

**IN THE DISTRICT COURT OF THE SIXTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO**

RE: ORDER PROHIBITING
COMMENCEMENT OF JURY TRIALS IN
CERTAIN COUNTIES IN THE SIXTH
JUDICIAL DISTRICT OCTOBER 19
THROUGH OCTOBER 23, 2020

ADMINISTRATIVE ORDER
2020-24

WHEREAS on October 8, 2020, the Idaho Supreme Court issued its Order entitled “In Re: Jury Trials,” the provisions of which govern the conduct of jury trials in Idaho (“Jury Trial Order”); and,

WHEREAS on September 10, 2020, the Idaho Supreme Court issued a further Order regarding Jury Trials entitled “Re: Commencement of Jury Trials” (“Jury Trial Commencement Order”) that requires the Administrative District Judge to review the Cases by County page of the Idaho Department of Health and Welfare’s COVID-19 Data Dashboard (Dashboard) each week to determine if criminal jury trials may proceed for a particular county for a given week; and,

WHEREAS Section 4 of the same Jury Trial Commencement Order permits the Administrative District Judge to exercise discretion to enter an order, in writing and containing a factual basis, to prohibit the commencement of jury trials where there are circumstances beyond the incident rates which pose a substantial increase in the health or safety risks to jury trial participants; and,

WHEREAS the Administrative District Judge has determined upon review of the Dashboard that a discrepancy exists between confirmed and probable cases reported by the Southeastern Idaho Public Health District for the counties in the Sixth Judicial District and the confirmed and probable cases reported on the Dashboard for those same counties; and,

WHEREAS the Administrative District Judge finds this discrepancy impacts the 7 day moving average incidence rate per 100,000 population displayed on the Dashboard for the counties in the Sixth Judicial District in a way that poses a substantial increase in the health or safety risks to jury trial participants because it does not reflect the confirmed and probable cases reported by the Southeastern Idaho Health District; and,

WHEREAS calculation of the 7 day moving average incidence rate per 100,000 population for certain counties in the Sixth Judicial District based upon confirmed and probable cases reported by the Southeastern Idaho Public Health District do not meet the standards regarding 7 day moving average incidence rates per 100,000 population set in Section 3(a) or 3(b) of the Jury Trial Commencement Order to resume jury trials.

IT IS HEREBY ORDERED that the following Counties of the Sixth Judicial District **SHALL NOT** conduct jury trials for the week of October 19-October 23, 2020 and that any jury trial set to proceed during that time frame in those counties shall be vacated and reset:

Bannock County
Caribou County
Franklin County
Oneida County
Power County

Dated this 16th day of October 2020.

A handwritten signature in black ink, reading "Robert C. Naftz", written over a horizontal line.

One Hundred and Six New COVID-19 Cases Identified in Southeastern Idaho

Southeastern Idaho Public Health has 106 new confirmed cases of COVID-19 (51 in Bannock County, 1 in Bear Lake County, 20 in Bingham County, 4 in Butte County, 11 in Caribou County, 10 in Franklin County and 9 in Power County) in southeast Idaho. This brings the total of confirmed and probable cases to 3,695. Out of the 3,695 cases, 2,954 have recovered from COVID-19.

For southeast Idaho specific information about the novel coronavirus, please visit <https://siphidaho.org/coronavirus.php>.

To help prevent the spread of this virus, it is more important than ever that the public follows the following prevention methods.

- Follow Governor Little's Statewide Stay-Healthy Idaho Order at rebound.idaho.gov.
- Wear cloth face coverings in public places.
- Practice social distancing (6ft).
- Stay home if you are sick.
- Avoid people who are sick.
- Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer with at least 60% alcohol.
- Cover your nose and mouth with a tissue or your sleeve when you cough or sneeze.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Cleaning and disinfecting surfaces and objects that may be contaminated with germs using a disinfecting solution.

If you believe you have been exposed, make sure to self-isolate. If you need medical attention, please call your healthcare provider in advance of a visit to discuss your symptoms and next steps. Testing is available by calling 208-234-5875.

SIPH has a call center to field questions from the community and is open Monday-Friday 9:00 a.m. to 4:30 p.m. You can reach the hotline at (208) 234-5875.
