6:04 PM
22	Better quality of education for students and the work force	2/21/2024 3:34 PM

>Bannock County

23	Land use regulations and restrictions on public access	2/21/2024 10:57 AM
24	high property taxes are causing issues to incentivize proper governance and our right-wing extremist commissioners aren't doing jack.	2/21/2024 9:32 AM
25	Road structure for future growth	2/21/2024 9:26 AM
26	The governmental structure.	2/21/2024 8:52 AM
27	Internet access in rural areas	2/21/2024 8:17 AM
28	Controlled growth New construction should include fees for road maintenance and traffic solutions More or improved night lighting to minimize nighttime road accidents, including accidental collisions with animals	2/21/2024 6:37 AM
29	Department accountability and external auditing	2/21/2024 5:25 AM
30	Increase solar power on already disturbed areas.	2/20/2024 10:03 PM
31	Cleanliness	2/20/2024 9:15 PM
32	Stupid high property taxes and stop residential development	2/20/2024 9:02 PM
33	better office hours and lower taxes	2/20/2024 4:51 PM
34	Doing a hydrology survey before allowing developers to open new areas.	2/20/2024 3:19 PM
35	1) Protecting our ground water to keep out population and out agriculture and recreation productive. 2) Protecting our air quality so our population does not suffer from asthma and chronic obstructive pulmonary disease (https://www.heart.org/en/health-topics/consumer-healthcare/what-is-cardiovascular-disease/air-pollution-and-heart-disease-stroke). 3)	2/20/2024 2:49 PM
36	more development of both wind and solar power capabilities, both a natural for our location	2/20/2024 2:07 PM
37	quality of living	2/20/2024 2:05 PM
38	more parks and recreation opportunitiesq	2/20/2024 8:32 AM
39	Roads	2/20/2024 8:18 AM
40	More job opportunities and economic development	2/19/2024 7:46 PM
41	Protocol	2/19/2024 12:41 PM
42	More places to do things.	2/19/2024 10:29 AM
43	Property taxes	2/19/2024 9:09 AM
44	How the public is informed about rezones and projects. Currently the public is not adequately informed about the projects and rezones. -It was not until those opposed to the Solar Farm projects that people were informed of the project and the impact it could have. --This information should have been provided to the public by the county. It should not be up to the public. If we had relied solely on the information the County sent out, the Solar Farms would have gone through, and they would have created significant problems for Bannock County. -- The public needs to be made aware of rezones and project and the IMPACT those rezones and projects might have on the community. --Especially when it impacts our water.	2/19/2024 7:10 AM
45	That everyone would get past First Level thinking	2/18/2024 7:11 PM
46	More response from our commissioners instead of just one. Maybe a little more snow removal service to areas not currently covered by the normal routes. Usually, snow drifts are a problem in the winter.	2/18/2024 6:38 PM
47	Maybe some type of public transportation around town for those who cannot afford a vehicle or are unable to drive.	2/18/2024 5:27 PM
48	Law enforcement in the rural areas.	2/18/2024 2:56 PM
49	I wish we could stop the growth in population. More people means more problems, more rules, more crime. I wish we could do that as well as lower house prices. But those two things don't mix together.	2/18/2024 8:12 AM
50	Zoning issues (Almost everywhere I go I feel like there has been poor city planning). Also	2/17/2024 6:44 PM

>Bannock County

maybe incentives to beautify neighborhoods and shopping areas. So many landlords and neighborhoods don't bother to keep up their common areas. Would love the sidewalk to be more user family.

51	Proper use of money and gaining and proper taxes on property. The current taxes of how the taxes goes with houses is absurd. The current property taxes decreases opportunity of continues growth of a flow of money. Meaning less people desire to buy houses and/or land when land becomes more than the house/property itself.	2/17/2024 3:39 PM
52	More business friendly.	2/17/2024 2:12 PM
53	improve city parks and develop more green space	2/17/2024 6:24 AM
54	Lower property taxes	2/17/2024 12:27 AM
55	Better local restaurants and real shopping like a natural grocers, indoor ice skating rink, purpose built downhill directional mountain bike trails, more horse riding events, more flights fro Pocatello, Increase Horse properties and keep farmland available	2/16/2024 9:57 PM
56	Better building department, more research on environmental study and impact on future development and water resources	2/16/2024 8:38 PM
57	Nothing	2/16/2024 7:25 PM
58	my wife would vote for better shopping, I'd vote for less apartments	2/16/2024 7:22 PM
59	High taxes. And stop chasing businesses away. Offer incentives to draw business to Pocatello instead of Idaho Falls	2/16/2024 4:15 PM
60	Elected officials who support growth, change, diverse opinions, and opportunities for land owners.	2/16/2024 2:39 PM
61	Connecting the greenway and river access to flat	2/16/2024 1:45 PM
62	Get on board with the need for private citizens to do what they want with their own land - like put solar and wind on it. It's their land!!!	2/16/2024 1:20 PM
63	The ability to retain good business	2/16/2024 12:40 PM
64	River Access	2/16/2024 12:34 PM
65	less people	2/16/2024 11:17 AM
66	Inclusion.	2/16/2024 11:03 AM
67	More help with mental health	2/16/2024 10:54 AM
68	(Pocatello) Wider roads with good pedestrian sidewalks. When building more sites, whether for neighborhoods or businesses, plan for future expansion (plenty of space)	2/16/2024 6:40 AM
69	Keeping & preserving our water rights in our own communities, & keeping ground as Agricultural zones.	2/15/2024 10:54 PM
70	More synergy between different cities/towns/municipalities. Successful airport. County contribution to animal control/homeless pets—human society seems part time and the city shelter is a jerk to you if you live in the county.	2/15/2024 9:06 PM
71	Internal affairs	2/15/2024 8:28 PM
72	Attention to clean water and renewable energy	2/15/2024 7:54 PM
73	nothing really	2/14/2024 7:52 PM
74	Improve that they showed that they care and are concerned about the water issues in the high desert areas, not just a buyer beware attitude. protect are small communities.	2/14/2024 7:50 PM
75	Bannock County Detention Center. People in the detention center are housed and treated worse than a lot of animals. A lot of these inmates are addicts which studies have found is a disease. They don't receive any treatment or programs. If they want to be safe then they sit in their cell 24 hours a day. The officer's do as little as possible, they don't care. The officer's could use some training in compassion or patience.	2/14/2024 5:34 PM

>Bannock County

76	Well this time of year roads are the obvious thing that comes to mind....pothole season. Otherwise I think the county is pretty good as a whole.	2/14/2024 5:27 PM
77	Some of the parks could use a bit of work.	2/14/2024 2:51 PM
78	Portnuef river	2/14/2024 11:39 AM
79	Get the druggies and bums off the street.	2/14/2024 10:48 AM
80	Access for Senior Citizens.	2/14/2024 9:15 AM
81	Access to public lands	2/14/2024 9:06 AM
82	Avoid massive and very quick urbanization with either postage stamp lots and/or too many high occupancy housing like what happened to Boise, Caldwell and Nampa areas. They get congested very quickly with much narrower streets etc. Revitalize older areas of Pocatello. Well managed growth.	2/14/2024 9:01 AM
83	Greenway trail from Pocatello to Lava	2/14/2024 8:26 AM
84	lower taxes, finish projects in timely fashion	2/14/2024 8:22 AM
85	Property taxes, education, mental health services	2/14/2024 12:30 AM
86	Better government. We need more commissioners to represent the varied needs of the residents.	2/13/2024 11:48 PM
87	Potholes and public lands access	2/13/2024 8:40 PM
88	Build an all inclusive sewer system. No more septic tanks and drain fields. Conservation of agricultural land.	2/13/2024 8:30 PM
89	No solar	2/13/2024 7:47 PM
90	take care of natural resources	2/13/2024 7:17 PM
91	more shopping and good restaurants	2/13/2024 6:17 PM
92	Reduced taxes and less governmental spending.	2/13/2024 4:50 PM
93	I would like to see infrastructure in place before expanding. Our County is too beautiful to hodge podge building of single/multi family residences.	2/13/2024 4:47 PM
94	Less property taxes	2/13/2024 4:15 PM
95	The dialogue between county officials and the public.	2/13/2024 4:03 PM
96	Housing is not affordable for too many.	2/13/2024 3:58 PM
97	Fire protection better public schools higher academic standards more small business	2/13/2024 11:13 AM
98	Better trailhead facilities	2/13/2024 10:03 AM
99	We need more development of jobs south of Pocatello. Century High School is still out there by itself with Cat next to it.	2/13/2024 9:30 AM
100	Open trail access. Bike-ability and walk-ability within communities.	2/13/2024 6:41 AM
101	I do think there isn't enough things for teenagers and kids to do. Everyone says we have no where to go shopping, but we can essentially buy everything online anyways. I'm more worried about fun things our county can offer. Ice skating rink, it would bring multiple new sports to the community, it would give people an opportunity to learn new skills and hobbies, it would be a great venue as well (frozen themed birthday party). Growing up I always had outer limits and Deleta. Now that I'm older and I take care of younger kids I don't have a ton of things to offer them to do. I think it would be cool if we thought about kids/teenagers. We don't need anymore banks or car washes, I'd like to see fun things come to life in Pocatello. I know there are a few new things going around, but you have to do deep searches through Facebook to find them. So I think focusing on hobbies and new skills/ sports interests, would really help brighten and up lift the community. I also think it would be great to hold more drives throughout the year, and events that aren't usual. Think up some new fun ideas and maybe give out surveys to the schools. So students can give their ideas, you can pick 1 person from each school, and they'll get some kind of prize. We have always been a tight knit community and I know with time	2/12/2024 1:07 PM

Bannock County

comes change and we have to evolve, but we don't have to lose who we are to do so. I don't want to be another Boise, but since we are heading that direction it would be nice to try everything we can to keep our community close.

102	Adding to our already amazing outdoor recreational areas. I'm excited to see the river project come to life.	2/12/2024 9:45 AM
103	lower property taxes, safer roads for bicycles. a bicycle path from Pocatello to Lava Hot Springs	2/12/2024 9:25 AM
104	Improve local food sheds, keep farmland agricultural.	2/12/2024 7:37 AM
105	Stop building houses for out-of-state refugees!	2/12/2024 3:43 AM
106	Intentional growth. We need more retail options so we don't lose our tax to other more desirable locations. We need more outdoor dining, more places to gather, more green belt. We need to get centered around what Bannock county IS, why people want to visit, live, raise families. We need a more walkable community, more biking options. We need to beautify our common spaces.	2/11/2024 6:21 PM
107	Making decisions that benefit towns in bannock county besides pocatello and chubbuck.	2/10/2024 7:50 PM
108	More deputies on the roadway. They are an asset for assistance and enforcement	2/10/2024 6:48 PM
109	Lower real estate taxes	2/10/2024 6:20 PM
110	More healthy social life for the youth	2/10/2024 4:15 PM
111	Career opportunities	2/10/2024 4:08 PM
112	Build an animal shelter for intakes outside of Pocatello and Chubbuck city limits.	2/10/2024 1:28 PM
113	Animal services	2/10/2024 12:55 PM
114	Get a shelter guys. I'm tired of having to call around to shelters and rescues that are FULL and won't take from "out of city" anyway. Get it together.	2/10/2024 12:50 PM
115	growth, events	2/10/2024 11:28 AM
116	Switch to land value taxes. Ensure meaningful community control of the hospital to prevent situations where profit incentives are cross-purpose to health care quality.	2/10/2024 7:57 AM
117	Less drugs, more mental health services for youth.	2/9/2024 11:47 PM
118	Lower taxes.	2/9/2024 9:06 PM
119	Better facilities for schools	2/9/2024 7:14 PM
120	Stop taxing us to death, get rid of the ridiculous sign up trash at the DMV, open the driver's license office at a time when working people can access it, get rid of the mayor, start bringing in some buisness to provide a better tax basis.	2/9/2024 2:02 PM
121	Bannock County desperately needs a facility for dumped and stray dogs and cats	2/9/2024 1:50 PM
122	More new retail, more higher paying jobs, a more cohesive relationship with the communities within it.	2/9/2024 11:12 AM
123	Housing prices. It is absurd that it costs more than my fathers mortgage to afford most one bedroom apartments in Pocatello. Wages are too low to keep up, and I am seeing more and more people on the streets.	2/9/2024 9:44 AM
124	Not closing public access do to land ownerships changes.	2/9/2024 7:43 AM
125	I like it	2/9/2024 7:38 AM
126	Cost of living	2/9/2024 3:00 AM
127	more youth activity options	2/8/2024 11:51 PM
128	Remember that Bannock County extends beyond Pocatello.	2/8/2024 9:57 PM
129	Bridge improvement, better roads especially in Southern Bannock county.	2/8/2024 6:41 PM

>Bannock County

130	Focus on Cycling Infrastructure, security at stores	2/8/2024 5:43 PM
131	Better city services in Pocatello/Chubbuck	2/8/2024 3:17 PM
132	more solar on buildings, canals, parking lots, etc More information and outreach about energy efficiency and electrification rebates	2/8/2024 10:38 AM
133	Schools, roads, existing monument's	2/8/2024 10:34 AM
134	Property taxes need to get under control. Better organization among various offices like the wellness complex. So much potential for that venue, but too many people blocking what the director is trying to do, inside and out of county leadership.	2/8/2024 9:18 AM
135	Economic and job variety	2/8/2024 8:45 AM
136	The roadways in towns.	2/8/2024 7:11 AM
137	I wish we could get at least one "big" name concert at the complex every year. Keith Urban was awesome! Let's get something like that again!	2/8/2024 5:17 AM
138	More supervision of programs that serve those elderly and disabled in need.	2/7/2024 3:41 PM
139	To stay peaceful and free	2/7/2024 3:30 PM
140	Community activities	2/7/2024 2:03 PM
141	Bringing it into the technological advances of the 21st century.	2/7/2024 1:06 PM
142	Revitalize downtown, maintain rural roads, increase public access. Also, access to crime reports - like a city scanner. We want to know what's going on - not sure why it's kept secret.	2/7/2024 11:47 AM
143	I believe it would be beneficial for our board of health directors to take a more proactive approach in supporting and improving our community. It seems to me that they prioritize financial matters over the well-being of the people they are meant to serve.	2/7/2024 11:06 AM
144	We don't want improvements. We like it just the way it is.	2/7/2024 10:31 AM
145	business tax breaks	2/7/2024 9:47 AM
146	The fact that women and children are still getting no protection from violence.	2/7/2024 7:18 AM
147	The growth and planning to involve a greater diversity of input	2/6/2024 8:43 PM
148	Public opinions about changes to the area we live in that is actually taken seriously and frames the changes. Being told to "just sell and move" (by a county commissioner when we opposed the substation) isn't the way to improve our county	2/6/2024 7:09 PM
149	Keep budget under control	2/6/2024 7:04 PM
150	I am happy!	2/6/2024 6:58 PM
151	More diversity and modernization. More investment in beautification and growth.	2/6/2024 6:14 PM
152	better long-range growth planning while conserving existing natural resources.	2/6/2024 3:48 PM
153	requirements on short plats and breaking off land	2/6/2024 3:25 PM
154	More businesses less property taxes more things for children to do	2/6/2024 2:43 PM
155	More activities for families and individuals that doesn't include bars or alcohol	2/6/2024 2:33 PM
156	Improve emergency medical coverage. McCammon fire station will help	2/6/2024 2:29 PM
157	Everything get the drug addicts mainly natives back on the rez where they belong	2/6/2024 1:44 PM
158	better shopping and restaurants selection	2/6/2024 1:03 PM
159	1. Require owners to Clean up residential and commercial properties with multiple unlicensed/unused vehicles 3. Require junkyards to have solid fencing rather than wire or chain. 3. Develop and enforce ordinances to restrict storing unused, broken equipment on private and commercial properties. 4. Provide monthly curbside recycling collection through the PSI waste collection service to reduce landfill input. 5. Require subdivisions to have community wells and hook up to sewer if available.	2/6/2024 12:45 PM

>Bannock County

160	Better trails, horizontal vs. vertical, better shopping.	2/6/2024 12:17 PM
161	over haul in the govenment offices	2/6/2024 11:42 AM
162	Increase access to public lands	2/6/2024 11:19 AM
163	Bring more restaurants, shopping, fun attractions, update Zoo and probably the mall too.	2/6/2024 11:02 AM
164	I honestly believe that improvements will be regarded as they're introduced and decisions made to include what everyone thinks are necessary at that time. As for right now I wouldn't change a thing, starting with the people.	2/6/2024 11:02 AM
165	Roads	2/6/2024 10:31 AM
166	Enact ordinances against solar energy projects, continue with the Portnuef River project, more shade along hiking trails	2/6/2024 6:41 AM
167	Not forget about the small towns, farms, and livelihood of those outside of Pocatello. Prices and taxes going up, nothing really gets improved, less and less use out of public facilities that our tax dollars pay for and now being charged to use those facilities with prices going up every year (Fairgrounds, rodeo grounds, arenas etc).	2/6/2024 3:11 AM
168	Better housing units, and updated apartments.	2/6/2024 2:33 AM
169	More unity with the North part of the county	2/5/2024 9:27 PM
170	Stop county soraelt	2/5/2024 9:19 PM
171	Nothing really Maybe more jobs that pay well	2/5/2024 8:45 PM
172	More employment opportunities,	2/5/2024 4:35 PM
173	Better education for moving forward, increasing tax dollars	2/5/2024 4:34 PM
174	Additional destination spots with overlooks or areas to get married in the wildlife.	2/5/2024 4:34 PM
175	Relaxed regulations in Recreational zoned developments.	2/5/2024 4:23 PM
176	Better water and energy policies - for a better future for the grandchildren.	2/5/2024 3:46 PM
177	take out turn abouts. Add another high school in Chubbuck. No more apartment buildings.	2/5/2024 3:39 PM
178	more energy efficient programs	2/5/2024 1:57 PM
179	Stay farmland and country.	2/5/2024 1:56 PM
180	Electric vehicles, electrification in general and renewable energy, foreward thinking about reducing energy, including the public in all that.	2/5/2024 1:37 PM

207	We don't need the California influence here. We are seeing too many of their ideas creeping into our county and state. Doing the same things California (CA) did isn't going to create a different result. People fleeing CA because they don't like what is happening there or coming here to change our ideas to create the same things they have in CA is only going to create another CA in Idaho (ID). We must protect our values from these influences. This is a great place to live because of the way it is, not because we are changing to make it like CA. The communities will grow regardless, so we must plan for this growth but make the developers responsible for providing basic services such as water through a central well and not 40 or 50 individual wells (each well is a potential point of contamination to the aquifer and individual wells aren't monitored). Water is gold in ID. Have you considered that the developers provide sewage treatment when there are large subdivisions going in? How about the developers provide places for schools or even build the school as part of the plan when they want to develop large tracts of land. We currently have to provide open space. We don't need to attract outside businesses or large corporations. Don't we have sufficient tax base now to run our county? If you feel that you need to manage larger budgets and that we need large businesses to move here (which themselves never seem to actually pay taxes because they are given all kinds of incentives to open shop) then maybe you shouldn't live in a small city and community. Small business doesn't get all the big benefits larger corporations get for opening shop. I've worked for large corporations and they tend to use their influence to pollute the ideology in the communities. Many policies of these corporations are contrary to our values here in ID. At first it starts as employees must be tolerant of these ideas and life styles, then each year it got more intrusive, we had to be inclusive, and then we had to justify why we weren't allies, and when I left these large corporations, I couldn't use many of the athletic facilities or restrooms due to the policies of the company. I don't buy into the victim status these social groups cry. If you don't believe me, just disagree with one of them. Here are my top concerns: 1) protect our values - keep the CA influence out of our schools, libraries, and away from our kids, And keep to our values 2) plan for growth that will inevitably occur and make it responsible growth with the developers involved to help the community too 3)Pave county roads that are currently dirt or gravel so that it is obvious to folks when they leave county land and enter private property. 4)Why does the school district need \$\$\$\$\$\$\$\$\$\$ to rebuild Highland high? What was the	2/1/2024 2:18 PM

insurance for? I went to Highland so I have some interest in this but if the school district didn't have insurance for replacement cost, that was foolish on their part. Since it would have to be brought up to code, not sure what the school district is wanting to change. Since wireless is used everywhere, adding internet wiring or other computer related wiring isn't necessary. What technology updates cost millions of dollars above the cost of rebuilding the school? There needs to be more and better information provided by the district. And why does Century high already need a larger gym? Somebody isn't acting/planning? Maybe the schools should look at how they budget and change the process related to how it is done...such as rather than waste unused budget in a given year on things they don't need, could rather apply extra money from one year towards projects/expense for another year. This probably requires a process change in how budgets run for school systems. Maybe if it was run like we as individuals have to budget, we can't just pass a bond because I want to upgrade my home or buy a new car. I have to save and/or borrow.

237	Showing fairness to the little businesses, not giving all the tax breaks to the big corporations that don't always adhere to the stipulations placed on them. Instead of repaving roads that aren't in dire need, how about paving more of the dirt roads that are more travelled than those getting repaved. Stop favoring those that dress to the hilt in the planning and zoning meetings, but issuing fair judgements to all. How about working together with title companies, realtors, so that they aren't selling land that shouldn't be sold, and then placing all blame and responsibility on the buyers, not the sellers. The title companies and realtors know the laws, not the buyers, even when they do their due diligence with planning and zoning and the buyers are still the ones punished. Clean up the city. Make it look attractive, not run down. Not just old town, but even other areas. With the rural land that so many developers are wanting to develop with new subdivisions, have them install wells that will cover that subdivision, not the people having to drill their own. Seems counter productive to have 50 wells in a neighborhood that can expose our aquifer with contaminants, as opposed to just 1. 368	Get back to the basics! We want to spend big money like on having autopsies done here instead of the MUCH CHEAPER option of just continuing to have them done in Boise. We need to take care of our present day maintenance that needs to be improved.	1/18/2024 12:12 PM
369	garbage cleanup on all the highways	1/18/2024 11:10 AM
370	Bannock County needs to take a serious long-term, proactive approach to water conservation and protection of the aquifer. Serious limitations to where septic systems may be installed and the type of septic systems that are allowable need to be implemented now to prevent contamination and ensure ample water for future generations. Directed effort in concert with ISP to shut down the "drug corridor" through our County. Better urban planning/zoning in possible annexation areas to improve the aesthetics of the County. Please stop pursuing the forensic lab. It was a good idea in theory, but it does not make good fiscal sense to continue to waste money on a project that does not save the taxpayer any money or generate the revenue necessary to offset its costs. There are more immediate needs in the County including fairground improvements, the Veterans Center and the jail. The employees are also an important asset that must be attended to in order to avoid turnover.	1/18/2024 9:48 AM

379	Your website is terrible	1/17/2024 9:30 PM
380	realize Bannock county is not just Pocatello/Chubbuck. bring more infrastructure to county outside of Pocatello/Chubbuck Stop spending millions \$\$\$ on Pocatello boondoggles, like this autopsy lab	1/17/2024 9:20 PM
381	Stop wasting taxpayer money. Be more transparent about how county money is utilized to citizens. Stop spending on unnecessary big projects like the forensic pathology lab that has not enough benefit to justify the expense. Improve winter plowing and roads on south bannock hwy that are heavily utilized areas of traffic for travels to Pebble creek and the Nordic center etc.	1/17/2024 8:38 PM

395	1 Well managed conservative growth 2 Total equity with property tax rates	1/17/2024 3:58 PM
396	Stop spending on unnecessary projects. Including pathology lab and things like extra disc golf courses and repair the damn skate park at Ross Park. It's been ruined	1/17/2024 3:49 PM
397	Better retail in Pocatello and higher minimum wage so people can afford to live. Also we need to lower cost of living.	1/17/2024 3:43 PM
398	I would like to see the powers that be listen more to the people.	1/17/2024 3:13 PM
399	Stop funding huge items like the forensics lab. Our tax dollars should be utilized to address the many other issues that impact every citizen, not poured into giant pet projects that not only don't provide a net benefit to each resident's life, but instead ends up costing residents more (a HUGE salary for forensics experts). I'd also like to see the jail receive attention, and the huge backlog of county maintenance as well. What a much better way to spend OUR money! On stuff that will impact US as a community! I would also like to see leadership in Bannock County hold themselves to higher standards. No deals for friends and colleagues, no contracts for family or friends, I would love to see the ethical bar dramatically raised for leadership in Bannock County. Do better. Be better.	1/17/2024 3:08 PM

403	No forensic lab. At first I was interested and excited about the lab. I thought that would be a help to our legal and law enforcement folks and be a credit to our county. So I asked about it and found out we the money projections were way off and we don't even get our moneys worth. Why build a multinational dollar building to save two trips a month to Boise. Quit trying to have big projects, especially when there's no money to do it, that aren't necessary.	1/17/2024 2:46 PM

>Bannock County

416	Unnecessary spending.	1/17/2024 12:07 PM
417	Cap our property taxes! Base it on the current year for residents, so we're not constantly wondering what we owe and we can all plan accordingly. Residents should not fear of being taxed out of their own homes, especially ones who have lived here all their life! Cut spending!!! Our mayor loves to spend our money on ridiculous things like granite countertops in the city building.	1/17/2024 12:01 PM
418	Overspending on schools and big projects that we don't need. For example, the forensic lab. It's cheaper to drive to Boise. We don't need to support any more parks. We have enough. We need to have a free spade for feral cats. The program is not working you have. Also, we need a humane kill shelter. Animals who are suffering are left to suffer since the shelter won't take them. I have had to take 150 cats to the shelter in the past to be put down since they would have had a terrible life starving and getting beat up and freezing. It is more humane to put them down than to starve them. It's great if you can tame them and fix them, but the shelter doesn't do that. IT is full and it doesn't take feral cats other than some to fix and let go to starve. Money could be better spent on treating animals with kindness in this county.	1/17/2024 12:00 PM
419	Fixing the old buildings, more events for community to attend	1/17/2024 11:45 AM
420	Stop spending on unnecessary big projects like the forensic pathology lab. Problems with the lab: Over \$3.5 million for a project that only saves two trips a month to Boise for autopsies. Paying a forensic pathologist over \$300,000 per year. Money could be better spent on: • Paying to complete the millions of dollars in backlogged County maintenance • Funding for the projects needed to maintain the jail • Fully funding repairs for the Bannock County Veterans Memorial Building • Continue upgrading the buildings that were allowed to deteriorate at the Fairgrounds in Downey	1/17/2024 11:26 AM
421	Lower property taxes.	1/17/2024 11:17 AM
422	Stop spending on unnecessary big projects. (like the proposed forensic pathology lab)	1/17/2024 11:15 AM
423	Much needed improvement within the county. Less spending on projects, such as the autopsy lab which requires unlimited funds. This project includes the cost of the building, supplies, resources, staff, and any further costs required. Bannock County has no business engaging in these types of purchases which will compromise the unwanted, unneeded spending in our county.	1/17/2024 11:10 AM

428	We need more labs that can improve how we investigate I love the forensic lab idea	1/17/2024 10:42 AM
429	Less spending for ridiculous things!! Forensic lab being # 1 in that list! Cmon folks....common sense please! WE CERTAINLY DONT NEED IT!!!!!! TOTAL WASTE OF MONEY!!!!	1/17/2024 10:36 AM
430	When I moved here, I complained that Bannock lacked the amenities of our neighbors to the north in Bonneville. I was wrong. Bonneville, in particular Idaho Falls, is one big corporate monstrosity. Those corporations don't care about the people of Bonneville. The people of Bonneville are a means to a profit. Let's not be that.	1/17/2024 10:34 AM

458	I see improvements in the downtown area and apartments /housing developments ... I feel restaurant quality and park/recreation options are lacking or the upkeep is not great. It starts out good and then the maintenance to keep the quality is not there. A walking path/biking trail would be great. However, in my opinion Highland High School and the plans to rebuild is most important. I realize this may not be in the purview of the Bannock County, but it will affect the way people perceive this area. If something is not done about this soon it affects everyone.	1/15/2024 1:14 PM

464	The perception of our city is run down and stuck in the past. The way to change this misconception is dress up what we have, the river that runs through our city needs a major face lift! Let's embrace its natural beauty! Our golf courses are beautiful but yet they are run like we don't care about them! Our mall is a joke why not promote new tenants with incentives to occupy space? Our city policies on littering is not working, the minute you get into our county you see litter everywhere! We have a beautiful city but it seems like we don't know how to manage it properly.	1/15/2024 7:16 AM

567	True representation for the needs of ALL Bannock County citizens. It seems to me that most of our tax dollars are spent on the urban areas of Bannock County. The drug related crime is growing exponentially. It needs to be fixed...neighborhood watch needs to be in all areas of the county. Control of planning and zoning needs to be addressed. Agricultural lands are being used for residential and businesses leasing and/or and the impact to those who chose to raise families here is mostly negative in so many different ways. Bring the Bannock Regional Hospital back or recruit a " not for profit" hospital.	1/9/2024 4:02 PM

695	Slowed growth	1/4/2024 5:59 PM
696	I have lived here my entire life farming and ranching is a way of life around here. In recent years there has been massive housing development that we can't handle. we have no resources or infrastructure for, majority of the people in the central and south region of the county can agree with me. We need to put restrictions on the big real estate corporations and developers to insure our way of living that we work so hard for isn't lost. Also another improvement that can be made is we got a mental health crisis here most the time when people got mental health issues, they turned to drugs or alcohol abuse. I feel we need to provide help services that is available to all here in Bannock County. Next for improvements here is that I feel like we have no support for the local economy which is agriculture and for the Fair I grew up with in south Bannock County. In this county I want to see support for agriculture and encourage future generations to participate in it. The fair in the south region has been here for over 100 years, I always participated in when a kid and I always help now to insure that it won't go anywhere anytime soon. I want to continue seeing improvements, rebuilding the old outdated buildings, and very much maintenance to what needs it, so I want to see more support. One more thing to add on for improvements is lower property taxes on the farmers and ranchers and raise taxes on big real estate corporations and developers who make millions and need to pay their fair share.	1/4/2024 5:59 PM

703	Stop building so many apartment complexes, suburban housing developments, etc. Instead, start approving companies to bring better paying jobs to the area in order for people to choose to stay in Bannock County, as well as improve the conditions for the people who are currently here. There are not enough jobs in the county that provide a sustainable wage, yet we seem to keep building expensive housing all over. There is almost no open space anywhere and most houses are built on top of each other. If we are running out of room, stop allowing permit to build.	1/4/2024 4:16 PM

This tends to allow illegal development ideas to materialize on an ad hoc basis. Developers, builders and engineering firms have caught on that they can try to fly ideas that do not meet zoning and plat restrictions and succeed on occasion if neighboring property owners are not vigilant.	1/4/2024 2:51 PM

2	Protecting groundwater from septic density and well density, protecting ag land and open vista's from Utah like development and keeping access to public lands and recreation. The I-15 corridor north from Malad pass is a viewscape worthy of a visual resource management plan where renewable energy projects are visually screened and not located near the interstate corridor, protecting both surface water and groundwater water quality for beneficial use, wildlife and recreation, protecting ag land and open spaces and ensuring adequate infrastructure for drinking water and sewage treatment in the Inkom and Mink Creek areas. Not allowing hilltop developments that daylights homes and increases woodland fire risks. Allowing the housing developments near Inkom in flood prone areas and shallow groundwater areas does not protect future homeowners from disaster and future liability losses.	2/25/2024 1:56 PM

101	I think probably the same thing effecting the rest of the country. Cost of housing is insane here. I never thought a house payment would cost less than rent. The people buying our properties and building tons of apartments and fragile houses and pricing them at ridiculous prices has been crazy. I also think Gentrification is starting to be a rising problem in this area as well. I'm not sure if that's a county problem through. The last thing I'd like to add here is the roads. I understand why the freeway is being updated, BUT i do think the way they have gone about it has been unforgivable. I haven't lost anyone in any of the wrecks, I haven't even know a person that was injured in any way. But when I drive around and I feel unsafe because nobody knows where to go, what to do, when to merge. It causes crazy accidents. I think there were a thousand different ways to go about it. Also it doesn't make sense to me that every road I drive on is dramatically damaged. Giants potholes that get refilled every other day (fix it right the first time and you won't have to do it again. You either spend a bunch of money once, or little bits of money repeatedly that in the end is more expensive than the one initial fix.) There are fixes that leaves huge bumps in the road as well (I know we can do better than that, I've witnessed it). Metal pipes that stick from the road in two places through town that I've seen, south end near Ross park, and down further on Yellowstone Ave. side streets are always neglected but that's common, so why aren't the busiest roads in our town being maintained? But the freeway construction that has caused a multitude of deaths and injuries is our top priority. But I also don't know what all Bannock County can control in these matters. One last thing our mountains surrounding the freeway on both sides are completely disgusting with trash, it breaks my heart seeing all the trash in our town now. Blowing through the streets, sticking in everything. Get the inmates to clean it up or organize a volunteer garbage clean up event.	2/12/2024 1:07 PM

There are vast expanses of Bannock County land where there is nobody/agency/facility to turn to for animals in need. Cities and towns use their budgets to do the best they can to cater to animals in their community, but outside their borders it's a no-man's land	2/9/2024 1:50 PM
121	Lack of progressive thinking & leadership. Just because it's been "good enough" and "always done this way" doesn't mean those mentalities will bring people/industry here and provide stable economic opportunities and benefits to our communities.	2/9/2024 11:12 AM

While the county is relatively more inclusive and open compared to surrounding counties, I believe there is still room for improvement, particularly in terms of sexual health education for our children. If parents are unwilling or unable to have open discussions about sex education and safety with their kids, it should be the responsibility of the county to provide courses that can support and educate our youth. It is important to move away from sexual shaming and religious shame as approaches to addressing these issues.	2/7/2024 11:06 AM

206	We are seeing growth and we are seeing outside influences that want to change what makes this a great place to live. I think it is ridiculous that the issue with Highland high is still not resolved, somebody isn't doing their job. Developers and professionals (such as realtors and title companies) need to be held accountable and not just in word but in action to do the right thing with property developments. Stuff like what is going on between land owners and developers in the north gate area seems like a shady deal. We don't need development if it can't be done honestly and fairly. Realtors, title companies, developers, and planning and development need to work together to ensure properties are sold legally and that it doesn't violate zoning, etc. If these four groups would work together, it seems that things like this and other issues may not become such messes.	2/1/2024 2:18 PM

222	Really high property taxes and really high rent prices. How can you expect people to want to move to this amazing county if the really high rent prices and property taxes make it unaffordable for them to do so? Something really needs to change. I know that there are people moving here from California but it's not fair to the people who live here to jack up the rent prices and property taxes to the point where a single person cannot afford to live on their own even with a decent paying job. That's completely unacceptable. I enjoy seeing new people move to the area and I enjoy making new friends with them. I would hate to see people start moving away because they've been priced out of being able to live here. Please do something to remedy this situation. How are college students supposed to go to school full time and find a way to pay \$1300 or more for rent? How are families supposed to move here and take care of their children if their property taxes or rent prices are much higher than what they can afford? This is such a beautiful place to live and it's sad when more and more often I hear people who've lived here for years say they are looking at having to move because they can't afford the steep rent prices or property taxes. There is fear of change and fear of losing what "makes" Pocatello. Pocatello has the infrastructure (two major intersecting interstates, rail, recreation, a local ski hill, access to mountains/rivers, and a great geographical location) to do much more than what it is currently doing. Unfortunately, Pocatelloans are traveling and spending money outside of Pocatello because we have failed to give reasons to spend money here. 378	keeping our culture of conservative values and goodness as this nation grows, expands and brings wicked nonsense to our communities...like putting homosexual pornography in public libraries Bannock county must focus on maintaining infrastructure, county jail especially. County fairgrounds and Veterans memorial building must be maintained	1/17/2024 9:20 PM
379	Plenty of people but not enough money staying in the county. Our people take their money to Idaho falls and salt lake because we have a lot of existing places that are run down. The city of Pocatello is not tax friendly to businesses to allow them to flourish and stay here to continue to create jobs or tax friendly to homeowners yet we get little in return (worst schools, worst roads etc) .	1/17/2024 8:38 PM
380	Portneuf Wellness Complex money pit. Needs to be sold to Investors to take over. Also Pathology Lan isn't feasible with so few autopsies in Bannock County and surrounding areas. Another money pit. Money could be used more wisely on taxes, sheriffs, and county maintenance.	1/17/2024 8:37 PM
381	Move inside bringing their nonsense from out of state with them.	1/17/2024 8:19 PM
382	Too much allowance toward "not in my backyard" opinions. Healthy, structured growth would be good. It would increase local tax base and relieve property tax rates.	1/17/2024 8:15 PM
383	I've heard that taxes haven't been raised, but with the increase in hyper-valued property the real tax is a lot higher for most folks. THIS MAY BEGIN AT THE SCHOOL DISTRICTS TO HAVE MANDATORY COURSES ON MENTAL HEALTH AND DISCUSSIONS THAT HELP STUDENTS TO UNDERSTAND THAT MENTAL HEALTH IS A PRIORITY, THEY ARE IMPORTANT, AND USING COUNSELORS AS "LIFE TIME COACHES" IS A GOOD THING TO DO. HAVE SMALL TABLES OF STUDENTS RANDOMLY SEATED (NOT WITH FRIENDS) AND HAVE THE TABLES HAVE A PAPER WITH A TOPIC THAT TABLE WILL TALK ABOUT AND TRY TO HELP FIND SOLUTIONS, RECOGNIZING THE SYMPTOMS, THE CAUSE THE EFFECT, AND POTENTIAL WAYS TO PREVENT OR HELP THE SITUATION. PERHAPS HAVE A COURSE NAME OF "LETS TALK" AND ADVERTISING THAT HELPS START CONVERSATIONS AND PROMOTE THE RESOURCES WE HAVE. DRUG AND ALCOHOL HOMELESSNESS - COST OF HIGHER CRIME RATES AND FULL TO CAPACITY JAILS COULD BE OFFSET BY INCREASED VISABILITY AND ADVERTISING THAT IF YOU FEEL THE NEED FOR COUNSELING OR REHAB, YOU SHOULD SEEK IT, IT'S OKAY. IT'S A GOOD THING. IF THERE IS COMMUNICATION AND PEOPLE CAN TALK ABOUT THINGS, IT HELPS TO TAKE AWAY THE STIGMA. IF YOU ARE NOT CONFORTABLE TALKING ABOUT IT, YOU CAN'T ADDRESS IT. UPDATED UTILITES SUCH AS RURAL INTERNET/FIBER OPTIC. I HOPE THIS IS IN THE WORKS WITH FEDERAL GRANT MONEY. IT WOULD BE GREAT IF THE PROGRESS OR GRANT RECIPIENTS WOULD LET US KNOW WHAT IS GOING ON. * WHO, WHAT, WHERE, AND WHEN. SATELLITE INTERNET'S LATENCY CAN MAKE WORKING REMOTELY DIFFICULT IF NOT IMPOSSIBLE. THIS LIMITS THE EMPLOYMENT OPPORTUNITY FOR RURAL RESIDENTS. UPDATING INFRASTRUCTURE SUCH AS BRIDGES AND BUILDINGS. - FOR COMMUNITY PROJECTS: WE HAVE SENIOR CITIZENS THAT COULD HELP PAINT CLASSROOMS, DO LANDSCAPING, CLEAN WINDOWS, ETC. WE COULD HAVE AN OFFICE FOR THE COUNTY THAT HAS PROJECTS THAT ARE AVAILABLE FOR VOLUNTEERS AND WORK WITH THE SENIORS CENTER TO GET GROUPS TOGETHER TO DO THE PROJECTS SUCH AS PAINTING CLASSROOMS. WE COULD ORGANIZE IT AS TEAMS AND HAVE GOOD COMPETETIVE GAMES. TEAMS COULD EARN POINTS FOR EACH PROJECT AND THE TEAMS AT THE END OF THE YEAR COULD GET THEIR NAME ENGRAVED ON A PLAQUE FOR THAT YEAR WITH	1/15/2024 10:23 PM

THEIR NAMES AND POINTS. MANY SENIOR CITIZENS WANT TO HELP. THEY COULD SIGN UP AS A TEAM OR JOIN OTHER INDIVIDUALS THAT WANT TO VOLUNTEER AND FORM A TEAM. THIS WOULD HELP SENIORS STAY ACTIVE AND HAVE A SOCIAL LIFE, HELPING THEM TO STAY MENTALLY SOUND AND HAVE A PURPOSE. IT SHOULD NOT BE LIMITED TO SENIORS. SCHOOLS, SCHOOL CLUBS, CHURCHES, AND BUSINESSES COULD HAVE EMPLOYEES OR ATTENDEES VOLUNTEER UNDER THEIR NAME AND PERHAPS GIVE THEIR EMPLOYEES / ATTENDEES RECOGNITION. JUST MAKE IT A FRIENDLY COMPETITION OR A WAY TO CONTRIBUTE TO THE COMMUNITY AND CREATE AN AWARENESS THAT WE "ALL" CAN HELP. BACKGROUND CHECKS WOULD NEED TO BE REQUIRED. IT SEEMS THAT WE HAVE RESOURCES AND JUST NEED SOME NEW IDEAS ON HOW TO UTILIZE OUR RESOURCES AND MAKE IT FUN. HARD WORK CAN BE FUN WHEN YOU ARE NOT ALONE AND FRIENDLY COMPETITION / COMARADERY CAN HELP KEEP US MENTALLY, EMOTIONALLY, AND PHYSICALLY STRONG. BRINGING BACK PRIDE... THE NEWS MEDIA - (PAPER, TELEVISION, AND ONLINE) MAY ADVERTISE FOR FREE IF THEIR LOGO IS INCLUDED ON SIGNAGE. PERHAPS THE COUNTY WEBSITE AND MAYBE SOME OF THE DIGITAL SIGNS COULD / WOULD DONATE ADVERTISING AND TEAMS COULD BE CHEERED ON AND TRACKED. TIME FRAMES COULD VARY OR BE SEMI-ANNUALLY.

449	Things are being done I am a social worker so I will say homelessness and Trent control The Covid money housed people. The landlords upped the rent so high to take advantage of the Covid money that now the tenant is stuck with that rent. There are 10,000 apartments being built that people can't afford. I have mothers with children that can't afford their rent they acquire late fees. She and her children end up homeless she was working and trying. I have woken staying in abusive relationships because they can't afford rent! In this State this should not happen a living wage and child care don't exist. I ask why Most of the Covid money went to the three extended stays and they are owned by the same person. This was temporary lodging now what ?? Now that IHFA Covid relief is done I fear for people that I see that are trying hard. I help as much as I can but like I said Now What?? I can't find any answers.	1/15/2024 9:04 PM

If something is not figured out about this issue- to have a functioning high school that exceeds the level of functioning this school was previously at, I will move from the area. The kids deserve a better situation than they are currently in. The future of this area depends on getting the support to rebuild/expand Highland High School. A lot of the future adults that support this town will come from this high school. They need to feel valued, wanted, and appreciated. This needs to be talked about more, and as a community, rally to support our kids. The kids have no voice/they can't vote so the adults need to advocate for and support them.	1/15/2024 1:14 PM

566	Housing Market: Rural areas are being so many out of county/state have caused the housing prices to sky rocket and our propert taxes increase. Many are selling inflated prices on homes and properties so that locals cannot afford or find housing, especially rentals! Law enforcement: We need an addition of our current correctional centers. Drug use and crime seems to be growing. Taxation monies used for improvement and maintenance: A division between funding allocation should assist all tax payers of both north and south Bannock County fairly. Urban Sprawl: From housing to shrinking agricultural area to changing the small town feel by encouraging growth in areas that do not have the resources to improve or maintain areas because of the growth. The chemicals that run off with the rain and or snow goes into the ground and contaminates our land and water supply. That is pollution and it needs to be addressed. The mule deer winter grazing grounds and sharp tail grouse. Are in grave danger from the solar panels. They will die and we will no longer have wildlife feeding grounds. Along with raising our summer temperatures and making our land dry out even fast and colder winters. I do not want to see our summer temps hit 110+ due to the heat coming off the panels and steel beams that they are on. 74	Honestly, a personal one, that could benefit many residents. I live on Buckskin, where we could really use a guardrail along the switchback. The road is starting to fall off on the steep side, which is making it so the uphill lane is getting very close to the edge in spots. There was a car that had fallen off last year, where if there was a guardrail, that may have prevented it from going off the road.	2/12/2024 10:04 AM

154	I'm happy to see that Westwood Village is seeing some new life, not sure if the county helped with that but if so, thanks! There are lots of empty buildings that seem like a terrible waste to just tear down but if the cost of bringing up to code is too much, I guess there is no alternative. Perhaps rather than bring large business or corporations here, we could partner with other cities or counties around us to bring in additional businesses so we can remain small but still benefit. Is remaining a small community a bad thing? Police what we have and cut the crime. A good place to start is ticketing speeding out-of-state drivers who don't adhere to our speed limits. It is unsafe and scary to drive on I-15 at 80mph and get passed by someone from California or Utah and they don't slow down through Pocatello. Really, isn't 80mph fast enough? They rarely, if ever get pulled over. Many of these drivers are rude and aggressive. If you want more budget, give 'em a ticket. If they want to drive here, they can start by abiding by the laws we live by as Idaho residents and if they violate it, can help pay for that privilege through a ticket. Protect our water resources by limiting development that requires individual wells. A polluted aquifer isn't good for any of us.	2/1/2024 2:20 PM
155	I am concerned about the wording of the previous question. Some people say "growth" = more building. I think growth should be about quality not quantity. We should not be building just to build. All of our building projects should be well thought out especially if building something is destroying someone else's business that it has taken them years to establish. This makes current residents have to move out of an area they have been invested in for a lifetime.	2/1/2024 11:50 AM
156	Protect us country folk from losing our way of life. Don't allow the gravel pit on siphon road to destroy our lives. You can't dump an industrial zone on us when we have been residential and agricultural.	2/1/2024 10:56 AM
157	Stay away from wind and solar power. They are both expensive and not feasible for large grid energy production. We have colder weather than Texas and their solar and windmill farms froze. In addition, batteries are reliant on rare earth minerals and other minerals that China has control over. We should be focusing on Natural Gas and Nuclear not wind and solar. Upkeep on Wind and Solar farms is hugely expensive and Bannock County should let the private sector figure things out before getting involved. Also, we should be looking at security around our grid assets.	2/1/2024 10:34 AM

320	Bannock County should be more than cognizant about taking money from outside sources to the detriment of its residents. I am aware of two expensive projects that provide little to no benefit to the taxpayers of Bannock County, without input from the taxpayers of the county. The first is this massive solar farm that will export power out of the region while leaving us with blight, I believe in Downey? Our surroundings are as God intended. A solar farm is a waste of space, does not create jobs, and merely makes money for a corporation outside of Bannock. The second is this pathology lab that keeps cropping up. I've seen no projections of actual profitability, and unless you're planning on an increase in deaths, which is an entirely morbid gambit, it makes zero sense. It comes across as money changing hands, and the voters will not forget that.	1/17/2024 10:48 AM

335	Maintaining the outdoor space and use. perhaps having a "must do" list or even a scavenger hunt. When community members or visitors want something to do they can participate in the scavenger hunt (see Salt Lake City's scavenger hunt as an example). Have a list of to-do activities to check off and having businesses contribute small items as gifts if the list has been fully completed. Example... a list of trails for mountain bikers. The trails would need to walk or mountain bike on. The participants would need to go to a vendor of outdoor or sporting goods and have the trail signed off after they completed it. Each trail would have a vendor that could question the participant and sign off on their card or punch it with a special punch. When the cards were fully completed the participant could go to a certain place (Forest Service, BLM, County Office, or vendor to retrieve a prize) Its a win, win. The cost of printing may be discounted with the printing co logo on the cards. We could make our County fun, increase visitation, increase word of mouth, and maybe if we needed to we could charge a small fee to participate. The scavenger hunt could be done on 1 weekend of a month or seasonal, or anytime, depending. Instead of trails, maybe have citizens or visitors go to small cities and take a picture of something such as the old Buckskin City Schoolhouse or the new Thomas Mercantile, or the outdoor lava hot pools. The possibilities are endless. Increase knowledge of our county and what we have to offer. Make it fun, visitors will want to come back and smaller cities could be "on the map". You may even want to include things such as the county road and bridge stockpile of sand. These are things that almost anyone can do for little money. What about a county Geocache? Advertise and promote our beautiful and vibrant county. Show people what we have and increase their knowledge of Bannock County. You are missing the boat on this and the opportunities for citizens, businesses, visitors, and most important to put smiles on people's faces. Make it memorable. Memories to last a lifetime. Oh, remember when we did that scavenger hunt? It was in Bannock County Idaho... wasn't that fun?	1/15/2024 10:49 PM

421	Actually work with the tribe building a better place to live, quit exanding the city onto the hills, expand and include the tribe, houses belong on the flats not in the hills, push the farm grounds into the desert where they should be, weather and grounds are more predictable	1/9/2024 8:56 PM
422	Bannock county needs to loosen regulations and policies on its citizens. Ex. We have more building regulations than counties 5x our size.	1/9/2024 5:21 PM
423	Allowing older citizens in our community on a fixed income to not lose their homes because they cannot afford the rising property taxes. For retired community citizens under a certain income bracket, there should be a sliding fee property tax or a tax exemption. It's not about affordable housing, it is making a system to allow those with low fixed incomes to maintain their homes and not have them taken away from them after they have paid them off through a lifetime a hard work.	1/9/2024 4:31 PM

built our lives out here and would rather see the natural wildlife in our fields and the tractors harvesting. We don't need extra heat in the summer and extra cold in the winter from the panels. How can anyone look at a picture of a field of solar panels and say this is great for the environment? It's intrusive, disrupts wildlife, uglifies our scenery and brings unnatural temperatures. Solar panels are not human friendly.

Clean up the city by making property owners clean up the front of their yards. The homes on Quinn Rd. close to the mall entrance are full of weeds and trash. Same thing on Hawthorne Rd. Solar panels are an eye sore, are not as productive as claimed and doesn't benefit the people that live here! This is pure greed to rape and pillage our agricultural and natural surroundings! This opportunist (Harmon Solar) doesn't care the ugliness they leave behind in dumping solar panels in our backyard. Tell them to put their panels in the Nevada desert! There is and has been movement to allow 5 acre and larger platted and developed lots to be subdivided to increase density in existing and developed subdivision. My neighbor should not be permitted to subdivide his platted and developed 4 plus acre lot into 2 or 3 lots to defeat plat restrictions and existing zoning requirements to increase density in my subdivision. There is no property right to blow up an existing platted neighborhood and turn it into an urban type neighborhood. We are seeing a lot of infill development, particularly in the cities of Pocatello and Chubbuck that has finally arrived. If we relax and loosen up lot size requirements in the County, vacant ground in the cities will again lie undeveloped and neighborhoods will spring up on agricultural ground and in existing platted rural neighborhoods with larger lot sizes.	1/4/2024 2:55 PM

#	RESPONSES	DATE
1	Keep the open space and rural character of South Bannock County by not allowing Utah track house development. Incentives for renewable resource development of commercial scale should be within existing public rights of ways where pristine land is avoided and visual intrusion is minimal. Housing density must have communal water supply and wastewater water treatment that doesn't exacerbate high nitrate levels in groundwater. New development must not jeopardize existing water sources as was proposed at Deer Valley up Mink Creek. Incentives for private wells, private septic to hook up to public drinking water and sewer in the ACI may help the health risks on South 5th and below the landfill contamination. No more schools allowed directly downwind of the largest emission source of Simplot.	2/25/2024 2:41 PM
2	I would like the county to become pro-growth. Planning for the future development and annexation in the comprehensive plan is a must.	2/25/2024 10:22 AM
3	I would like to see us offered more events and activities here for families	2/25/2024 9:00 AM
4	Let it grow but stay Idaho that we love	2/24/2024 11:02 PM
5	It has a bright future.	2/24/2024 12:55 PM
6	focusing growth in already dense areas rather than carving up the open space and related resources (wildlife habitat, watersheds, ag)	2/23/2024 7:24 PM
7	Instead of throwing drug addicts in jail where they are not learning to manage their addictions, the courts should mandate 30 day in-house strict rehabs that assist with housing, social security disability and other legal issues. Most people see drug addicts as lesser than. Lock them up, toss them away and throw out the key. These are human beings that require assistance. The majority of them suffer from mental illnesses or have had abusive pasts or severe trauma they have not dealt with.	2/23/2024 12:31 AM

14	realistic progress, not remain the same	2/22/2024 2:16 PM
15	When we create a comprehensive plan we follow the plan. Then people feel comfortable investing money in homes businesses and properties when the plan is being followed. Don't lose what is great about Bannock County in favor of large corporations looking for a county who has less regulation and standards to exploit. Keep our industries clean and in clearly defined areas. It isn't worth it to have jobs turn into future superfund pollution sites and ground water and air polluters.	2/22/2024 1:42 PM
16	Because we have not yet become overpopulated, we have an invaluable opportunity to integrate climate positive principles into how we develop our infrastructure. We don't have to do things the way everyone else has. We have the chance to do them better.	2/22/2024 1:20 PM
17	I would like to see Bennett County and Chavez join together. We don't need that huge building in chubbuck. What we do need is people that are homeless to take care of them	2/22/2024 7:59 AM

24	Until the internal government changes and strives for better quality the residents will be robbed and unaware of the overall loss and or impact to their community.	2/21/2024 5:37 AM
25	I think we could be a model county for managing population and economic growth, while protecting natural resources. We are small enough now that with a smart plan we can responsibly grow while maintaining environmental quality and quality of life. For example, we could capitalize on geothermal and solar energy industries/economies. These would provide energy, jobs, and educational opportunities.	2/20/2024 10:20 PM

28	county should provide only necessary services and provide them efficiently by friendly people who regard the tax payers as their bosses. We do not need all the fluff.	2/20/2024 4:57 PM
29	I would like to see an emphasis on planned growth to preserve the quality of living using the Wasatch Front as an example not to become like. I would like publicly funded renewable energy promotions like wind and solar and a plan to conserve ground water use.	2/20/2024 2:09 PM

34	Use our tax money for some new roads outside of Pocatello. Out in MV we get the shaft.	2/19/2024 9:10 AM
35	I would like to see Bannock County show some initiative, and be an example to surrounding counties of how to recharge the aquifers, and how to manage watersheds in a way that benefits everyone.	2/19/2024 7:16 AM
36	Don't focus on the minutiae, but instead, focus more on the probable impacts of policy.	2/18/2024 7:18 PM
37	Try to keep the small communities in Bannock County.	2/18/2024 6:40 PM
38	I'm concerned with the rampant growth and development. I'm fully aware that Idaho is growing, but do we have to turn all of Idaho into Ada County just to line the pockets of Utah developers.	2/18/2024 2:58 PM
39	Just hope that our community and towns and cities don't turn into the next Utah where our landscapes are covered in houses and development. Especially good farmland. Let's build houses on poorer soil that doesn't produce good ag. Houses these days are here to stay. They are permanent. Let's remember that.	2/18/2024 8:20 AM
40	We have a growing family. I would love to see a community center in Chubbuck. The owner of the Pocatello zoo mentioned how he has a hard time gaining support from the community. I don't know how you promote community unity but I think Pocatello needs it! (Maybe ask iccu) Continue to support and build new schools as the community grows (why is century so far away from the people who attend it?? I love living here- I love the mountains. I love the people. I'd love to see and help this area improve.	2/17/2024 6:52 PM
41	I would like to see it where projects can be done before another one is started that doesn't stretch workers thin. Because if certain people wether leaders or trusted friends/co-workers are not there to keep each other in line, projects will spend more money than what it's worth.	2/17/2024 3:39 PM

42	Please keep our taxes reasonable. At some point I am going to retire and I don't want to have to move because I can't afford taxes on my home.	2/17/2024 2:24 PM
43	Keep it clean. Public garbages in recreation areas and throughout. More free dump days.	2/17/2024 12:30 AM
44	I would like Bannock County to consider keeping the rural character alive as well - also looking at growth but not eliminating every Horse Pasture and hayfields for tiny packed housing. There should also be a focus on revitalizing old neighborhoods and downtown. Higher paying jobs to support the community.	2/16/2024 10:03 PM

50	I believe it's trending in the right direction and am excited to see what the younger generations can do.	2/16/2024 11:05 AM
51	Staying affordable to the locals. This region will continue to grow and attract many out of state people. We need to find ways to both welcome everyone and stay affordable. An idea would be to restrict sales of land to out of state corporations/companies and instead have a time limit (i.e. 10 yrs) as a functioning company within the state before allowing a company to buy up land or business here. I am aware this is more at a state legislation level, but this idea needs to passed up the line and considered.	2/16/2024 6:47 AM

53	I would like to see the comprehensive plan and this survey done by an outside firm that could treat the situation subjectively rather than it being smudged by the opinions and unknown objectives of the county planner who can't even keep an architectural license because of legal violations	2/15/2024 9:09 PM
54	Legalize marijuana	2/15/2024 8:32 PM
55	Forward thinking	2/15/2024 7:55 PM
56	The future of Bannock County could be good there is a lot of really good structure and zoning the only problem is if someone don't like the way its zoned or fits the rules they just change the rules to fit, they rezone it or whatever it takes so they can move forward and the development can continue regardless. Our leaders and those that represent the people need to remember why there in that position and not worry about who has the money and who will slip em a little under the table, who's taking them golfing or fishing and just do the right thing for the common good of the people and communities.	2/14/2024 8:00 PM
57	I would like to see the county get cleaned up, get rid of the drug dealers and programs for the inmates with addiction problems and mental health problems.	2/14/2024 5:39 PM

69	Slow limited growth with conservative fiscal responsibility.	2/13/2024 4:56 PM
70	We need the County and Cities to work together. Our building department in Pocatello needs to be proactive in helping their builders want to building in Pocatello rather than finding ways to build in the County or Chubbuck.	2/13/2024 4:53 PM
71	Control growing	2/13/2024 4:17 PM
72	I would like to see smart growth in the county. We have many people moving from other states and they forget when they move here why they moved from their previous state. As a real estate agent, I want to see growth but also want to see us preserve what we currently have and not get distracted with all the new and forgetting about the people already here living in the county. We need to take care of what we already have. As a citizen that takes the Portneuf exit every single day we have a real big problem with garbage from the trucks going to the dump every day. It is disgusting to see so much garbage littered all over the area/interstate/roads. You cannot make a great 1st impression twice and we could do better at making Bannock County more attractive for visitors and those of us who have great pride in the county.	2/13/2024 4:08 PM

76	I love my home and I will probably never leave, and I'm excited to see the changes that are made, and hopefully we will see changes happening soon. I know not every request can be answered, but hopefully the county will chose things that matter more to the people and will truly benefit the community.	2/12/2024 1:12 PM
77	2 things 1. don't have the attitude of we've always done it this way so we can't change, and 2. don't just be car centric people walk, run and ride on the roads, make them save for those people	2/12/2024 9:32 AM

80	I'd like to see smart growth, where business owners don't block other businesses from coming in. I'd like to see affordable housing that supports young families and which has amenities, like parks and playgrounds, an expansive green belt, maximizing our riverfront, bring more music to our town.	2/11/2024 6:26 PM
81	I would love to see bannock county act as whole instead of focusing on mainly the bigger towns. The other towns in bannock county are put on the wayside when they make decisions.	2/10/2024 7:53 PM
82	We can have growth without the massive building and deteriorating of the reason most of us love about living in a safe and friendly county	2/10/2024 6:51 PM
83	I would like the county to continue working on being pet friendly. It's nice to have nature areas to walk my dog and it would be nice to have more apartments that are accepting of animals	2/10/2024 12:58 PM

102	There appears to be a lack of sufficient funding and attention given to sexual health in Bannock County. While the county is relatively more inclusive and open compared to surrounding counties, I believe there is still room for improvement, particularly in terms of sexual health education for our children. If parents are unwilling or unable to have open discussions about sex education and safety with their kids, it should be the responsibility of the county to provide courses that can support and educate our youth. It is important to move away from sexual shaming and religious shame as approaches to addressing these issues.	2/7/2024 11:06 AM
103	People here living in small towns like the small town feel. Please don't turn our small area into another California! 143	Leave rural areas alone and if there needs to be a change see about changing it for that person but don't push it on to the rest of us. We live and raise animals for a reason. With out agriculture we soon will have no fair or food on our tables or a place for our kids and grandchildren to come and enjoy or live	2/3/2024 9:55 PM
144	I would love to see Bannock county prioritize community building over business ventures	2/3/2024 3:02 PM
145	I would love to see our way of living not destroyed and support, help, and grow of our local economy which is agriculture. Fix the mental health crisis that is here in our community and fix existing paved roads and quit paving dirt roads that are fine. I would like to see support for our beautiful fair down here and promote the younger folks to be farmers and ranchers. It's more important to feed a population than it is to house a population.	2/3/2024 2:38 PM

156	Keep it small, keep it safe, keep our values, keep it rural, and be fair. One additional item that I forgot to mention is regarding the potential for a solar farm near Downey. They shouldn't be granted any tax breaks. These are large rich businesses and can afford to invest in their expansion. Small businesses don't get that advantage. The energy produced should be used here in Idaho or if other states want some of it, they should pay for it including additional fees that help Idaho or Bannock county since we will be the ones who deal with the environment the solar farm will create. Maybe they can help pay for paving dirt roads throughout Downey and Arimo Areas of Bannock county.	2/1/2024 2:20 PM
157	I really would like to reiterate quality over quantity. Let's not force one population to move out just to welcome a different population to come in. The population coming in could have a negative effect on us, such as increased crime, more taxing on our resources, etc. Let's make what we have shine, not expand just for the sake of expanding.	2/1/2024 11:50 AM

169	I think that your highest priority needs to be making the county a more affordable place for people to live. This county has a lot of potential and a lot to offer people who want to move here. If you can solve the problems of really high rent prices and high property taxes and reduce them to where they are affordable you will see an increase in the number of people who want to move here and an increase in the happiness of those who call this county home. If you fail and the prices continue to rise higher and higher then you'll see lots of people starting to move out of the area and then this once flourishing county will dry up and become a mere shadow of what it once was. I don't want to see this county turn into ghost towns so I hope you'll find a way to make this a more affordable place to live.	1/30/2024 6:07 PM

179	Keep it small, keep it rural. We DON'T want to become like SLC. We've seen an increase in crime with the expansion in Chubbuck. We Don't need this. We don't need California's influence here. They go against what Idaho stands for. Don't give in to them. Pay attention to all the needs in Bannock County, not just those in the city. Seems kind of crazy that Pocatello City will not service the rural areas for trash pickup, they have to rely on a company from ID Falls. You want the money to stay in Bannock County, then make it happen. Don't ignore "The County". Bannock County, Pocatello and Chubbuck have several existing facilities that are empty. Refurbish those, help companies move into these places without the crazy expense that has been rumored about with other buildings that companies move into (ie Olive Garden). Clean up the poor sections of town. Why let these dilapidated buildings stay the way they are. Focus on improving what we have now, rather than building new. If the building is a health hazard, get them removed, and clean up the building site. It's great that Pocatello has all these nice recreational places to go to. Did you know Downey has a splash pad that isn't really functional. Wow! Help them out. Especially since the Bannock County Fair is held in Downey. Maybe more focus could be placed there in helping their commerce. Don't let Highland High pass any bonds. Didn't insurance cover the fire to rebuild? Why do we have to be taxed for their greediness. Why should any high school or other public school be allowed to have bonds that tax payers have to pay for? Doesn't our state cover what they are asking for, like pay raises? Why should the school boards demand higher pay? They don't deserve that. They don't do that much to demand higher pay. Whatever happened to serving one another?	1/29/2024 6:26 PM
180	I urge the county to take positive action with the homeless community. We cannot have non housed people out on the street struggling. We need to make sure we're providing college students with affordable and reasonable housing.	1/29/2024 6:02 PM

182	I feel growth in general is inevitable but the big picture will be is to what extent/ where/ at what cost. I feel growth in "city" areas need to be expanded and not the "farming" areas. I see that cities in the south east area need attention when it comes to growth I.E. medical, rentals, grocery/shopping. I think that there needs to be more emphasis on promoting business growth in those areas.	1/29/2024 2:12 PM
183	I would like to see the the County and City's working together to help preserve our open spaces and keep commercial development within city limits. Bringing commercial development into agricultural/rural/open spaces has a greater environmental impact than many realize.	1/29/2024 10:55 AM

There is a huge and successful model to follow with the stormwater management MS4 program - the state, cities, ISU, and others are focused on the overarching good of the area without the silos.	1/27/2024 10:46 AM

314	Housing growth should be the main focus especially in areas south of Pocatello. The growth currently happening in areas like Inkom is ruining our roads, water wells, water quality, and results of too much growth too quickly! The ONLY people benefiting from this kind of unchecked growth are out of town or out of state greedy developers.....and because most are not local, they could not care less about possible consequences/ramifications for the rest of us who've lived here our entire lives! Growth is inevitable, but not the kind of unbridled, get rich quick we've been experiencing! COMMON SENSE PLEASE!!!	1/17/2024 10:49 AM
315	I would like to see Bannock County shift their focus to their people. Reject selling out to special interests, but especially those that don't live and work here. I would like to see more public input requested, and not just in Survey Monkey. I would like to see County representatives out meeting people, and not just big donors. The people. Asking what their goals and concerns are. Finally, being a good steward of the labor of the public. Money is increasingly worth less and the county must respect that. How can the county be better stewards and not look at their job as a reelection bid?	1/17/2024 10:48 AM

336	Re: the growth points above.... Are people really flocking here? If you want to see growth there needs to be something that draws people. At the bare minimum some conveniences that are valued and not offered elsewhere. I was surprised an Olive Garden went in when there's already one in Idaho Falls. So after Highland High School is figured out, higher quality shopping and restaurants, or even an upper scale fast food place like In n Out would bring people here- to travel or stay. Walking/biking paths would be a draw as well.	1/15/2024 1:16 PM

367	Bannock County misses far too many opportunities. We need to actively recruit businesses that want to leave other areas to ours. I do not feel that tax breaks such as increment. Financing are the answer but perhaps infrastructure upgrades could be.	1/13/2024 1:28 PM
368	Don't promote growth too much by cutting taxes for business. People work online anyway. Promote more ISU games and activities to the community so kids have things to do and go to college.	1/13/2024 10:30 AM

380	Affordable housing was mentioned, but I'd also like to see affordable housing for young adults who are not in college. We don't really want to live in crowded housing with roommates near the college we are not attending, but we also cannot afford to live at places like the Northgate Apartments. Housing with adequate storage/closet space and kitchen space, maybe a balcony or a little lawn without all the fancy access to hot tubs, pools, and whatever else that makes the apartments unnecessarily more expensive. Also planning space for schools and parks within the expansion plans/zones. A thriving neighborhood is more than houses and streets.	1/12/2024 3:55 PM

386	Zoning for hi density housing	1/12/2024 7:31 AM
387	Bannock county is one of the most expensive counties in which we've lived. We have been to SC, AZ, GA, NM and FL to recognize that those counties were incredible with accountability with taxpayers money. We knew where every dollar was spent, and were happy to pay our taxes as such. The property taxes in Bannock County specifically, have hurt the average County residents. They are far too steep for many who still live in what's considered National poverty.	1/12/2024 12:26 AM
388	Pocatello has dropped in size from the 2nd largest city in Idaho to the 7th largest in size in the state during the past10 years while comparable cities all around us , Idaho falls , Twin Falls , Logan, and others, have been booming (Check the growth factors) . This is a leadership problem of all the combined administrartions in this area . The businesses , industries, and commercial development all follow THE MONEY. We need more higher paying job growth. . More promotion. More citizen input, etc, We have the resources but we are not using the and being assertive . We have had many successes and that is great,however, the competition, the advancements, and the growth of all of Bannock County, must improve or we will not keep pace with those around us .	1/11/2024 9:43 PM

396	Reorganization needs to occur at the fairgrounds and Wellness Complex. Divide it and have a smaller crew for each. Consistently removing the snow for walkers would also be appreciated! Huge turnover means more management.	1/10/2024 10:39 PM
397	Our downtown and neighborhoods up against city Creek should be high quality places that attract home buyers. This area has so much potential and the city needs to try to find an ethical way to fix it. I'm not sure if that exists.	1/10/2024 10:07 PM
398	A place where residents want to contribute their communities and make it a better place to live and they can because both parents don't have to work 2 jobs just to pay taxes and are fed up with the government over reach into families.	1/10/2024 6:49 PM

406	I would like to see property taxes lowered, we have some of the highest property taxes in the state.	1/9/2024 5:21 PM
407	I would also like to see less invasive regulations regarding those who are seeking to open daycares, preschools, etc. Pocatello city policies are oppressive and aligned with socialistic thinking more than constitutional thinking.	1/9/2024 4:31 PM

Bannock County

408	I love living in Bannock County, I would love to see our property taxes decrease!	1/9/2024 2:39 PM
409	People in Bannock County want a pleasant place to live. We don't want another Boise, Salt Lake or Chicago here.	1/9/2024 1:20 PM
410	There should be buffer zones between subdivisions and land used for livestock maintenance or production etc- even if it's just a small farm. Bannock CT allowed a fair size subdivision right next to full operating cow/calf ranch even after most folks here asked BC to help prevent this at last survey time. Developers can be made to provide SOME open space between actual houses and the ag/animal production land with little impact on their profits. Still - BC Must encourage Open Space to protect the beauty , wildlife and land for EVERYONEs benefit.	1/9/2024 11:28 AM
411	My final thought is run these OUT OF STATE solar panel companies out of dodge before they do harm and damage to our land and community!	1/9/2024 10:49 AM
412	The future of Bannock County is development. Increased tax base reduces taxes overall. Please focus on economic growth unique to counties, as well as services to the smaller towns and south county.	1/9/2024 9:54 AM

419	Thank you for your efforts.	1/8/2024 6:59 PM
420	I would like to see development done in such a way to preserve open spaces, protect natural resources, and provide for good wildlife habitat.	1/8/2024 5:23 PM
421	Like to see growth that is conducive to a rural lifestyle.	1/8/2024 3:43 PM
422	Stop developing in rural areas, stop letting big realtors buy up all the land making it to expensive for everyone else	1/8/2024 3:17 PM
423	Have its own identify other than just where Pocatello is.	1/8/2024 1:33 PM
424	Better paying jobs	1/8/2024 1:32 PM
425	The county and city officials working more cohesive together. Also I feel it would be more advantageous to charge fines for violating county ordinances with junk/unkept as well as make shift structures on properties and or acreages within the county instead of numerous charges and high cost permits when making improvements to or building legit buildings on our property.	1/8/2024 12:15 PM
426	Better employment	1/8/2024 8:55 AM
427	Mayor Blad must go, IF we genuinely care for ALL residents of Pocatello.	1/8/2024 8:46 AM

429	Controlled development	1/7/2024 10:40 PM
430	Consider the rural areas that want to stay rural. We don't have the services or schools to support unchecked growth.	1/7/2024 10:27 PM
431	Stop with the development in the south end of the county. We are not a city, nor should we become one. Nor should we build a solar farm that will sell the power to foreign countries.	1/7/2024 7:59 PM
432	Keep solar farms out, limit subdivisions thus enabling lower tax rate in existing place to local, homegrown folks can afford to keep them!!!	1/7/2024 7:46 PM
433	My biggest complaint is rural bannock county seems to be left out when it comes to certain amenities. I live in Arimo and having to drive over sixty miles round trip to the dump is	1/7/2024 6:59 PM

ridiculous, and being charged to do so. How many times do taxpayers have to pay for this dump? I pay county taxes, I pay for garbage collection and I have to pay to use the dump.

442	Protect the night sky with commercial lighting regulations. Example, new storage sheds in inkom. Obnoxiously bright.	1/6/2024 6:38 PM
443	I'd like to see more independent businesses moving in and property to be affordable to people who are employed locally.	1/6/2024 5:47 PM
444	Keep it simple. No solar farms to decrease value of surrounding places, nor harm ones health. Keep taxes low enough that people on fixed incomes don't lose their places due to higher taxes due to exorbitant new homes in subdivisions.	1/6/2024 4:57 PM
445	Affordable housing for lower middle class people who provide the grunt work of service jobs for the richer people need to be addressed. Developers and Property owners have priced housing out of the reach of these individuals and the Bannock Commissioners & Cities councils have not played a part in solving this issue.	1/6/2024 2:15 PM

456	Stop allowing new houses to be built that will require well water - without doing a water table study outside city limits. last study was done decades ago and water table is dropping due to new wells. The ground has to be able to support new builds.	1/5/2024 7:48 PM
457	I don't want to see the County stuck in the stone ages, but there needs to be an effort to conserve the agricultural aspect as well	1/5/2024 7:47 PM
458	Cleaner, safer, community reflecting who we are.	1/5/2024 7:38 PM
459	Growth that bring long term jobs to our area is great. But rezoning our farming community to put in solar panels or anything that will harm our property values, health well being or wildlife needs to stop and not even be considered.	1/5/2024 7:07 PM
460	Planning and Zoning procedures need to be simplified and updated. The process to adjust a lot line in a subdivision (replatting a whole new subdivision) is cumbersome and costly.	1/5/2024 5:31 PM

478	I would like to see the people that have lived and grown up here be able to afford to live well here	1/4/2024 7:41 PM
479	To recap, more support and interest in the southern part of the county.	1/4/2024 7:24 PM
480	Just better affordable housing.	1/4/2024 6:28 PM
481	Bannock County was the perfect place to live before all the developers started selling off land and subdividing. I understand there will always be growth but it's been too fast and too much.	1/4/2024 6:06 PM
482	I would like to see a future that my kids and grandkids can enjoy. I want to make sure that agriculture doesn't go anywhere anytime soon, I want to see a fixed mental health crisis, lower property values and taxes, restrictions on big real estate corporations and developers, and to have support for the local economy which is agriculture and the fair in the south Bannock County region	1/4/2024 6:03 PM
483	Keep Bannock county more rural.	1/4/2024 6:02 PM
484	To retain proper community balance	1/4/2024 5:54 PM
485	I see the future as one of two possibilities: 1. Common sense growth looking ahead for what's best for people, water, and land!.....or..... 2. Current mentality which is allowing developers to get rich at the expense of the rest of us. Water issues, road issues, pollution, and the inevitable destruction of a way of life because common sense was not used!!!	1/4/2024 5:20 PM
486	Less taxes	1/4/2024 5:11 PM
487	I would like to see some pride and beautification in Bannock County. When people cruise by on the interstate, they should see trees, and clean roadways free of trash and debris. Buildings that are rundown should either be torn down or renovated, and those that are empty are a perfect opportunity to build new businesses for the area. There is also not much shopping in Bannock County, I find myself driving to Idaho Falls or Salt Lake just to visit a clothing store!	1/4/2024 4:34 PM
488	I would like to see positive intentional growth. Zoned areas planned and protected by quality planning zoning. Kind of an FYI "conditional use" is a lack of quality planning. Plannig and zoning should be done as in professional standards and practices with an eye to the future	1/4/2024 4:07 PM

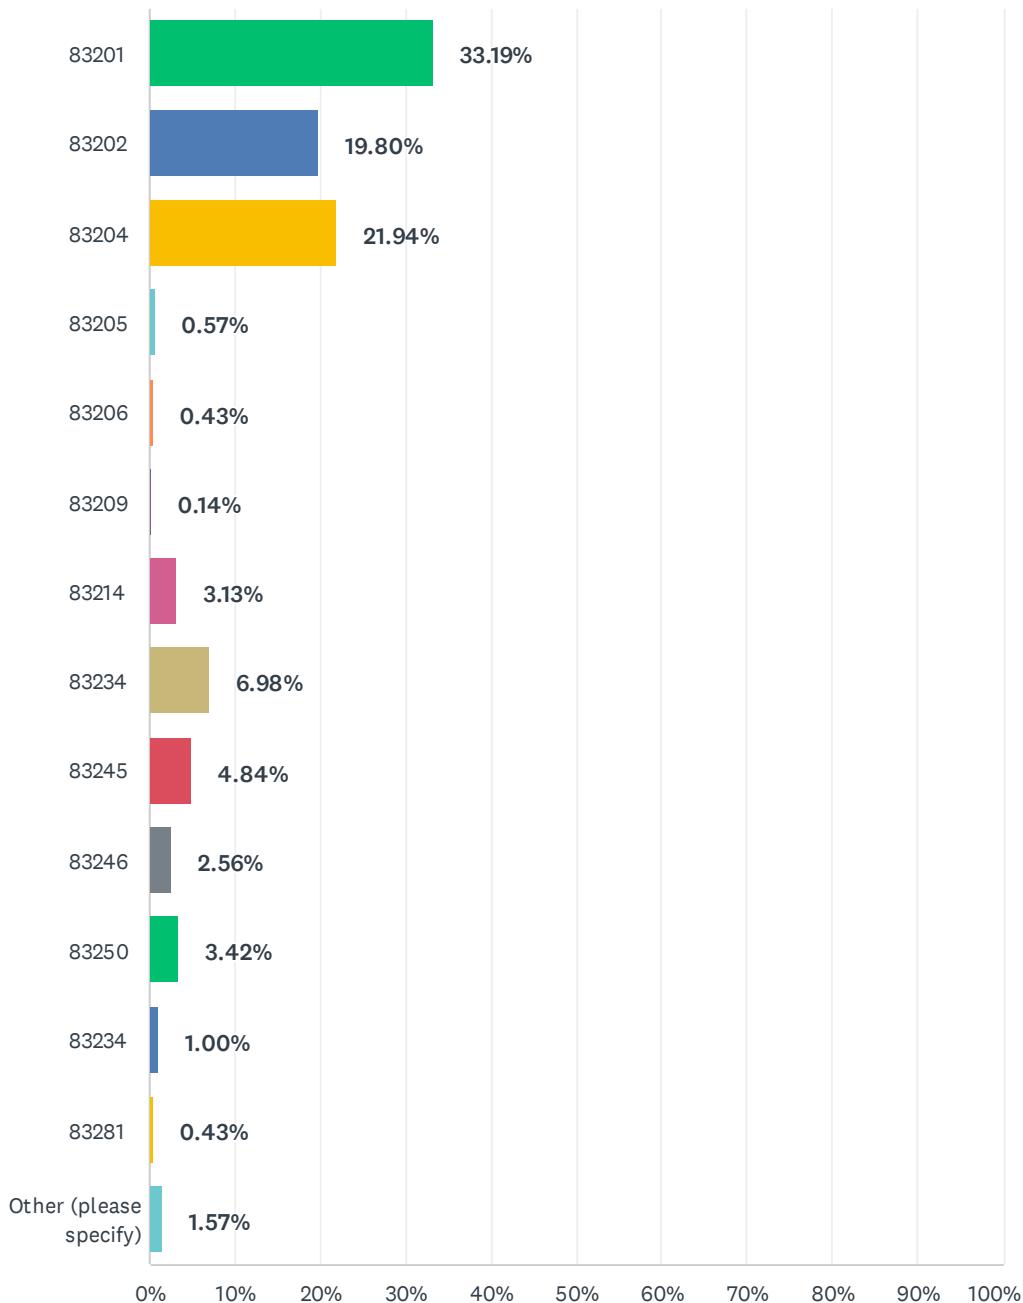

>Bannock County

good of the community, Simple example is NorthGate, a basic version of a quality plan-growth. Why did Idaho Falls/Ammon grow so much the past two decade! more of a statement than a question. When Pocatello/ Chubbuck Bannock County didnt,, „lack of Foresight

489	Affordable youth activities	1/4/2024 3:22 PM
490	I would like to see Bannock County remain rural during my lifetime. Natural growth outward of cities like Chubbuck and Pocatello is inevitable, but they have the infrastructure to handle water and sewerage demands of more dense development. To cut lot size restrictions as they are currently required and as they have been required in the past simply allows uncontrolled increases in density of development without regard to water quality, water quantity, safe distancing of septic systems from well heads, and habitat for existing wildlife with which we share this county,	1/4/2024 2:55 PM
491	I would like to see a more balanced tax burden.	1/4/2024 2:47 PM
492	More support and help for mental illness.	1/4/2024 2:19 PM
493	Beautification be priority	1/4/2024 2:18 PM
494	To be More supportive of Growth with additional, affordable housing, and Creating Job growth through Increasing areas to shop, eat and play, keeps Bannock County's money and interest in Bannock County.	1/4/2024 2:14 PM
495	I WOULD LIKE TO SEE BANNOCK COUNTY CONTINUE TO GROW AND CHANGE FOR THE BETTER.	1/4/2024 2:07 PM
496	More jobs	1/4/2024 2:07 PM
497	Please stop urban sprawl	1/4/2024 2:05 PM
498	None applicable	1/4/2024 2:03 PM
499	Personally, I live on a well and septic system what scares me the most is having all this new housing coming in and my well is going to run dry, due to so many others pulling off the same as mine. Last thought. We already are having issues with our jail system as far as finding staff in the jail but also patrol. More people means more crime in turn will need more police force	1/4/2024 2:03 PM
500	I would like to see everyone take more pride in living here,	1/4/2024 1:56 PM
501	more big businesses, less property taxes.	1/4/2024 1:56 PM
502	the county needs a recreation department	1/4/2024 1:32 PM
503	Keep taxes lower & More affordable. New people moving in & building mansion jack tax price above what home grown folks on normal incomes may be able to afford.	1/4/2024 1:25 PM
504	With Bannock County being the junction between I-15 and B I-86 we should be a County that is a hub for many occupations and also we have lots to offer in sportsman activities and should utilize these things as attractions to Bannock County.	1/4/2024 12:48 PM
505	Taxes need to be more in line with other communities in Idaho.	1/4/2024 12:35 PM
506	I hope that we can learn to help others with our good fortunes and make the county better for everyone here, regardless of where they come from or where they want to go. Bannock has been my home and my sanctuary, and I wish it was the same for others.	1/4/2024 12:33 PM
507	Growth is inevitable as out of staters move to Idaho. Managing the growth for the good of the entire community is imperative.	1/4/2024 12:08 PM
508	More integrated public transport	1/4/2024 11:59 AM
509	Better sites to reflect what receptions are available to go to.	1/4/2024 11:55 AM
510	I would be interested in talking with a commissioner about a multi use recreational building with a dirt floor. It would be an income for the county and provide a need that is missing.	1/4/2024 10:36 AM
