**- JASON C. DIXON -**

Clerk of the District Court – Auditor – Recorder

July 23, 2025

To the Board of County Commissioners  
And the Citizens of Bannock County, Idaho:

State law requires that all general-purpose local governments with an annual budget that exceeds two hundred fifty thousand dollars annually submit a complete set of financial statements to the legislative council. The financial statements must be presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Annual Comprehensive Financial Report (ACFR) of Bannock County, Idaho ("County"), for the fiscal year ended September 30, 2024. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

WIPFLI, LLP a firm of licensed certified public accountants, has audited the County's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2024, are free of material misstatement. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended September 30, 2024, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The MD&A is designed to complement the letter of transmittal and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

### **Profile of the Government**

Bannock County is located, geographically, in the southeast corner of Idaho, about midway between Salt Lake City, Utah and the west entrance of Yellowstone National Park. Bannock County was established on March 6, 1893, being formed out of what was then the southern portion of Bingham County. The most current population estimate of Bannock County is 90,400. The majority of the County's population resides in the county seat of Pocatello, with a population numbering over 58,000.

A three member elected commission with overlapping terms governs the County. Responsibilities of the County Commissioners include passing ordinances and resolutions, adopting the budget, and appointing the heads of various departments. Other elected officials within the County are Clerk/Auditor/Recorder, Assessor, Coroner, Prosecutor, Sheriff, and Treasurer.

The County provides a full range of services under its general governmental functions. These services include public safety and protection, sanitation services, health and social services, culture and recreation, road and bridge construction and maintenance, planning and zoning, and general administrative services. Also included are services related to property assessment, budget development and administration, financial management, tax collection and investment of County assets, judicial administration, public records management, elections administration, and jury management. In addition, sanitation, emergency communications services, and Bannock County Events, are provided under an enterprise fund concept, with user charges providing revenue to pay operating expenses.

The County Commission is required to annually adopt a final budget by no later than the second Monday in September. This annual budget serves as the foundation for Bannock County's financial planning and control. The budget is prepared by fund, department, activity, and object. Each elected official and department manager submits, for approval, a budget request of operating and capital expenditure appropriations to the Bannock County Clerk. The Clerk submits to the Board of County Commissioners such department requests including an alternative recommendation, if needed, as the Clerk is obliged to provide possible funding sources to the Board with such recommendations. The Board then considers and contrasts or modifies such budget considerations for public hearing before approval. In addition, the County maintains ongoing budgetary controls throughout the operating year. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual adopted budget process, Idaho Budget Statutes, and Federal Regulation. Activities of the federal, special revenue, and enterprise funds are included in the annual appropriated budget.

The adopted budget is then integrated with the County's accounting system to ensure reasonable and timely management control over spending throughout the year. The amount of budgetary control (level at which expenditures cannot legally exceed the appropriated amount) is established for personnel services and other charges and services (including capital outlay) at the department level for the General and Justice Funds. All other funds, except for emergency expenditures as defined by Idaho Code 31-1608, are managed and accounted for at the fund level. Final budget amounts are as originally adopted or as amended either by judicial order or through scheduled budget hearing procedures for receipt of unanticipated revenues as allowed by Idaho Statute.

The County does not utilize encumbrance accounting.

During the fiscal year, the Board of County Commissioners may amend the annual appropriated budget by unanimous resolution in case of an emergency, through the courts, or by the budget hearing process. The appropriated budget can only be increased by an amount equal to unanticipated revenues. In no event can property taxes be increased. Management at the departmental level does not have authority to amend the budget.

The accompanying ACFR includes the financial activities of the County. The County has no component units.

## **Local Economy**

Bannock County is diverse in an economic sense and has tended to remain more resilient during major economic shifts, in part, because of that diversity. Pocatello is the home of Idaho State University, one of Idaho's four principal universities. This factor and other unique geographical features have served to allow the Bannock County area to be an economic, recreational, and cultural hub of Eastern Idaho.

The government sector provides many jobs to the Bannock County area with agencies such as Idaho State University, the Idaho Women's Correctional Facility, FBI, US Federal Court House, US Forest Service, BLM, Idaho Fish and Game, and local cities and school districts. Bannock County is benefiting from expanding research and energy programs at Idaho State University and ON Semiconductors. Our FBI facility has recently expanded and plays a key role in our economy.

As of September 30, 2024, local unemployment is 3.9 percent while the state average was 3.8 percent; both were lower than the national average rate of 4.0 percent. Major industries with headquarters or divisions located within the County or in proximity, include fertilizer and chemical manufacturers, computer microchip manufacturers, and producers of electrical utility services. The federal government also has a major economic presence in the area, with the Idaho National Laboratory (INL), the largest employer in southeastern Idaho.

## **Long-term Financial Planning**

Bannock County is conservative in its approach to budget and operations. Ongoing costs are covered through annual revenues and reserves are used for capital and one time purchases.

Current major projects include continued work at our landfill on groundwater remediation, cell expansion, and gas wells in existing cells. The landfill projects are associated with ensuring clean water utilizing remediation methods, expanded use through cell expansion and revenue growth for the methane gas production with gas well drillings. During fiscal year 2025, State and Local Fiscal Recovery Funds will continue to be expended on a communications microwave project, multiple remodels that have been needed, fair building, security upgrades, and a new building for our event center and Intensive Supervision Probation program.

## **Awards and Acknowledgments**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Bannock County for its annual comprehensive financial report for the fiscal year ended September 30, 2023. This was the thirty first consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. It is believed that the current annual comprehensive financial report continues to meet the Certificate of Achievement requirements and will be submitted to the GFOA to determine its eligibility for another certificate.

In closing, a brief recognition is in order for the fine work and exceptional efforts put forth by my auditing staff. This dedicated staff is first rate and highly regarded. Their dedication remains a real benefit to the County and our ability to serve and safeguard public assets successfully. This report, while significant in scope, is but a small reflection of the many hours given to assure the success of this document and our continued commitment to providing a professional level of services.

This annual financial report for Bannock County is, hereby, offered to the Board of County Commissioners, interested parties, and the citizens of Bannock County for their consideration.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'J. C. Dixon', with a long horizontal flourish extending to the right.

## **Independent Auditor's Report**

Board of County Commissioners  
Bannock County, Idaho  
Pocatello, Idaho

### ***Report on the Audit of the Financial Statements***

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Bannock County, Idaho (the "County"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Bannock County, Idaho as of September 30, 2024, and respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bannock County, Idaho and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bannock County, Idaho's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bannock County, Idaho's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bannock County, Idaho's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that a management's discussion and analysis and the budgetary comparison information, and other required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining balance sheet, combining statement of revenues, expenditures, and changes in fund balances, schedules of revenues, expenditures, and changes in fund balances - budget and actual, combining statement of net position nonmajor enterprise funds, combining statement of revenues, expenditures and changes in net position nonmajor enterprise funds, combining statement of cash flows nonmajor enterprise funds, combining statement of fiduciary net positions, and combining statement of changes in fiduciary net position, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections and the schedule of expenditures of federal awards but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 23, 2025 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Bannock County, Idaho's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

As management of Bannock County, we offer readers of Bannock County's financial statements this narrative overview and analysis of the financial activities of Bannock County for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page 1 of this report.

### Financial Highlights

- The assets and deferred outflows of Bannock County exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$139,256,207 (net position). Of this amount, \$66,662,885 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$15,975,590.
- At the end of the current fiscal year, total fund balance for the General Fund was \$29,591,616 or 124 percent of total General Fund expenditures. These are being accumulated for a large building project.
- Employee health insurance expenditures came in \$296,611 under budget.
- Bannock County allowed 64 percent of the \$4,276,637 State Revenue Sharing money to be allocated to the Justice Fund to help meet expenditures.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Bannock County's basic financial statements. Bannock County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of Bannock County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of Bannock County's assets, deferred outflows, liabilities and deferred inflows with the differences reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Bannock County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Bannock County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of Bannock County include general government, public safety, road and bridge, health and welfare, culture and recreation, agriculture, and legal and judicial. The business-type activities of Bannock County include Solid Waste, Emergency Communications, Forensic Pathology and Bannock County Events.

Bannock County has no component units.

The government-wide financial statements can be found on pages 21-22 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Bannock County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Bannock County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Bannock County maintains twenty-three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Road and Bridge Fund, Justice Fund, Ambulance District Fund and Grant Funds, all of which are considered to be major funds. Data from the other eighteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Bannock County adopts annual budgets for most of its governmental funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 23-28 of this report.

**Proprietary Funds.** Bannock County maintains only one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Bannock County uses enterprise funds to account for its Solid Waste, Emergency Communications, Forensic Pathology and Bannock County Events. Bannock County uses no internal service funds.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Solid Waste, Emergency Communications, Bannock County Events and D6. The Solid Waste Fund is the only major enterprise fund.

The basic proprietary fund financial statements can be found on pages 29-32 and pages 101-104 of this report.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support Bannock County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 33-35 of this report.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 36-58 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Bannock County's budgetary reporting. Required Supplementary Information and pension schedules can be found on pages 59-69 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and additional fiduciary statements are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 71-100 of this report.

### Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Bannock County, assets and deferred outflows exceeded liabilities and deferred inflows by \$139,256,207 at the close of the most recent fiscal year.

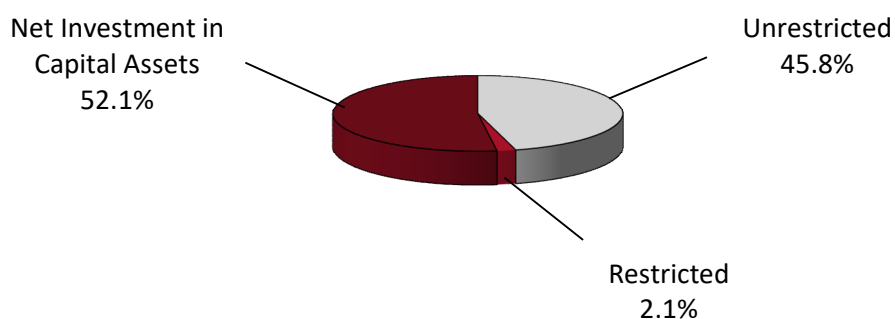

One of the largest portions of Bannock County's net position (52 percent) reflects its net investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure, and right of use assets), less any accumulated depreciation/amortization and related debt used to acquire those assets that is still outstanding. Bannock County uses these capital assets to provide services to citizens. These assets are not available for future spending. Although Bannock County's investment in its capital assets is reported net of related debt, it should be noted that the resources to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The majority of Bannock County's net position (52 percent) is net investment in capital assets. Restricted net position, which include grant restricted funds and funds held for minimum balances, is \$2,906,270. The remaining balance of \$63,756,615 is unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

#### Government Net Position at 2024

At the end of the current fiscal year, Bannock County is able to report positive balances in both categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

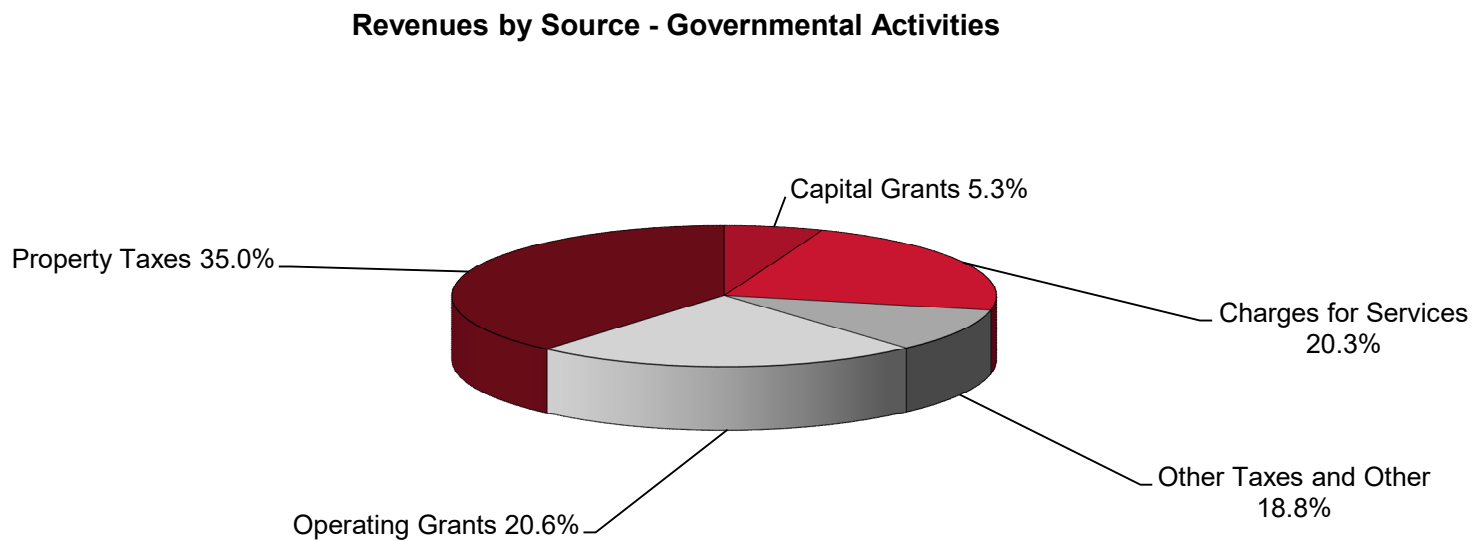

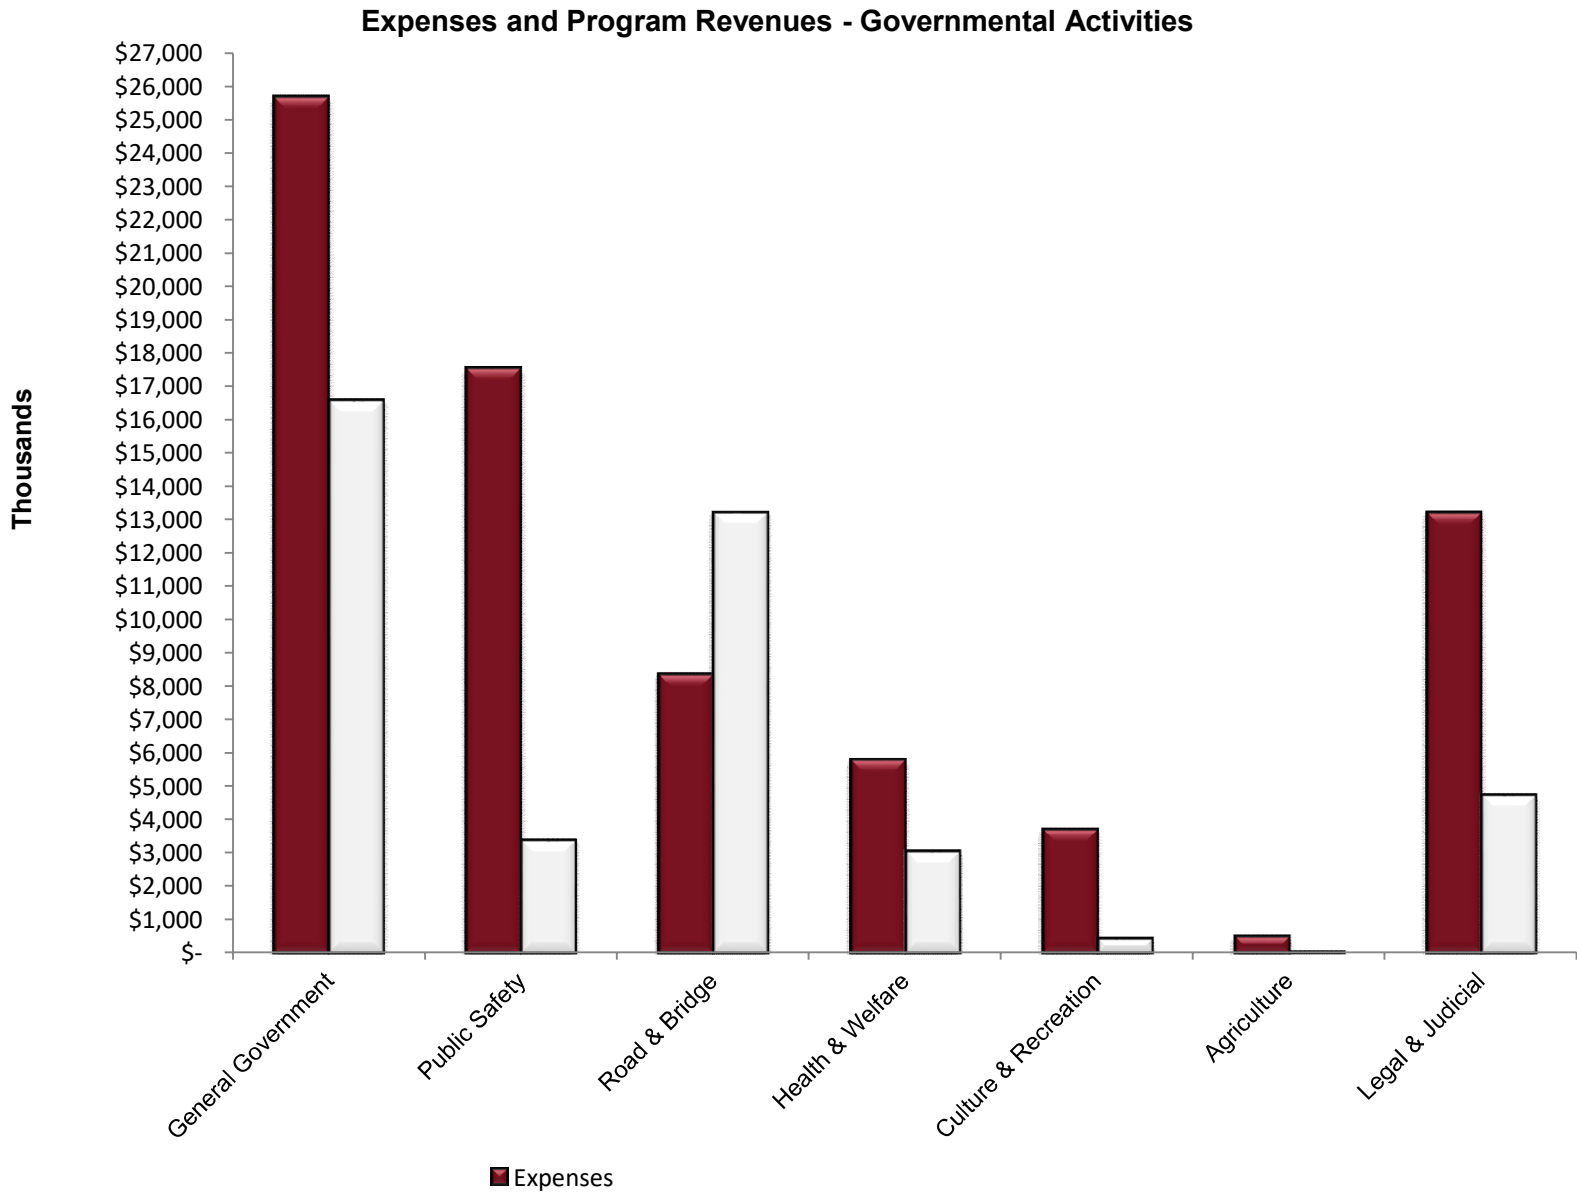

The total government's net position increased by \$14,461,024 during the current fiscal year when including restatement of net position. The net investment in capital assets increased by \$1,752,212. Restricted net position decreased by \$99,974. Unrestricted net position increased by \$12,808,786; which is comprised of an increase in unrestricted net position for governmental activities of \$10,783,373 and an increase for business-type activities of \$2,025,413.

**Governmental Activities.** Governmental activities increased Bannock County's net position by \$14,267,994 before changes in reporting entity and accounting estimate, as compared to an increase of \$12,567,764 in fiscal year 2023. For comparison purposes, operating grants and contributions increased by \$4.2 million. Property taxes increased slightly; investment income of increased to \$6.3 million compared to \$3.1 million last fiscal year.

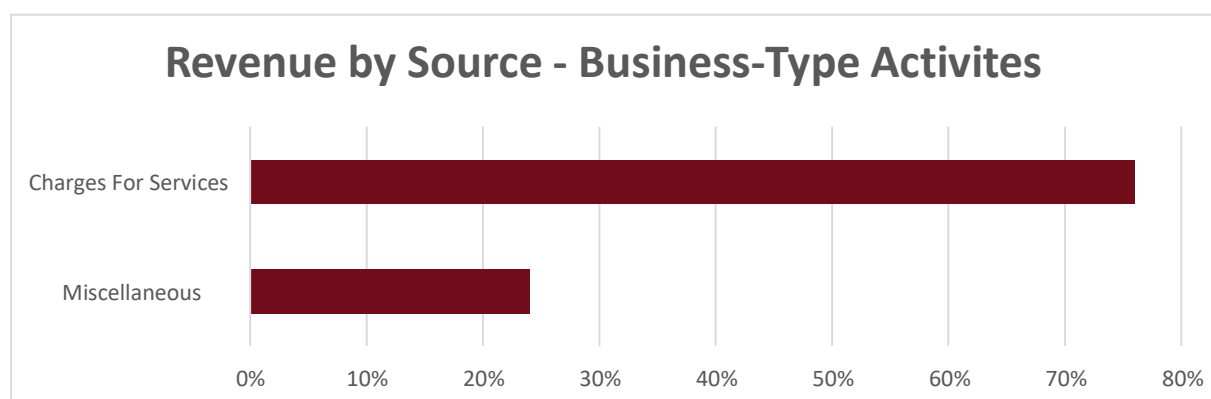

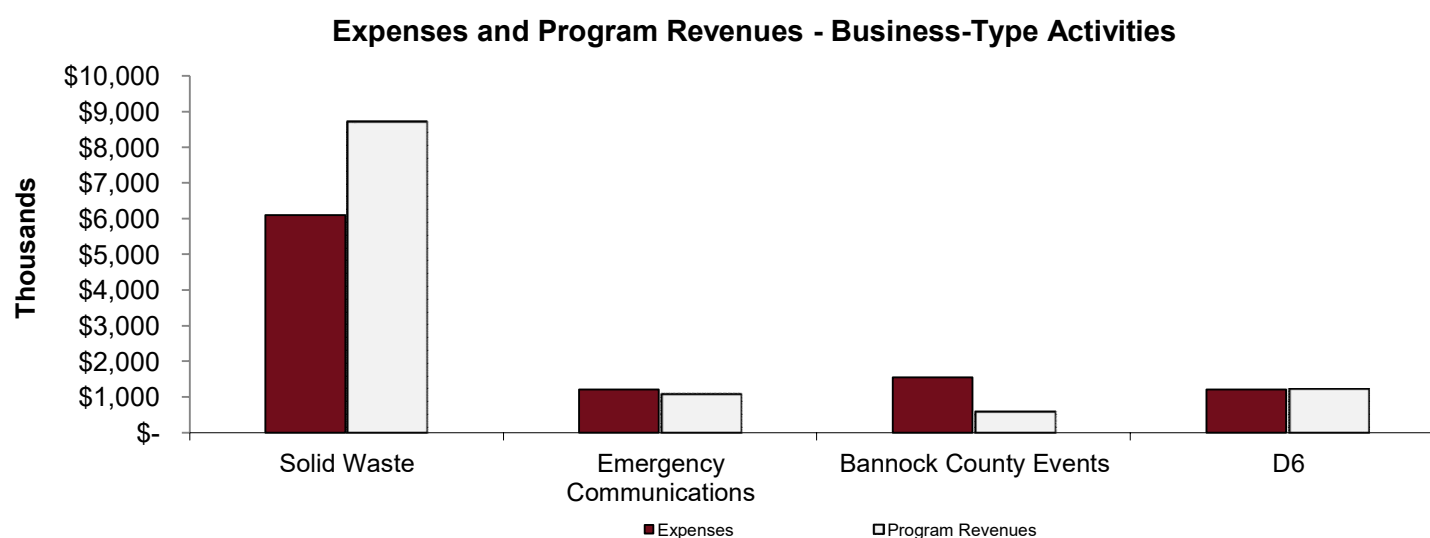

Expenditures increased slightly due to the operational needs.

Even though property taxes (35 percent) provide the largest percentage of County revenue, charges for services (20 percent) and operating grants (21 percent) continue to provide a large percentage of County revenue sources. County management philosophy has been to provide property tax relief through increased charges for services when appropriate, as well as, utilizing grant opportunities.

**Business-Type Activities.** Business-type activities increased Bannock County's net position by \$60,030 after changes in reporting entity and accounting estimate. A decrease occurred in net investment in capital assets by \$1,965,383 and an increase in unrestricted net position by \$2,025,413.

When comparing charges for services, the landfill revenue increased \$1,221,739 when compared to last fiscal year, this increase was from fees at the landfill charges for services. Revenue in emergency communications decreased by \$28,311 and investment income for emergency communication was \$68,194. Bannock County Events had revenue of \$605,006 and expenditures of \$1,548,303 in its second year of operations. This department is experiencing growing pains in how best to operate. D6 is in its first year as an enterprise fund with \$1,216,276 in revenue and expenditures of \$1,216,211 for an increase in net position of \$345 after miscellaneous revenue of \$280.

### Financial Analysis of the Government's Funds

As noted earlier, Bannock County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of Bannock County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Bannock County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Bannock County's governmental funds reported combined ending fund balances of \$78,953,967. Bannock County has non-spendable fund balances of \$674,496 held for inventory. Restricted fund balance monies include grant programs totaling \$1,478,007 and funding restricted programs of \$1,428,263. Committed fund balance totals \$20,773,630 to allow for cash flow for the first three months of the fiscal year before property tax dollars are collected. Assignments are the balance of Special Revenue Fund balance amounts held for spending by definition of the Special Revenue Fund. The General Fund also has assigned amounts for general government operations.

The General Fund is the chief operating fund of Bannock County. At the end of the current fiscal year, unassigned fund balances of the General Fund was \$19,157,743. As a measure of the General Fund's liquidity, it may be useful to compare this unassigned fund balance to total fund expenditures. Unassigned fund balance represents 81 percent of total General Fund expenditures.

The fund balance of Bannock County's General Fund saw an increase of \$6,616,236 at the end of the current fiscal year. It was anticipated to use \$3.7 million in reserves. Revenues came in \$8 million more than anticipated due to unanticipated investment income of \$5.8 million and expenditures were underspent by \$2.5 million.

The Justice Fund saw an increase in fund balance of \$628,540. This increase was due to receipt of unanticipated revenues of \$920,000 which was mostly made up of increased sales tax funds and intergovernmental revenue, as well as, expenditures underspent due to staffing shortages.

The Road and Bridge Fund had an increase in fund balance of \$3.9 million. It was anticipated to use reserves of \$1 million; however, state revenues came in higher than anticipated and proceeds of leases added \$1 million.

The Ambulance District Fund had an increase in fund balance of \$507,786. It was anticipated to use reserves but revenues came in higher than anticipated and expenditures were underspent.

The Grant Funds had slight increase in fund balance of \$201,032. Revenues for grants may vary from expenditures due to projects or activities that continue into the next fiscal year. A portion of SLFRF (State and Local Fiscal Recovery Fund) monies received in prior years were spent but a large portion rolled forward. Also the D6 fund was moved from Grants to a nonmajor enterprise fund during the current fiscal year.

**Proprietary Funds.** Bannock County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Solid Waste Fund at the end of the year was \$4,868,441, the Emergency Communications Fund was \$707,089, the Bannock County Events was \$328,127 and D6 was \$380,754. The total change in net position for the Solid Waste Fund was an increase of \$2,697,572, a decrease in the Emergency Communications Fund of \$72,414, a decrease of \$917,907 for Bannock County Events, and an increase of \$345 for D6.

The Solid Waste Fund has been building reserves to cover remediation costs and other capital needs, such as liners to cover refuse as capacity space fills in cell 4 and a new scale house and scales. Operating and project costs will need to be managed to keep revenues in line with expenses.

The Emergency Communications net position decreased by \$72,414, for the fiscal year. Revenues remained steady while expenses increased. Projects will continue to be managed to ensure minimum reserves are maintained. We have been utilizing grant funds for projects when available.

The Bannock County Events fund had a decrease to net position in the amount of \$917,907. This fund is struggling with generating revenue but we are optimistic this will change over the next two years.

The D6 fund was originally a grant fund but is better qualified as an enterprise fund since fees generated cover expenditures. Revenues exceeded expenditures and we anticipate this trend will continue.

The Forensic Pathology was moved to the General Fund at the end of this year. It will dissolve in fiscal year 2025.

Other factors concerning the finances of these funds have already been addressed in the discussion of Bannock County's business-type activities.

### General Fund Budgetary Highlights

During the current fiscal year, the general fund increased budget authority through unanticipated revenues (\$998,240) as summarized below.

- Health insurance received unanticipated reimbursements of \$998,240 to help cover added insurance expenditures.

Budget reallocations within the General Fund are summarized below.

- Commission moved \$750 from operating to salaries, and \$150 from operating to benefits to cover an unanticipated payout.
- County operations moved \$22,800 from operations to the Adult Probation salary (\$19,000) and benefits (\$3,800) to cover an unanticipated retirement.
- GIS moved \$4,000 within operations to cover a supplemental contract for an intern.

Differences between the final amended budget and the actual results are summarized below:

- \$181,000 was underspent in the Contingency Department; these funds were unspent in operating expenditures.
- \$842,000 was underspent in the County Operations; these funds were unspent in operating expenditures.
- \$95,000 was underspent in the Courthouse and Grounds Department; these funds were unspent in salaries, benefits and operating expenditures.
- \$166,000 was underspent in the Clerk Department; these funds were unspent in salaries and benefit expenditures.
- \$296,000 was underspent in the Health Insurance Department; this was due to the budget being opened for more than was needed.
- \$304,000 was underspent in General Government Trusts on general operating expenditures.

### Capital Asset and Debt Administration

**Capital Assets.** Bannock County's investment in capital assets in governmental and business-type activities as of September 30, 2024, amounts to \$76,633,186. This investment in capital assets includes land, buildings and improvements, machinery and equipment, infrastructure (roads and bridges) and Lease Right of Use assets.

Major capital asset events during the current fiscal year included the following:

#### Governmental-Type Activities:

- Construction in progress of \$346,216
- Road and Bridge equipment \$245,338, Sheriff's vehicles \$43,110, and Ambulance equipment \$184,748.
- Event Center equipment and improvement \$157,067.
- Road and Bridge received donated roads of \$3,990,000.
- Noxious Weed equipment of \$66,900 and Mosquito equipment of \$98,360.
- The disposal of vehicles \$341,460.

#### Business-Type Activities:

- Landfill equipment \$79,643.

Additional information on Bannock County's capital assets can be found in Note C on pages 44-45 of this report.

**Long-Term Obligations.** At the end of the current fiscal year, Bannock County had no bonded debt outstanding.

Bannock County accounts for 18 leases for vehicles; 11 leases for heavy equipment, 6 vehicles, and a land lease for 911 cell towers. Bannock County has 20 finance purchases; 3 for heavy equipment and 17 vehicles. These leases spread between governmental and enterprise funds. Each lease must be appropriated for each fiscal year and are for terms of 5 years from the inception date.

**Bannock County's Outstanding Debt  
Lease Liabilities and Financed Purchases**

	Governmental Activities		Business-Type Activities		Total	
	2024	Restated 2023	2024	Restated 2023	2024	Restated 2023
Financed Purchases .....	\$ 897,026	\$ 656,880	\$ 264,903	\$ 316,069	\$ 1,161,929	\$ 972,949

Bannock County has an "A1" rating from Moody's for general obligation debt.

State statutes limit the amount of general obligation debt a governmental entity may issue to 2 percent of its total assessed valuation. The current debt limitation for Bannock County is \$227,829,683.

Additional information on Bannock County's long-term debt can be found in Note F starting on page 48 of this report.

**Economic Factors and Next Year's Budgets and Rates**

- The unemployment rate for Bannock County is currently 3.9 percent, which is higher than one year ago. The State's average unemployment rate is 3.8 percent and the national average is 4.0 percent.
- The labor force and personal income in Bannock County has increased.
- The population in the County held constant at a population of 90,400.

All of these factors were considered in preparing Bannock County's budget for the 2025 fiscal year.

The County continues to seek opportunities for grant revenues. The anticipated budget for governmental fund grants reduced to \$12,750,000 due to some SLFRF funds spent in FY24, however, we are still planning the overall use of the remaining funds. Countywide salaries still need reviewed to compare with the market; however, increases were mainly spent in the sheriff, jail and prosecutor budgets to retain staff. Raises were also given to equipment operators and mechanics for retention.

**Requests for Information**

This financial report is designed to provide a general overview of Bannock County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Auditing Department, 624 E. Center, Room 104, Bannock County, Pocatello, Idaho, 83201-6274.

## BANNOCK COUNTY, IDAHO

### MAJOR GOVERNMENTAL FUNDS

Bannock County reports the following major governmental funds:

**General Fund** - The General Fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

#### Current Expense

Maximum tax levy:	0.002000000
Current tax levy:	0.000894404

#### Liability Insurance

Maximum tax levy:	unlimited
Current tax levy:	0.000067460

**Justice Fund** - This fund was established to provide funding for the operation of the County Sheriff's department and maintenance of County jails, operation of the Prosecuting Attorney's office, and for public defender services. Idaho Code 63-805

#### Justice Fund

Maximum tax levy:	0.002000000
Current tax levy:	0.001344469

**Road and Bridge** - This fund is used to account for the road and bridge functions of the County. Idaho Code 40-801a

#### Road and Bridge

Maximum tax levy:	0.002000000
Current tax levy:	0.000297544

**Ambulance District** - This fund accounts for the activities of the County-wide ambulance district. Idaho Code 31-3908

#### Ambulance District

Maximum tax levy:	0.000400000
Current tax levy:	0.000239967

**Grants** - This is a combination of several grant funds used to account for grant monies received by the county.

No tax levy revenue is involved in this fund.

# BANNOCK COUNTY, IDAHO

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Fiscal Year Ended September 30, 2024

Net Change in Fund Balances - Total Governmental Funds . . . . .	\$ 12,295,741
--	---------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives. This is the amount by which capital outlays exceeded depreciation and amortization in the current period.

Capital Outlay . . . . .	\$ 2,861,685	
Depreciation/Amortization expense . . . . .	(2,686,747)	
Excess of Capital Outlay over Depreciation Expense/Amortization Expense . . . . .		174,938

Transactions involving capital assets such as sales and other disposals (gain/loss), as well as donations, are reported in the Statement of Activities but only proceeds from sales are reported in the governmental funds.

Loss on Disposal . . . . .	-	
Contributed Asset . . . . .	4,034,300	
		4,034,300

Some revenues in the governmental funds are deferred because they are not collected within the prescribed time period after year-end. On the accrual basis, however, those revenues would be recognized, regardless of when they are collected. Because of the "availability" criterion under the modified accrual basis of accounting the following has been deferred:

Property Tax . . . . .	(18,139)
------------------------	----------

Repayment of long-term liabilities is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. In the current year, these amounts consisted of principal and interest payments for leases and financed purchases.

(460,873)

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.

Deferred Outflows . . . . .	(4,244,580)	
Deferred Inflows . . . . .	112,073	
		(4,132,507)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Pension Expense . . . . .	2,341,314	
Accrued Interest . . . . .	(7,597)	
Other Post Employment Benefits . . . . .	(56,633)	
Compensated Absences . . . . .	97,450	
Total Additional Amounts . . . . .		2,374,534

Change in Net Position of Governmental Activities . . . . .	\$ 14,267,994
---	---------------

The notes to the financial statements are an integral part of this statement.

## MAJOR PROPRIETARY FUNDS

Major proprietary funds account for the County operations that provide goods or services to the general public and finance their operations mainly through user charges. The following provides a brief description of the proprietary funds.

### Enterprise Funds

Solid Waste - This fund is used to account for the provision of sanitary landfill services throughout the County. Idaho Code 31-4404

Maximum tax levy:	0.000400000
Current tax levy:	0.000000000

## FIDUCIARY FUNDS

Fiduciary Funds are used to report assets held in a trustee or custodial capacity for others and; therefore, cannot be used to support the County's own programs. In Bannock County, there are no trust funds - but there are several custodial funds. The County's Custodial Funds are further described and presented beginning on page 105.

The notes to the financial statements are an integral part of this statement.

## **BANNOCK COUNTY, IDAHO**

### **Notes to Financial Statements**

September 30, 2024

#### **I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Bannock County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

##### **A. Reporting Entity**

Bannock County was created by an act of the Idaho Legislature on March 6, 1893, and named for the Shoshone-Bannock Indians who inhabited the region. A three member Board of County Commissioners is the governing body of Bannock County and provides the following services as authorized by Idaho Code: general government, welfare, road and bridge, agriculture, health, culture and recreation, legal and judicial, sanitation, and public safety.

For financial reporting purposes, management has considered all potential component units. The decision to include or not include a potential component unit in the reporting entity was made by applying the criteria set forth in the generally accepted accounting principles. The criterion for including a potential component unit within the reporting entity is the governing body's responsibility for financial accountability. Financial accountability is defined as the level of accountability that exists if a primary government appoints a voting majority of an organization's governing board and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. The primary government may also be financially accountable for governmental organizations with a separately elected governing board, a governing board appointed by another government, or a jointly appointed board that is fiscally dependent on the primary government. Even though Bannock County is responsible for appointing members of boards to other organizations, it is not accountable for these organizations. Therefore, based upon the application of these criteria, Bannock County has no component units.

The County contributes to the multi-employer Public Employee Retirement System of Idaho (PERSI) and the Idaho Counties Risk Management Program (ICRMP). PERSI is administered by the State of Idaho and ICRMP is administered by the Idaho Association of Counties. Since the County does not administer or is not dominant in either plan, the financial statements of these plans are not included in this report. A copy of the PERSI report can be obtained from the Public Employee Retirement System of Idaho office in Boise, Idaho. A copy of the ICRMP report can be obtained from the Idaho Counties Risk Management Program also in Boise, Idaho.

##### **B. Government-Wide Statements and Fund Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and any component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

**BANNOCK COUNTY, IDAHO**  
Notes to Financial Statements - Continued  
September 30, 2024

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Justice Fund* accounts for the operation of the County Sheriff's department, construction, remodeling, operation, and maintenance of County jails, operation of the prosecuting attorney's office, and provision of public defender service per Idaho Code 63-805. Property taxes are the major revenue source for the Justice Fund, while sales tax and revenue sharing provide the next largest source. Charges for services help reimburse costs of running each function.

The *Road and Bridge Fund* is used to account for the maintenance and operations of the County's road and bridge functions. Highway User Funds provide the largest funding source for road and bridge, subsidized by property taxes.

The *Ambulance District Fund* is used to account for activities of the County-wide ambulance district.

The *Grants Fund* account for the activities of all County-wide grant activity. These monies come from federal, state, or local sources.

The County reports the following major proprietary funds:

The *Solid Waste Fund* accounts for the provision of sanitary landfill services throughout the County.

Additionally, the County reports the following fund types:

The *Custodial Funds* are used to account for the collection of monies to be paid to other taxing districts, cities, the State of Idaho, private individuals, or other governmental agencies from property taxes or other legal assessments.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenue rather than as program revenues. Likewise, general revenues include all taxes. Taxes as identified within the fund statements are used exclusively to represent property taxes. Therefore, the intergovernmental classification may include other tax revenues. In the government-wide statements, the taxes have been categorized as necessary to identify program specific from general tax revenues.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

## BANNOCK COUNTY, IDAHO

### Notes to Financial Statements - Continued

September 30, 2024

#### D. Assets, Liabilities, and Net Position or Equity

##### 1. Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments that are highly liquid. The County pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested as allowed by Idaho Code. State statutes authorize the County to invest in certain revenue bonds, general obligation bonds, local improvement district bonds, registered warrants of state and local governmental entities, time deposit accounts, tax anticipation and interest-bearing notes, bonds, treasury bills, debentures or other similar obligations of the United States Government and the Farm Credit System and repurchase agreements.

Investments are stated at fair value determined by quoted market prices. Interest income is recorded in the general fund of the County unless otherwise specified by law or by Commission agreement.

##### 2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans), or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade receivables are shown net of an allowance for uncollectible amounts. The allowances are based on historical data.

Property tax levies are computed by the County on or before the 3rd Monday of September. Final certification of these levies by the State of Idaho Tax Commission is not completed until after September 30. Property taxes are billed to the taxpayers in November and are due in two installments. Half of the real, personal, and mobile home property taxes are due on December 20 and the remainder is due the following June 20. Other property taxes are due December 20. Property taxes not paid constitute a lien on the property when entered on the real property assessment roll as delinquent on the first day of January of the succeeding year. The County bills and collects its own property taxes and also collects taxes for other taxing districts within its boundaries.

Bannock County Indigent Services pay medical bills for those deemed eligible under Idaho Code 31-3510A. This financial assistance then obligates the applicant to reimburse the County through a reasonable termed payment plan. The County has a receivable account that tracks this activity. We do not recognize this Indigent accounts receivable due to the unmeasurable collectibility of the accounts involved.

##### 3. Inventories and Prepaid Items

Inventories are valued at cost using the weighted average method. Payments to vendors which reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements.

##### 4. Restricted Assets

Bannock County has no restricted assets.

##### 5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$20,000 (amount not rounded) and an estimated useful life of over one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession agreement should be recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects when constructed.

Property, plant, equipment, and infrastructure is depreciated using the straight line method over the following estimated useful lives:

Assets	Estimated Useful Life in Years
Buildings and Improvements	20-50
Machinery and Equipment	3-15
Roads and Bridges	40-60

## BANNOCK COUNTY, IDAHO

### Notes to Financial Statements - Continued

September 30, 2024

Right to use leased assets are recognized at the lease commencement date and represent the County's right to use the underlying asset for the lease term. Right to use leased assets are measured at the initial value of the lease liability plus any payments made to the lessor before commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the lease asset into service. Right to use leased assets are amortized over the shorter of the lease term or useful life of the underlying assets using the straight-line method. The amortization period varies from 5 to 6 years.

#### 6. Deferred Outflows/Inflows of Resources

Deferred inflows of resources consist of resources received that relate to a future period. The County's proportionate share of the total pension related deferred inflows of resources and taxes received in advance qualify under this category. Deferred outflows of resources consist of pension contributions made subsequent to the actuarially determined pension liability measurement date and the County's proportionate share of the total pension related deferred outflow of resources.

#### 7. Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused vacation, sick pay, and compensatory time benefits. All such benefit pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

#### 8. Bonded Indebtedness

Bond ordinances require a levy and collection of a tax without limitation on all property subject to taxation by the County sufficient in amount to pay the principal and interest on such bonds when they become due. The County currently has no bonded debt.

#### 9. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the year occurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### 10. Leases

The County is a lessee in multiple leases. If the contract provides the County the right to substantially all the economic benefits and the right to direct the use of the identified asset, it is considered to be or contain a lease. Right-of-use (ROU) assets and lease liabilities are recognized at the lease commencement date based on the present value of the future lease payments over the expected lease term. The ROU asset is also adjusted for any lease prepayments made, lease incentives received, and initial direct costs incurred.

The lease liability is initially and subsequently recognized based on the present value of its future lease payment. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate. Increases (decreases) to variable lease payments due to subsequent changes in an index or rate are recorded as variable lease expense (income) in the future period in which they are incurred.

The discount rate used is the implicit rate in the lease contract, if it is readily determinable, or the County's incremental borrowing rate. When the implicit rate of leases are not readily determinable, the County uses the incremental borrowing rate based on the information available at the commencement date for all leases. The County's incremental borrowing rate for a lease is the Diversified Bond Fund rate (DBF) from the State of Idaho for the month of inception of the lease or group of leases of similar assets.

For all underlying classes of assets, the County does not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement and do not include an option to purchase the underlying asset that the County is reasonably certain to exercise. Leases containing termination clauses in which either party may terminate the lease without cause and the notice period is less than 12 months are deemed short-term leases with lease costs included in short-term lease expense. The County recognizes short-term lease cost on a straight-line basis over the lease term.

#### 11. Transfers

The General Fund, County Operations, transferred \$260,522 to the Special Revenue Parks and Recreation fund to subsidize operations of the Wellness Complex.

	Transfer In	Transfer Out	Total
General Fund .....	\$ -	\$ (260,522)	\$ (260,522)
Parks & Recreation Fund .....	260,522	-	260,522
Total .....	<u>\$ 260,522</u>	<u>\$ (260,522)</u>	<u>\$ -</u>

## BANNOCK COUNTY, IDAHO

### Notes to Financial Statements - Continued

September 30, 2024

#### 12. Fund Equity

In the governmental fund financial statements; fund balances are classified as nonspendable, restricted, or unrestricted (committed, assigned, or unassigned). When an expenditure is incurred that can be paid using either restricted or unrestricted resources (fund balance), the County's policy is to first apply the expenditure toward restricted fund balance and then to other, less-restrictive classifications--committed and then assigned fund balances before using unassigned fund balances. More detail on fund balance can be found on page 49-56 within this section.

*Nonspendable* - The portion of fund balance that cannot be spent because it is not in spendable form or is legally or contractually required to be maintained intact. For example, inventory.

*Restricted* - The portion of fund balance where limitations have been imposed by creditors, grantors, contributors or law and regulations of other governments or limitations have been imposed by law through constitutional provisions or enabling legislation.

*Committed* - The portion of fund balance are net resources that can be used for the specific purpose determined by a formal action of the County's highest level of decision-making authority, the Board of County Commissioner's. The Commissioner's commit fund balance by adopting a resolution prior to the end of the fiscal year. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken to remove or revise the limitation.

*Assigned* - The portion of fund balance where a limitation results from intended uses made by the Bannock County Commissioners or through Idaho statute that limits expenditure allowed by fund type through formal resolution. General government assigned fund balance represents amounts the government intends to use for health and liability insurance, appraisal functions, and one time anticipated expenditures. Special revenue assigned fund balance amounts are intended to be used for the purpose of Special Revenue Funds.

*Unassigned* - The remaining portion of fund balance in excess of other classifications (surplus) or excess of other classifications over total fund balance (deficit). The General Fund is the only fund that reports a positive fund balance since surplus within a special revenue fund is automatically "assigned" to that fund per the definition of a special revenue fund.

#### E. Implementation of New Accounting Standard

Bannock County has implemented all GASB statements that are in effect, and applicable, for the County's fiscal year 2024. This includes adopting GASB Statement 100 - **Accounting Changes and Error Corrections**. During fiscal year 2024 the County reclassified the D6 department that had been a part of the Grants Major Fund to an Enterprise Non Major Fund (\$637,623). The County also reclassified the Forensic Pathology Enterprise Fund to a department within the General Fund (\$795,682). This department will dissolve in fiscal year 2025. Also during fiscal year 2024, fixed assets were put into our accounting software from our legacy accounting software. This created a change in accounting estimate to government-wide assets (\$25,059) and enterprise fund assets (\$1,232,293).

#### F. Encumbrances

The County does not employ encumbrance accounting or record purchase orders.

#### G. Deferred Compensation Plan

The County offers employees a deferred compensation plan under Internal Revenue Code Section 457. The State of Idaho Deferred Compensation Plan is being administered by third party administrators Nationwide Retirement Solutions. The Public Employee Retirement System of Idaho (PERSI) also offers a deferred compensation plan under IRS Code Section 401(b) to County employees. The County has implemented GASB Statement No. 32 for these deferred compensation plans.

#### H. Pensions

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**II. DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

**1. Deposits**

*Legal Provisions Governing Cash Deposits with Financial Institutions*

For cash depositories with deposits in excess of federal insurance, State code requires the county to obtain an annual affidavit showing the amount of the financial institution's capital stock and surplus. The County's deposit may not exceed the depository's capital and surplus. Legal provisions regarding deposits are found throughout Idaho Code, Title 57.

*Custodial Credit Risk for Deposits*

The risk that in the event of a financial statement institution failure, the County will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. To address custodial credit risk the Treasurer requests a Capital and Surplus report from the institution. The Treasurer then judges the solidity of the institution and decides whether or not to maintain the funds in the institution.

As of September 30, 2024, the County has uninsured and uncollateralized deposits amounting to \$1,619,768.

**2. Investments**

*General Investment Policies*

The County Treasurer invests idle moneys in accordance with Idaho Code Title 57-127 which refers to section 67-1210 and 67-1210A for allowable investments. Idaho Code Section 67-1210, allows idle moneys to be invested in certain revenue bonds, general obligations bonds, local improvement district bonds, registered warrants of state and local governmental entities, time deposit accounts, tax anticipation and interest-bearing notes, bonds, treasury bills, debentures or other similar obligations of the United States Government and the Farm Credit System and repurchase agreements.

Idaho Code , Section 67-1210A, additionally authorizes investments in prime banker's acceptances and prime commercial paper, sale and repurchase of call options, securities lending agreements, and bonds, notes, and debentures of any U.S. corporation with at least an A rating by a nationally recognized statistical rating organization such as Standard & Poor's or Moody's.

Investment transactions are subject to a variety of risks. The County seeks to promote the safety of principal, provide adequate liquidity for operational needs, earn market rates of return on investments consistent with liquidity need and investment quality, and conform with legal requirements.

**3. Interest Rate Risk**

The risk that changes in interest rates that will adversely affect the value of an investment. In accordance with investment policy, the County's investments shall have maturities that are consistent with the needs and use of the County. The County does not have a specific policy addressing interest rate risk and exposure to declines in fair values. The segmented time distribution method has been used to disclose interest rate risk.

The County Treasurer had the following investments and maturities at year end:

Investment Type	Investment Maturities (in Years)			
	Fair Value	Less than 1	1-5	6-10
Certificates of Deposits . . . . .	\$ 8,494,409	\$ 5,741,157	\$ 2,753,252	\$ -

**BANNOCK COUNTY, IDAHO**

Notes to Financial Statements - Continued

September 30, 2024

**4. Credit Risk**

State law requires investments in corporate bonds to have, at the time of purchase, an A rating or higher by a commonly known rating service. The County's policy follows the State's policy. Credit ratings associated with investments are as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>AAA</u>	<u>AA+</u>	<u>N/A</u>	<u>A-1+</u>
Certificates of Deposits . . . . .	\$ 8,494,409	\$ -	\$ -	\$ 8,494,409	\$ -
FNMA GTD . . . . .	266,474	-	-	266,474	-
Federal Farm Credit Bank . . . . .	10,162,279	751,066	7,955,085	455,108	1,001,020
Federal Home Loan Bank . . . . .	13,495,666	3,816,692	8,930,126	748,848	-
Federal NATL Mtg . . . . .	2,681,063	-	2,681,063	-	-
Federal Home CR Bank . . . . .	-	-	-	-	-
Federal ARGIC Mtg Corp . . . . .	249,730	-	249,730	-	-
Federal Home Loan Mtg Corp. . . . .	13,057,804	6,293,186	6,764,618	-	-
US Treasury. . . . .	2,641,742	1,029,082	-	1,612,660	-
US Treasury Notes. . . . .	7,841,610	7,841,610	-	-	-
Municipal Bond. . . . .	1,190,107	1,190,107	-	-	-
State of Idaho Investment Pool . . . . .	30,650,869	-	-	30,650,869	-
Total . . . . .	<u>\$ 90,731,753</u>	<u>\$ 20,921,743</u>	<u>\$ 26,580,622</u>	<u>\$ 42,228,368</u>	<u>\$ 1,001,020</u>

**5. Custodial Credit Risk for Investments**

The risk that in the event of the failure of the counterparty to a transaction, the County will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. To address custodial credit risk, the County's policy is to invest in investments which are allowable under Idaho Code Section 67-1210. For certificates of deposit, the County addresses the risk the same way it does for demand deposits which was stated previously.

The elected State Treasurer, following Idaho Code , Section 67-2328, is authorized to sponsor an investment pool in which the County voluntarily participates. The Pool is not registered with the Securities and Exchange Commission or any other regulatory body. Oversight of the pool is with the State Treasurer, and Idaho Code defines allowable investments. The fair value of the County's position in the external investment pool is the same as the value of the pool shares. The external investment pool is unrated.

**6. Concentration of Credit Risk**

The risk of loss attributed to the magnitude of an investment in a single issuer. The County places no limit on the amount the County may invest in any one issuer. The following investments held at year end by the County represent five percent or more of the total investment portfolio:

<u>Issuer</u>	<u>Fair Value</u>	<u>Percent of Portfolio Investments</u>
Federal Home Loan Bank	\$ 13,495,666	14.9%
Federal Home Loan Mtg Corp	13,057,804	14.4%
Federal Farm Credit Bank	10,162,279	11.2%
US Treasury Notes	7,841,610	8.6%

### 7. Fair Value Measurements

Fair value accounting guidance defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value guidance also establishes a fair value hierarchy that requires a government to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Based on the inputs used to determine fair value, a three-level hierarchy is used as follows:

Level 1: Fair value is determined using quoted prices (adjusted) for identical assets or liabilities in active markets that the government can access at the measurement date.

Level 2: Fair value is determined using inputs - other than quoted prices included within Level 1 - that are observable for an asset or liability, either directly or indirectly, such as quotes prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active and inputs are derived principally from or corroborated by observable market data.

Level 3: Fair value is determined using unobservable inputs for an asset or liability and requires the government to develop its own assumptions, based on the best information available in the circumstances, about the considerations market participants would use in pricing the asset or liability.

The following table represents the County's investments that are measured or disclosed at fair value on a recurring basis. The County does not have any financial assets that are measured at fair value on a non-recurring basis.

	Fair Value Hierarchy			
	Level 1	Level 2	Level 3	Total
Certificates of Deposits . . . . .	\$ -	\$ 8,494,409	\$ -	\$ 8,494,409
FNMA GTD . . . . .	-	266,474	-	266,474
Federal Farm Credit Bank . . . . .	10,162,279	-	-	10,162,279
Federal Home Loan Bank . . . . .	-	13,495,666	-	13,495,666
Federal NATL Mtg . . . . .	2,681,063	-	-	2,681,063
Federal Home CR Bank . . . . .	-	-	-	-
Federal ARGIC Mtg Corp . . . . .	-	249,730	-	249,730
Federal Home Loan Mtg Corp . . . . .	-	13,057,804	-	13,057,804
US Treasury . . . . .	2,641,742	-	-	2,641,742
US Treasury Notes . . . . .	7,841,610	-	-	7,841,610
Municipal Bond . . . . .	1,190,107	-	-	1,190,107
State of Idaho Investment Pool . . . . .	30,650,869	-	-	30,650,869
Total . . . . .	<u>\$ 55,167,670</u>	<u>\$ 35,564,083</u>	<u>\$ -</u>	<u>\$ 90,731,753</u>

### B. Fees Receivable

An allowance for uncollectible ambulance fees receivable has been made for September 30, 2024. Management has determined that 20 percent of the current fees receivable is a reasonable estimation for these uncollectible amounts. The Balance Sheet Fees Receivable reflects the net amount as shown:

Ambulance District:	
Fees Receivable . . . . .	\$ 942,825
Less 20% for Uncollectible Fees . . . . .	(188,565)
Net Fees Receivable . . . . .	<u>\$ 754,260</u>

No uncollectible allowance is estimated for the Solid Waste Fees Receivable, Noxious Weed Receivables, or D6 Receivables as all fees are expected to be collected.

\* Beginning balances restated due to corrections made when implementing new software for tracking. Right of use amounts were updated and D6 changed from a governmental fund to an Enterprise Fund in FY24.

**BANNOCK COUNTY, IDAHO**  
Notes to Financial Statements - Continued  
September 30, 2024

Depreciation/Amortization expenses was charged to functions/programs of the primary government as follows:

**Governmental Activities:**

General Government .....	\$	240,411
Health & Welfare .....		308,031
Road & Bridge .....		1,144,432
Agriculture .....		10,188
Culture & Recreation .....		385,674
Public Safety .....		493,478
Legal & Judicial .....		104,533
Total Depreciation/Amortization Governmental Activities .....	\$	<u>2,686,747</u>

**Business-Type Activities:**

Solid Waste .....	\$	1,159,672
Emergency Communications .....		186,239
D6 .....		10,538
Total Depreciation/Amortization Business-Type Activities .....	\$	<u>1,356,449</u>

**D. Compensated Absences**

Unused vacation leave may be accumulated up to a 240 hour maximum and is paid at the time of termination. Unused sick leave may be accumulated up to a maximum of 720 hours and is paid at termination - 20% of accumulated hours upon qualifying resignation and 100% of accumulated hours at retirement for employees hired before 7/1/2023. Employees hired on or after 7/1/2023 receive no sick payout.

Non-administrative employees may accumulate compensation for overtime worked over regular work week hours. Unused compensatory time is paid at termination. The entire unpaid liability for accumulated vested vacation, sick leave and compensatory hours is accrued when incurred in the government-wide or proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

The following schedule shows the estimated liability for vested vacation, contingent sick leave, compensatory hours, and the associated benefits at September 30, 2024:

<b>GOVERNMENTAL-TYPE</b>	<b>Vacation</b>	<b>Sick (1)</b>	<b>Compensatory Time</b>	<b>Employee Benefits (2)</b>	<b>Total</b>	<b>Due Within One Year</b>

#### **E. Leases**

##### **Lease Activity**

##### **County as Lessee**

The terms and expiration dates of the County's leases payable at September 30, 2024 are as follows:

Summit National Bank – Bannock County has seven leases for heavy equipment signed between 2020 and 2023 with interest rates between 2.99% and 4.2% based on rates stipulated in the agreements. These have combined annual payments of \$327,122 and expire after 5 years. Five of these assets are used by road & bridge department and the other two are used by the solid waste department.

Land Lease – A lease for land to house cell towers necessary to facilitate 911 communications. The agreement was signed in 2009 and continues for a period of 30 years. The agreement calls for an annual payment of \$1,200 and carries a rate of 1.35%.

Vehicle Leases – Six leases for Sheriff vehicles were signed in 2024 with interest rates between 1.35% and 1.41% based on the County's IBR rate. These have combined monthly payments of \$70,938 and expire after 60 months.

Cat Financial - Eight leases for heavy equipment were added during fiscal year 2024, six for road and bridge and two for solid waste. These leases are for 5 years with interest between 5.99% and 6.49% based on rates stipulated in the agreements. These have combined payments of \$462,186.

Governmental Activity Long-term Liabilities	<u>\$ 27,229,656</u>	<u>\$ 1,395,323</u>	<u>\$ (3,300,163)</u>	<u>\$ 25,324,816</u>	<u>\$ 1,862,753</u>
<b>Business-Type Activities:</b>					
Net Pension Liability	\$ 419,228	\$ 340,520	\$ -	\$ 759,748	\$ -
Lease Liabilities	505,478	1,756,740	(456,155)	1,806,063	352,905
Financed Purchases	316,069	-	(51,166)	264,903	264,903
Compensated Absences	66,731	52,985	-	119,716	79,194
Landfill Closure	5,933,275	563,470	-	6,496,745	563,454
Business-Type Activity Long-term Liabilities	<u>\$ 7,240,781</u>	<u>\$ 2,713,715</u>	<u>\$ (507,321)</u>	<u>\$ 9,447,175</u>	<u>\$ 1,260,456</u>

All compensated absences are liquidated by the fund in which incurred; for example, the General Fund, Road and Bridge Fund, Justice Special Revenue Funds, nonmajor Special Revenue Funds, Solid Waste Proprietary Fund and Bannock County Events Proprietary Fund. Other liabilities are liquidated by the fund in which incurred.

\*Balances restated due to D6 fund change from governmental to an enterprise fund in FY24.

**BANNOCK COUNTY, IDAHO**  
Notes to Financial Statements - Continued  
September 30, 2024

**G. Fund Equity**

*Bannock County's financial policies outline the following classifications of fund balance that are reported on the governmental funds' balance sheet (pages 24-25):*

*Committed* - This portion of fund balance reflects the amount of fund balance that is considered the 'minimum fund balance' the County desires to keep on hand to mitigate current and future risks and ensures service levels. This formal policy adopted by the BOCC states the minimum fund balance is 25% of budgeted expenditures for all funds unless that fund requires a higher percentage due to instability or late funding. For example, we receive PILT funding in June/July therefore, reserves are maintained at 75% of budgeted expenditures. The County Boat Fund is also held at 75% of budgeted expenditures. Unstable funds; the Justice Fund, District Court Fund, Indigent Fund, and Liability Insurance Funds are held at 30% of budgeted expenditures.

*Assigned* - If the County had any special revenue funds that did not meet the definition of a special revenue fund they would be combined with the General Fund and their total fund balance would be considered "assigned" for their fund. Currently, all special revenue funds meet the definition and stand alone.

	Major Special Revenue Funds					NonMajor Funds
	General Fund	Justice Fund	Road & Bridge	Ambulance District	Grant Funds	
<b>Fund Balances</b>						
Assigned for:						
Law Enforcement	\$ -	\$ 7,996,524	\$ -	\$ -	-	\$ -
Attorney Services	-	1,755,335	-	-	-	-
Road Maintenance	-	-	5,008,713	-	-	-
Health/Human Programs	-	-	-	1,604,593	-	719,347
Capital Purchases	2,500,000	1,500,000	4,250,000	2,000,000	-	1,906,776
Bldg/Maintenance	800,000	-	-	-	-	-
Legal	-	-	-	-	-	-
Noxious Weed	-	-	-	-	-	236,130
District Court	-	-	-	-	-	2,371,050
County Recreation	-	-	-	-	-	1,145,000
General Gov't Operations	558,323	-	-	-	-	1,090,037
<b>Total</b>	<b>\$ 3,858,323</b>	<b>\$ 11,251,859</b>	<b>\$ 9,258,713</b>	<b>\$ 3,604,593</b>	<b>\$ -</b>	<b>\$ 7,468,340</b>

*Unassigned* - This amount also reflects the residual net resources or total fund balance in excess of the other classifications, also know as 'surplus' and is available for any purpose. The General Fund is the only fund that reflects a positive "unassigned" since any surplus within a special revenue fund is automatically "assigned" to that fund per the definition of a special revenue fund. Any negative "unassigned" amounts reflect 'deficits' where there is an excess of other classifications over total fund balance.

**III. OTHER INFORMATION**

**A. Risk Management**

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; employee injuries, natural disaster, and employee health. Except for employee health, which is partially insured, risks of loss are insured by the purchase of commercial insurance through participation in the Idaho Counties Risk Management Program. Under the terms of the ICRMP policy, Bannock County's liability is limited to the amount of annual financial membership contributions plus deductible. The County is also protected for Weed Spraying Liability claims up to \$500,000 with a \$2,500 deductible for County property claims only. The Risk Management Department is funded by an annual property tax tort levy which has no maximum levy limit.

Other than employee health claims, as discussed below, settled claims resulting from the other risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**BANNOCK COUNTY, IDAHO**  
Notes to Financial Statements - Continued  
September 30, 2024

**B. Health Benefits**

Beginning January 1, 2005, Bannock County became a member of the Government Employees Medical Plan (GemPlan). This legal entity was created by State of Idaho political subdivisions under Idaho Code 67-2326 through 67-2333 to provide a partially self-funded employee health benefits pooling program. Bannock County pays actual costs for employee health claims; the GemPlan has reinsurance contracts for claims in excess of the \$125,000 stop loss amount. This health benefit plan is accounted for as part of the General Fund and is being administered by the GemPlan Board of Trustees.

A history of changes in the Fund's claims liability amount from fiscal year 2014 to date are below:

<u>Fiscal Year</u>	<u>Beginning Liability</u>	<u>Current Year Claims &amp; Changes in Estimates</u>	<u>Claim Payments</u>	<u>Ending Liability</u>
2014	\$325,000	\$ 4,779,302	\$ (4,779,302)	\$ 325,000
2015	325,000	5,507,850	(5,407,850)	425,000
2016	425,000	5,289,881	(5,364,881)	350,000
2017	350,000	5,563,258	(5,603,258)	310,000
2018	310,000	5,504,250	(5,414,250)	400,000
2019	400,000	7,076,458	(7,126,458)	350,000
2020	350,000	6,772,499	(6,472,499)	650,000
2021	650,000	7,640,432	(7,690,432)	600,000
2022	600,000	7,535,717	(7,385,717)	750,000
2023	750,000	9,004,352	(9,004,352)	750,000
2024	750,000	9,451,629	(9,601,629)	600,000

All funds participate and make payments to the health benefit plan based on estimates of potential usage as per the requirements of Governmental Accounting Standards Board Statement No.10. This requires that a liability for claims be reported if information prior to the issuance of the financial statements indicate that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Cash reserves and incurred but not reported (IBNR) amounts of \$600,000 includes any specific incremental adjustment expense.

A separate report may be obtained through written request to the GemPlan, 1575 Baldy Ave, Pocatello, Idaho, 83201 or by calling (208)237-9696

**C. Pension Plan**

Bannock County contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at [www.persi.idaho.gov](http://www.persi.idaho.gov).

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

*Pension Benefits*

The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age, and highest average salary. Members become fully vested in their retirement benefits with five years of credited service (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited services is 2.0% (2.3% for police/firefighters) of the average monthly salary for the highest consecutive 42 months.

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided the Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

**BANNOCK COUNTY, IDAHO**  
Notes to Financial Statements - Continued  
September 30, 2024

*Member and Employer Contributions*

Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) that are adequate to accumulate sufficient assets to pay benefits when due.

The contribution rates for employees are set by statute at 60% of the employer rate for general employees and 74% for police and firefighters as of June 30, 2024 it was 6.71% for general employees and 9.83% for police and firefighters. The employer contribution rate as a percent of covered payroll is set by the Retirement Board and was 11.18% general employees and 13.26% for police and firefighters. Bannock County's contributions were \$2,635,178 for the year ended September 30, 2024.

*Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.*

At September 30, 2024, Bannock County reported a liability (asset) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined an actuarial valuation as of that date. Bannock County's proportion of the net pension liability (asset) was based on Bannock County's share of contributions in the Base Plan pension plan relative to the total contributions of all participating PERSI Base Plan employers. At June 30, 2024, Bannock County's proportion was .4753126 percent.

For the year ended, September 30, 2024, Bannock County recognized pension expense of \$5,113,451. At September 30, 2024, Bannock County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience.	\$ 2,830,701	\$ -
Changes in assumptions or other inputs.	704,343	-
Net difference between projected and actual earnings on pension plan investments.	(322,732)	-
Changes in the employer's proportion, differences between the employer's contributions, and the employer's proportionate contributions.	-	-
Employer contributions subsequent to the measurement date.	626,871	-
Total	\$ 3,839,183	\$ -

\$626,871 reported as deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability/OPEB Liability or collective net pension/OPEB liability in the subsequent fiscal year.

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2024 the beginning of the measurement period ended June 30, 2023 is 4.6 and 4.6 for the measurement period June 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows or resources related to pensions will be recognized in pension expense (revenue) as follows:

Year Ended September 30	Expense (Revenue)
2025	\$ 877,537
2026	3,315,081
2027	(571,679)
2028	(408,627)

**BANNOCK COUNTY, IDAHO**  
Notes to Financial Statements - Continued  
September 30, 2024

**Actuarial Assumptions**

Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. The Base Plan amortizes any unfunded actuarial accrued liability based on a level percentage of payroll. The maximum amortization period for the Base Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

▪ Inflation	2.30%	
▪ Salary Increases	3.05%	
▪ Salary Inflation	3.05%	
▪ Investment Rate of Return	6.35%, net of investment expenses	
▪ Cost-of-Living Adjustments	1%	
▪ General Employees and All Beneficiaries - Males		Pub-2010 General Tables, increased 11%.
▪ General Employees and All Beneficiaries - Females		Pub-2010 General Tables, increased 21%.
▪ Fire & Police - Males		Pub-2010 Safety Tables, increased 21%.
▪ Fire & Police - Females		Pub-2010 Safety Tables, increased 26%.

An experience study was performed for the period July 1, 2015 through June 30, 2020 which reviewed all economic and demographic assumptions other than mortality. The Total Pension Liability as of June 30, 2024 is based on the results of an actuarial valuation date of July 1, 2024.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

The best-estimated range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are as of 2024.

<b>Asset Class</b>	<b>DB Plans</b>	<b>Sick Leave</b>
Fixed Income	30.00%	50.00%
US/Global Equity	55.00%	39.30%
International Equity	15.00%	10.70%

**Discount Rate**

The discount rate used to measure the total pension liability was 6.35%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

**BANNOCK COUNTY, IDAHO**  
Notes to Financial Statements - Continued  
September 30, 2024

*Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate.*

The following presents the Employer's proportionate share of the net pension liability calculated using the discount rate of 6.35 percent, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.35 percent) or 1-percentage-point higher (7.35 percent) than the current rate:

	1% Decrease	Current Discount	1% Increase
Employer's proportionate share of the net pension liability (asset)	5.35%	6.35%	7.35%
	\$ 33,787,077	\$17,779,757	\$4,705,856

*Pension Plan Fiduciary Net Position*

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at [www.persi.idaho.gov](http://www.persi.idaho.gov).

*Payables to the Pension Plan*

At September 30, 2024, Bannock County did not have any payables to the defined benefit pension plan.

**D. Landfill Closure**

In October 1993, Bannock County began receiving waste in a new solid waste landfill which is subject to the U.S. Resource Conservation and Recovery Act and the Idaho Solid Waste Facilities Act. The County does not have other facilities subject to these acts.

Using the Auto CAD volume determination utility, the estimated capacity of the landfill is 5,400,413 tons for 2 and 4 cells. The current percentage used to date is estimated at 98.9% of capacity for cell 2 and 61.1% of capacity for cell 4. Closure and post closure costs estimated at \$8,154,050 will be recognized in annual financial reports based on actual capacity used each year.

Closure and post closure costs for current usage as of September 30, 2024, would be \$6,496,745. Closure and post closure costs remaining to be recognized over the remaining estimated useful life would be \$1,657,305. Financial assurance to cover these costs may possibly be met by registered warrants as provided by Idaho Code 39-7417. There is less than one year of remaining life for cell 2 and six months for cell 4. Cell 4 is undergoing an expansion that will add 20 years of air space and 6 years of lined space.

The total landfill area is 620 acres. Current cells cover 23 acres. The elements of estimated closure and post closure costs for erosion control, groundwater and gas monitoring, leachate treatment, well monitoring, well replacement, and maintenance and inspection of the final cover costs are projected over a 30-year monitoring requirement. The cost estimates are based on current costs and may change due to inflation, deflation, technology, or applicable laws and regulations.

**E. Litigation**

The County is a defendant in various lawsuits arising in the ordinary course of its operation. Currently, there are no material legal lawsuits against the County that would affect the financial condition or results of operations of the County on September 30, 2024.

The County is a recipient of federal funds and is subject to audits by governmental agencies. County officials are of the opinion that findings, if any, resulting from these audits, will not materially affect the financial condition of the County.

**F. Commitments**

The County enters into numerous contracts as a part of normal business. Currently, the County is in seven contracts that exceed one year, these contracts will have auto renewal clauses with termination clauses with written notice.

- Summit Foods provides food service for our jail, one-year auto renewal, 30-day termination;
- Ivy Medical provides inmate health care for our jail, one-year auto renewal, 30-day termination;
- Acme Pro Pyro provides fireworks for our July 4 event, 2 one-year auto renewals, 30-day termination;
- Avertest, LLC provides drug testing for probation, 2 one-year auto renewals, 90-day termination;
- Volstar Productions, LLC provides concert production services, 2 one-year auto renewals, 30-day termination;
- Cognitive Restructuring, LLC provides counseling and parenting education for our domestic violence grant, 2 one-year auto renewals, 15-day termination;
- Night Owl Janitorial provides cleaning services our facilities, three-year auto renewal, 90-day termination;

**G. Post-Employment Benefits**

*Plan Description*

Bannock County has an agent multiple-employer post-employment benefit that includes the Public Employee Retirement Plan which is explained in the pension plan note. Also, early retiree benefits are available to eligible elected officials and employees.

Bannock County's Post Retirement Healthcare Plan is administered by the Government Employees Medical Plan (Gem Plan). Gem Plan provides medical, dental, and vision coverage for eligible retirees and eligible dependents. Eligible retirees include employees who are age 55 years or older and have completed 20 years of continuous service with Bannock County or is an elected official who has completed 5 years of continuous service with Bannock County. Early retirees are eligible for coverage until the early retiree is eligible for Medicare.

*Plan Membership* - As of October 1, 2022 the plan membership data is as follows:

Active employees	389
Retirees or Spouses	28
	<u>417</u>

**Funding Policy**

Bannock County has the authority to establish and amend employee benefit plans. The contribution requirement of plan members is established and approved by Bannock County Commission in conjunction with Gem Plan. The required contribution is based on projected pay-as-you-go financing requirements. Retirees are required to pay COBRA premium rates; monthly contribution rates in effect as of the end of fiscal year 2024 were as follows:

	Medical	Dental	Vision	Total
Retiree	\$ 340.39	\$ 43.55	\$ 11.87	\$ 395.81
Retiree and Spouse	613.59	75.83	21.33	710.75
Retiree and 1 child	556.47	68.77	19.34	644.58
Retiree and 2+ children	624.17	77.14	21.70	723.01
Family	876.48	107.22	30.14	1,013.84

**Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation as of October 1, 2022 and a measurement date as of October 1, 2023. The following actuarial assumptions applied to all periods in the measurement, unless otherwise specified:

Actuarial cost method	Entry age, level percentage of pay
Salary increases	Use service graded table
Inflation	2.5%
Municipal bond rate	4.4% (estimate yield of 20 years. AA Rated Municipal Bond)
Healthcare cost trend rates	6.25% decreasing to 5.0% then 4.0%
Mortality	Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables with MP-2021 Generational Improvement Scale

Notes to Financial Statements - Continued  
September 30, 2024

**H. Tax Abatements**

Bannock County had two tax abatements for companies that qualify for the State of Idaho property tax exemption associated with Idaho Statue 63-602NN codename. This statute allows County Commissioners the ability to grant a property tax exemption for plant investments if the County has an ordinance in place that establishes eligible criteria. Bannock County adopted ordinance 2017-7 on August 22, 2017 that established criteria of a minimum plant investment of not less than \$500,000. This investment does not include land.

Abatements or exemptions are requested of the commission by qualifying companies and ratified through a resolution. The assessors office reduces the successful company's assessed valuation by the percent stipulated in the resolution, this is done each year until the agreement expires. These exemptions affect other taxing districts where the company resides.

The abatements granted that affect Bannock County, the City of Pocatello, and School District #25, are as follows:

**Amy's Kitchen** - 100% assessed value exemption for a rolling 5 years.

Tax Year	2015= \$5,149,896 value exemption or \$112,041 property tax total (\$33,819 Bannock County portion)
	2016= \$38,999,108 value exemption or \$839,861 property tax total (\$249,311 Bannock County portion)
	2017= \$48,415,872 value exemption or \$1,051,504 property tax total (\$313,103 Bannock County portion)
	2018= \$47,972,863 value exemption or \$1,050,086 property tax total (\$313,216 Bannock County portion)
	2019= \$33,709,250 value exemption or \$643,886 property tax total (\$193,877 Bannock County portion)
	2020= \$42,849,695 value exemption or \$664,717 property tax total (\$194,740 Bannock County portion)
	2021= \$39,305,102 value exemption or \$652,008 property tax total (\$195,471 Bannock County portion)
	2022= \$16,699,049 value exemption or \$188,911 property tax total (\$59,621 Bannock County portion)
	2023= \$854,770 value exemption or \$9,670 property tax total (\$2,575 Bannock County portion)

**Great Western Malting** - 75% assessed value exemption for a rolling 5 years.

Tax Year	2018= \$76,784,357 value exemption or \$1,680,746 property tax total (\$501,327 Bannock County portion)
	2019= \$81,633,357 value exemption or \$1,559,293 property tax total (\$469,510 Bannock County portion)
	2020= \$81,663,460 value exemption or \$1,266,826 property tax total (\$371,137 Bannock County portion)
	2021= \$81,667,546 value exemption or \$1,354,732 property tax total (\$406,147 Bannock County portion)
	2022= \$73,956,403 value exemption or \$836,643 property tax total (\$264,047 Bannock County portion)
	2023= \$8,280,270 value exemption or \$93,672 property tax total (\$24,946 Bannock County portion)

**I. Change to or within Financial Reporting Entity**

The D6 department was a part of the Grant fund which was a major fund, the D6 Fund is now a non-major enterprise fund effective at the beginning of fiscal year 2024. The Forensic Pathology Fund was an Enterprise Fund and due to the unanticipated termination of this program during fiscal year 2024, the fund was consolidated with the General Fund. The effects of this change is below.

***Change in Accounting Estimate***

During fiscal year 2024, Bannock County implemented new software to track our fixed assets to include depreciation. When implementing the information it was determined the useful life of assets needed adjusted, as well as, some classifications of assets. The effects of this change is below.

	9/30/2023 as previously reported	Change to or within Financial Reporting Entity	Change in Accounting Estimate*	9/30/2023 as restated
<b>GOVERNMENT-WIDE</b>

Notes to Schedule:

*Changes in benefit terms.* There are no changes of benefit terms.

*Changes of assumptions.* Changes of assumptions and other inputs reflect the effect of changes in the discount rate each period.

For the above OPEB Plans, no assets are accumulated in a trust that meets the criteria in GASB statement no. 75, paragraph 4; these benefits are funded on a pay-as-you go basis.

\*GASB Statement No. 75 requires ten years of Information to be presented in this table. However, until a full 10-year trend is compiled, the County will present Information for those years for which Information is available. Data reported is measured as of October 1 each fiscal year.

## **BANNOCK COUNTY, IDAHO**

### **Basis of Budgetary Reporting, Stewardship, Compliance, and Accountability**

September 30, 2024

#### **I. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

##### **A. Basis of Budgetary Accounting**

The County is required by State Law to adopt annual budgets on all governmental funds that cover a period from October 1 through September 30. All adopted budgets are prepared in accordance with the modified accrual basis of accounting and are adopted on a basis consistent with generally accepted accounting principles.

##### **B. Budgetary Information**

All County department heads are required to submit their annual budget requests to the County Auditor by the third Monday in May. The County Auditor is the Budget Officer and, as such Budget Officer, it is his duty to compile and prepare a preliminary budget for consideration by the County Commissioners. The budget is prepared by fund, department, activity, and object, and includes appropriated budgets for the prior two years, year-to-date expenditures, and requested appropriations for the next fiscal year.

On or before the first Monday in August, the County Budget Officer submits the proposed budget to the County Commissioners for review and approval. When the tentative budget has been approved, it must be published in an area newspaper. On or before the Tuesday following the first Monday of September each year, the Board of Commissioners meet to hold a public budget hearing, at which time any taxpayer may appear and be heard upon any part or parts of said tentative budget. Such hearing may be continued from day to day until concluded, but not to exceed a total of five (5) days.

Upon conclusion of such hearing, the County Commissioners fix and determine the amount of the appropriated budget for each department of the County which, in no event, shall require more property tax funding than the amount of the published budget. The appropriated budget is adopted by resolution in the official minutes of the board.

During the fiscal year, the Board of County Commissioners may amend the annual appropriated budget by unanimous resolution in case of an emergency, through the courts, or by the budget hearing process. The appropriated budget can only be increased by an amount equal to unanticipated revenues. In no event can property taxes be increased. Management at the departmental level does not have authority to amend the budget.

The County employs budgetary integration as a management control device during the year for all governmental funds. All appropriations lapse at the end of the fiscal year. Appropriation accounts may remain open until the first Monday in November for the payment of claims incurred against such appropriations prior to the close of the fiscal year. After the first Monday in November, the appropriations become null and void and any lawful claims presented thereafter against any subsequent appropriation will be provided for in the ensuing budget.

Expenditures may not exceed budgeted appropriations for personnel services or other expenditures at the department level in the General and Justice Funds and at the fund level in all other funds except for emergency expenditures as defined by Idaho Code 31-1608. Budget amounts are as originally adopted or as amended either by judicial order or through a scheduled budget hearing for receipt of unanticipated revenues. During the year, \$941,874 of appropriations was amended within departments by Commission resolution.

The following departments overspent their budgeted appropriations: Within the Fair Exhibit Fund, the fair department, budget was overspent by \$13,443 and fair trust overspent by \$67,173; there were sufficient revenues and reserves to cover the expenditures. Within the Indigent Fund, Court Appointed Public Defender department, budget was overspent by \$17,810, the overage was covered by reserves. Within the County Boat Fund, budget was overspent by \$745, there were sufficient reserves to cover the expenditures.

## NONMAJOR GOVERNMENTAL FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes or for sound financial management.

District Court - This fund was established to pay for all court expenditures other than courthouse construction and remodeling. Idaho Code 31-867

Maximum tax levy:	0.000400000
Current tax levy:	0.000189226

Fair District - This fund is used to account for the County's apportionment of the joint district fair. Idaho Code 22-307

Maximum tax levy:	0.000100000
Current tax levy:	0.000001115

Fair Maintenance - This fund is used for maintenance of County fairgrounds. Idaho Code 31-822

Maximum tax levy:	0.000100000
Current tax levy:	0.000010274

Fair Exhibit - This fund is for the purpose of collecting, preparing, and maintaining an exhibition of the products and industries of Bannock County at the County fair. Idaho Code 31-823

Maximum tax levy:	0.000200000
Current tax levy:	0.000040633

Health District - This fund is to account for the County's portion of services provided on a regional basis by the State of Idaho for preventive health services. Idaho Code 31-862

Maximum tax levy:	0.000400000
Current tax levy:	0.000125910

Historical Society - This fund is used for the support of County historical societies. Idaho Code 31-864

Maximum tax levy:	0.000120000
Current tax levy:	0.000010597

Indigent - This fund was established to safeguard the public health, safety, and welfare for the care and medical needs of indigent persons of the County. Idaho Code 31-3503

Maximum tax levy:	0.001000000
Current tax levy:	0.000000000

Junior College - This fund is used to pay tuition for county students attending out of district community colleges. Idaho Code 33-2110A

Maximum tax levy:	0.000100000
Current tax levy:	0.000000000

Parks and Recreation - This fund is used to account for operations in the Events Center. Idaho Code 31-4318

Maximum tax levy:	0.000100000
Current tax levy:	0.000095498

Appraisal - This fund was established to provide a continuing program of valuation of all properties and that all parcels of property under the assessor's jurisdiction in the County are appraised at current market value for assessment purposes. Idaho Code 63-314.3

Maximum tax levy:	0.000400000
Current tax levy:	0.000183618

Veterans Memorial - This fund is used to assist in the maintenance, upkeep, and repair of servicemen's memorials within the County. Idaho Code 65-103

Maximum tax levy:	0.000100000
Current tax levy:	0.000009589

Noxious Weed - This fund is used to account for operations of noxious weed control throughout the County. Idaho Code 22-2406

Maximum tax levy:	0.000600000
Current tax levy:	0.000039937

Mosquito Abatement - This fund is used to account for operations of an abatement district to control mosquitoes throughout the County. Idaho Code 39-2805

Maximum tax levy:	0.001000000
Current tax levy:	0.000020072

(Continued)

## NONMAJOR GOVERNMENTAL FUNDS

### Special Revenue Funds (Continued)

PILT - This fund was created to account for the receipt and disbursement of payment in lieu of taxes revenues received from the federal government. *No tax levy revenue is involved in this fund.*

Snowmobile - This fund is used to account for the monies received and expenditures incurred to provide snowmobile recreation within the County. Idaho Code 67-7106. *No tax levy revenue is involved in this fund.*

County Boat - This fund accounts for operations of the County boat patrol and other expenditures related to improvements of public waterways within the County. Idaho Code 57-1501. *No tax levy revenue is involved in this fund.*

Opioid Settlement- This fund is used to account for monies received and expenditures incurred from opioid settlement funds. *No tax levy revenue is involved in this fund.*

Juvenile Facilities - This fund is used to account for the operations of the Regional Juvenile Detention Center. This facility was formed through a Joint Powers Agreement. *No tax levy revenue is involved in this fund.*

This page contains no financial information.

## NONMAJOR PROPRIETARY FUNDS

Proprietary funds account for the County operations that provide goods or services to the general public and finance their operations mainly through user charges. The following provides a brief description of the proprietary funds.

### Enterprise Funds

Emergency Communications - This fund is used to account for initiation, maintenance, and enhancement of a consolidated emergency communications system (911) within the County. A telephone user fee, not to exceed one dollar, was authorized by the electorate of the County to provide for the funding. Idaho Code 31-48

No tax levy revenue is involved in this fund.  
Current user fee is one dollar per month.

Bannock County Events - This fund is used for the operations of County events under our operations, which include concerts in our Amphitheater, concessions July 4 event, and other events ran by Bannock County. User fees will provide funding for this fund.

No tax levy revenue is involved in this fund.

D6 - This fund is used for the operations of D6 treatment services. User fees will provide funding for this fund.

No tax levy revenue is involved in this fund.

## **CUSTODIAL FUNDS**

Custodial Funds account for the receipt and disbursement of various monies and property collected by the County, acting in the capacity of an agent, for distribution to other governmental units, organizations, or individuals.

State of Idaho Fund - This fund is used to account for the collection of monies to be paid to the State including sales tax.

Special Taxing Districts - These funds are used to account for the collection of property taxes and other revenues billed and collected by the County on behalf of the County Taxing Districts.

Unapportioned Land Sale - This fund is used to account for the collection of revenue from sales of County tax deed property to be distributed to other agencies.

Restitution - This fund is used to account for the collection of fines and fees to be distributed to other agencies and private persons.

Commissary - This fund is used to account for prisoner funds.

Court and Civil Suspense - This fund is used to account for funds collected by the courts and civil departments to be distributed to other entities or private persons through the court processes.

Evidence - This fund is used to account for cash confiscated in drug related cases seized by law enforcement, then forfeited as being either proceeds or used to facilitate a drug related crime.

# STATISTICAL SECTION

This part of Bannock County's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

<b><u>Contents</u></b>	<b><u>Page</u></b>
<b>Financial Trends</b> Schedules 1-4 contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	110
<b>Revenue Capacity</b> Schedules 5-8 contain information to help the reader assess the County's most significant local revenue source, the property tax.	115
<b>Debt Capacity</b> Schedules 9-11 present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	120
<b>Demographic and Economic Information</b> Schedules 12-13 offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	123
<b>Operating Information</b> Schedules 14-16 contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	125

**Sources:** Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

See following Note to the Schedule of Expenditures of Federal Awards.

**BANNOCK COUNTY, IDAHO**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
For the Fiscal Year Ended September 30, 2024

---

**Note 1. Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the "schedule") includes the federal award activity of Bannock County, Idaho under programs of the federal government for the year ended September 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Bannock County, Idaho, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Bannock County, Idaho. The reporting entity is defined in Note I-A to the County's basic financial statements.

**Note 2. Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting as described in Note I-C to the County's basic financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**Note 3. De Minimis Indirect Cost Rate**

Bannock County, Idaho has elected not to use the 10-percent *de minimis* indirect cost rate allowed under the Uniform Guidance.

**Note 4. Pass-Through Subrecipients**

Bannock County, Idaho has elected not to pass-through federal funds to any subrecipients.

## **Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

Board of County Commissioners  
Bannock County, Idaho  
Pocatello, Idaho

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Bannock County, Idaho, as of and for the year ended September 30, 2024 and the related notes to the financial statements, which collectively comprise the Bannock County, Idaho's basic financial statements, and have issued our report thereon dated July 23, 2025.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Bannock County, Idaho's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bannock County, Idaho's internal control. Accordingly, we do not express an opinion on the effectiveness of Bannock County, Idaho's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is reasonable possibility that a material misstatement of Bannock County, Idaho's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Bannock County, Idaho's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Bannock CountyBannock Countyin a separate letter dated July 23, 2025.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Bannock County, Idaho's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bannock County, Idaho's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
