- JASON C. DIXON -

Clerk of the District Court – Auditor – Recorder

April 2, 2020

To the Board of County Commissioners
And the Citizens of Bannock County, Idaho:

State law requires that all general-purpose local governments with an annual budget that exceeds two hundred fifty thousand dollars annually submit a complete set of financial statements to the legislative council. The financial statements must be presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of Bannock County, Idaho ("County"), for the fiscal year ended September 30, 2019. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

WIPFLI, LLP a firm of licensed certified public accountants, has audited the County's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2019, are free of material misstatement. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended September 30, 2019, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The MD&A is designed to complement the letter of transmittal and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Bannock County is located, geographically, in the southeast corner of Idaho, about midway between Salt Lake City, Utah and the west entrance of Yellowstone National Park. Bannock County was established on March 6, 1893, being formed out of what was then the southern portion of Bingham County. The most current population estimate of Bannock County is 87,138. The majority of the County's population resides in the county seat of Pocatello, with a population numbering over 55,000.

A three member elected commission with overlapping terms governs the County. Responsibilities of the County Commissioners include passing ordinances and resolutions, adopting the budget, and appointing the heads of various departments. Other elected officials within the County are Clerk/Auditor/Recorder, Assessor, Coroner, Prosecutor, Sheriff, and Treasurer.

The County provides a full range of services under its general governmental functions. These services include public safety and protection, sanitation services, health and social services, culture and recreation, road and bridge construction and maintenance, planning and zoning, and general administrative services. Also included are services related to property assessment, budget development and administration, financial management, tax collection and investment of County assets, judicial administration, public records management, elections administration, and jury management. In addition, sanitation and emergency communications services, are provided under an enterprise fund concept, with user charges providing revenue to pay operating expenses.

The County Commission is required to annually adopt a final budget by no later than the second Monday in September. This annual budget serves as the foundation for Bannock County's financial planning and control. The budget is prepared by fund, department, activity, and object. Each elected official and department manager submits, for approval, a budget request of operating and capital expenditure appropriations to the Bannock County Clerk. The Clerk submits to the Board of County Commissioners such department requests including an alternative recommendation, if needed, as the Clerk is obliged to provide possible funding sources to the Board with such recommendations. The Board then considers and contrasts or modifies such budget considerations for public hearing before approval. In addition, the County maintains ongoing budgetary controls throughout the operating year. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual adopted budget process, Idaho Budget Statutes, and Federal Regulation. Activities of the federal, special revenue, and enterprise funds are included in the annual appropriated budget.

The adopted budget is then integrated with the County's accounting system to ensure reasonable and timely management control over spending throughout the year. The amount of budgetary control (level at which expenditures cannot legally exceed the appropriated amount) is established for personnel services and other charges and services (including capital outlay) at the department level for the General and Justice Funds. All other funds, except for emergency expenditures as defined by Idaho Code 31-1608, are managed and accounted for at the fund level. Final budget amounts are as originally adopted or as amended either by judicial order or through scheduled budget hearing procedures for receipt of unanticipated revenues as allowed by Idaho Statute.

The County does not utilize encumbrance accounting.

During the fiscal year, the Board of County Commissioners may amend the annual appropriated budget by unanimous resolution in case of an emergency, through the courts, or by the budget hearing process. The appropriated budget can only be increased by an amount equal to unanticipated revenues. In no event can property taxes be increased. Management at the departmental level does not have authority to amend the budget.

The accompanying CAFR includes the financial activities of the County. The County has no component units.

Local Economy

Bannock County is diverse in an economic sense and has tended to remain more resilient during major economic shifts, in part, because of that diversity. Pocatello is the home of Idaho State University, one of Idaho's three principal universities. This factor and other unique geographical features have served to allow the Bannock County area to be an economic, recreational, and cultural hub of Eastern Idaho.

The government sector provides many jobs to the Bannock County area with agencies such as Idaho State University, the Idaho Women's Correctional Facility, FBI, US Federal Court House, US Forest Service, BLM, Idaho Fish and Game, and local cities and school districts. Bannock County is benefiting from expanding research and energy programs at Idaho State University and ON Semiconductors. The FBI facility is also expanding.

As of September 30, 2019, local unemployment is 2.7 percent while the state average was 2.9 percent; both were lower than the national average rate of 3.6 percent. Major industries with headquarters or divisions located within the County or in proximity, include fertilizer and chemical manufacturers, computer microchip manufacturers, and producers of electrical utility services. The federal government also has a major economic presence in the area, with the Idaho National Laboratory (INL), the largest employer in southeastern Idaho.

Long-term Financial Planning

Bannock County finished installing a second generator at our Landfill during fiscal year 2019. The County is projecting increased revenue that should exceed the operating costs as well as help the environment. Bannock County is continuing work with the Department of Environmental Quality (DEQ) on groundwater remediation monitoring, this will be a multi-year process.

Bannock County has received increased highway user funding due to legislation changes at the State level, and is excited to be able to work towards improving the road system with this additional funding. These projects will include chip sealing and overlaying more roads than could have been budgeted for without this funding.

Awards and Acknowledgments

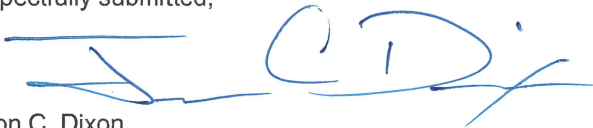

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Bannock County for its comprehensive annual financial report for the fiscal year ended September 30, 2018. This was the twenty-fifth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. It is believed that the current comprehensive annual financial report continues to meet the Certificate of Achievement requirements and will be submitted to the GFOA to determine its eligibility for another certificate.

In closing, a brief recognition is in order for the fine work and exceptional efforts put forth by my auditing staff. This dedicated staff is first rate and highly regarded. Their dedication remains a real benefit to the County and our ability to serve and safeguard public assets successfully. This report, while significant in scope, is but a small reflection of the many hours given to assure the success of this document and our continued commitment to providing a professional level of services.

This annual financial report for Bannock County is, hereby, offered to the Board of County Commissioners, interested parties, and the citizens of Bannock County for their consideration.

Respectfully submitted,

Jason C. Dixon
County Clerk

INDEPENDENT AUDITOR'S REPORT

Honorable Board of County Commissioners
Bannock County, Idaho

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bannock County, Idaho, (the County) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bannock County, Idaho as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States.

Other Matters – Prior Year and Summarized Comparative Information

The financial statements of Bannock County, Idaho for the year ended September 30, 2018, were audited by another auditor, who expressed an unmodified opinion on those statements on March 26, 2019. In our opinion, the

summarized comparative information presented herein as of and for the year ended September 30, 2018, is consistent, in all material respects with the audited financial statements from which it has been derived.

Other Matters - Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis, budgetary comparison information, and other required supplementary information on pages 11 through 20 and pages 55 through 64 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Matters - Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and other schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and other schedules listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the combining and individual nonmajor fund financial statements and other schedules listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory, capital asset schedules, and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 2, 2020, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of Bannock County, we offer readers of Bannock County's financial statements this narrative overview and analysis of the financial activities of Bannock County for the fiscal year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page 1 of this report.

Financial Highlights

- The assets and deferred outflows of Bannock County exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$92,313,299 (net position). Of this amount, \$32,725,299 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$1,620,118.
- At the end of the current fiscal year, total fund balance for the General Fund was \$18,161,317 or 85 percent of total General Fund expenditures.
- Employee health insurance expenditures came in \$576,458 over budget.
- Bannock County allowed 65 percent of the \$3,062,359 State Revenue Sharing money to be allocated to the Justice Fund to help meet expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Bannock County's basic financial statements. Bannock County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of Bannock County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of Bannock County's assets, deferred outflows, liabilities and deferred inflows with the differences reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Bannock County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Bannock County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of Bannock County include general government, public safety, road and bridge, health and welfare, culture and recreation, agriculture, and legal and judicial. The business-type activities of Bannock County include Solid Waste and Emergency Communications.

Bannock County has no component units.

The government-wide financial statements can be found on pages 21-22 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Bannock County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Bannock County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Bannock County maintains twenty-two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Road and Bridge Fund, Justice Fund, and Ambulance District Fund, all of which are considered to be major funds. Data from the other eighteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Bannock County adopts annual budgets for most of its governmental funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 23-28 of this report.

Proprietary Funds. Bannock County maintains only one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Bannock County uses enterprise funds to account for its Solid Waste and Emergency Communications. Bannock County uses no internal service funds.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Solid Waste and Emergency Communications. Both funds are considered to be major funds of Bannock County.

The basic proprietary fund financial statements can be found on pages 29-32 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support Bannock County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statement can be found on pages 33- 34 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 35-54 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Bannock County's budgetary reporting. Required Supplementary Information and pension schedules can be found on pages 55-64 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and additional fiduciary statements are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 66-94 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Bannock County, assets and deferred outflows exceeded liabilities and deferred inflows by \$92,313,299 at the close of the most recent fiscal year.

One of the largest portions of Bannock County's net position (65 percent) reflects its net investment in capital assets (e.g., land buildings, machinery and equipment, infrastructure), less any accumulated depreciation and related debt used to acquire those assets that is still outstanding. Bannock County uses these capital assets to provide services to citizens. These assets are not available for future spending. Although Bannock County's investment in its capital assets is reported net of related debt, it should be noted that the resources to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The majority of Bannock County's net position (65 percent) is net investment in capital assets. The remaining balance of \$32,725,299 is unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

Government Net Position
at 2019

At the end of the current fiscal year, Bannock County is able to report positive balances in both categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

The government's net position increased by \$1,620,118 during the current fiscal year. The net investment in capital assets increased by \$499,434. Unrestricted net position increased by \$1,170,684; which is comprised of an increase in unrestricted net position for governmental activities of \$1,829,653 and a decrease for business-type activities of \$658,969.

Governmental Activities. Governmental activities increased Bannock County's net position by \$1,672,249, as compared to an increase of \$1,388,804 in fiscal year 2018. For comparison purposes, most revenue categories experienced growth. Property taxes increased by \$1,957,521 and sales tax receipts increased by about \$298,000. These increases in revenue were offset with added expenses that also increased by about \$5,200,000.

Expenditures increased due to the aggressive approach by current commission to meet departmental needs by adding personnel needs and operating authority.

Expenses and Program Revenues - Governmental Activities

Revenues by Source - Governmental Activities

Even though property taxes (46 percent) provide the largest percentage of County revenue, charges for services (26 percent) and operating grants (13 percent) continue to provide a large percentage of County revenue sources. County management philosophy has been to provide property tax relief through increased charges for services when appropriate.

Business-Type Activities. Business-type activities decreased Bannock County's net position by \$52,131. An increase occurred in net investment in capital assets by \$606,838 and a decrease in unrestricted net position by \$658,969, these decreases were due to an increase in projects in emergency communications.

Revenues within business-type activities have reached a plateau. The landfill has received an increase in revenue of \$151,078 when compared to last fiscal year from gate fee and city residential revenues, while revenue in emergency communications declined by \$126,679.

Expenses and Program Revenues - Business-Type Activities

Revenues by Source - Business-Type Activities

Financial Analysis of the Government's Funds

As noted earlier, Bannock County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Bannock County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Bannock County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Bannock County's governmental funds reported combined ending fund balances of \$40,991,813. Bannock County has non-spendable fund balances of \$593,494 held for inventory. Restricted fund balance monies include grant programs totaling \$1,068,283 and funding restricted programs of \$440,083. Committed fund balance totals \$10,912,151 to allow for cash flow for the first three months of the fiscal year before property tax dollars are collected. Assignments are the balance of Special Revenue Fund balance amounts held for spending by definition of the Special Revenue Fund.

The General Fund is the chief operating fund of Bannock County. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$10,919,119. As a measure of the General Fund's liquidity, it may be useful to compare this unassigned fund balance to total fund expenditures. Unassigned fund balance represents 51 percent of total General Fund expenditures.

The fund balance of Bannock County's General Fund increased by \$1,135,495 at the end of the current fiscal year. This is due to receiving unanticipated revenues of \$3.9 million; \$1.06 million from revenue sharing, \$987,000 from charges for services that were unexpected, as well as an excess of \$320,000 from licenses and permits. The extra revenue dollars exceeded the planned use of reserves that were budgeted to be used.

The Justice Fund saw an increase in fund balance of \$536,072. Expenditures came in under budget in the Sheriff's department by \$224,000 and Jail by \$222,000. Revenues have become less predictable, but still exceeded projections; sales tax revenue exceeded budget by \$225,000 and charges for services exceeded budget by \$182,000. It was anticipated \$615,000 of reserves would be used, instead reserves were built by over \$500,000.

The Road and Bridge Fund had a decrease in fund balance by \$125,509. It was anticipated to use \$1,105,000 but because of unanticipated revenues and expenditures coming in under budget, only \$125,000 was used.

The Ambulance Fund had an increase in fund balance of \$253,644. This fund is levying its maximum amount of property taxes and; therefore, doesn't see much fluctuation in fund balance unless capital purchases are made or collections on accounts increase.

Proprietary Funds. Bannock County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Solid Waste Fund at the end of the year was \$1,695,884 and the Emergency Communications operation was \$370,743. The total change in net position for the Solid Waste Fund was an increase of \$129,576 and a decrease in the Emergency Communications Fund of \$181,707.

The Solid Waste Fund has been building reserves to cover remediation costs and other capital needs, such as liners to cover refuse as capacity space fills in cell 4.

The Emergency Communications net position decreased by \$181,707 for the fiscal year. Revenues decreased while expenditures increased. Projects are almost caught up; therefore, it is anticipated to start building reserves again to restart the cycle of replacing equipment.

Other factors concerning the finances of these funds have already been addressed in the discussion of Bannock County's business-type activities.

General Fund Budgetary Highlights

During the current fiscal year, the Contingency budget increased (\$206,742) for unanticipated intergovernment funds.

Budget reallocations within the same department are summarized below:

- Commission moved \$68,200 from contingency to personnel services (\$56,800) and personnel benefits (\$11,400).
- Planning moved \$29,600 from operating to personnel services (\$24,800) and personnel benefits (\$5,800).
- Assessor moved \$1,300 from personnel benefits to personnel services.
- Clerk moved \$1,300 from personnel services to personnel benefits.
- GIS moved \$14,600 from operating to personnel services (\$10,400) and personnel benefits (\$4,200).

Differences between the final amended budget and the actual results are summarized below:

- \$125,000 was underspent in the Data Processing Department; these funds were unspent in salaries, benefits, operating, and capital expenditures.
- \$45,000 was underspent in the Adult Probation Department.
- \$85,000 was underspent in the Contingency Department.
- \$82,000 was underspent in the Courthouse and Grounds Department; these funds were unspent in unused salaries, benefits operating and capital expenditures.
- \$180,000 was underspent in the Clerk Department; these funds were unspent in salaries, operating, and capital expenditures.

Capital Asset and Debt Administration

Capital Assets. Bannock County's net investment in capital assets in governmental and business-type activities as of September 30, 2019, amounts to \$59,588,070. This investment in capital assets includes land, buildings and improvements, machinery and equipment, and infrastructure (roads and bridges).

Major capital asset events during the current fiscal year included the following:

Governmental-Type Activities:

- HVAC system for courthouse \$163,000.
- New stalls for Event Center \$135,749 and a fair building \$15,636.
- Road and Bridge equipment \$137,096, Sheriff's vehicles \$176,184, a Search and Rescue vehicle \$65,535, and two Ambulances \$320,191.
- Event Center equipment \$61,756.
- Security upgrades \$254,011.
- The disposal of vehicles \$136,037 and equipment \$292,344.

Business-Type Activities:

- Landfill equipment \$744,372.
- Emergency Communications equipment \$124,550.
- Landfill Gas Wells \$111,221 and generator \$720,299.
- Disposal of Landfill equipment \$350,326.

Additional information on Bannock County's capital assets can be found in Note C on pages 43-44 of this report.

Long-Term Debt. At the end of the current fiscal year, Bannock County had no bonded debt outstanding.

Bannock County entered into a five year lease on October 1, 2014 with Motorola Solutions Credit Company LLC to purchase new radio equipment. The total lease amount is \$1,043,986 with imputed interest of \$14,150 and a principal balance of \$1,029,836.

A lease for election equipment through ES&S was entered into on September 19, 2017. The total lease amount is \$223,471 with computed interest of \$5,109 and a principal balance of \$218,362.

**Bannock County's Outstanding Debt

Bannock County has an "A1" rating from Moody's for general obligation debt.

State statutes limit the amount of general obligation debt a governmental entity may issue to 2 percent of its total assessed valuation. The current debt limitation for Bannock County is \$114,960,633.

Additional information on Bannock County's long-term debt can be found in Note E starting on page 45 of this report.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for Bannock County is currently 2.7 percent, which is less than one year ago. The State's average unemployment rate is 2.9 percent and the national average is 3.6 percent.
- The labor force and personal income in Bannock County has increased.
- The population in the County was estimated to have an increase giving Bannock County a record high population.

All of these factors were considered in preparing Bannock County's budget for the 2020 fiscal year.

The County continues to seek opportunities for grant revenues. The anticipated budget for governmental fund grants was increased to \$4,100,000 from the prior year budget of \$1,500,000. Bannock County's overall budget is a reflection of this increase as remaining expenditures held firm.

Subsequent Events

Beginning in March 2020, the United States economy began suffering adverse effects from the COVID 19 Virus Crisis ("CV19 Crisis"). As of the date of issuance of the financial statements, Bannock County had not yet suffered material adverse impact from the CV19 Crisis. The future impact of the CV19 Crisis on Bannock County cannot be reasonably estimated at this time.

Requests for Information

This financial report is designed to provide a general overview of Bannock County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Auditing Department, 624 E. Center, Room 104, Bannock County, Pocatello, Idaho, 83201-6274.

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources, and therefore, are not reported in the governmental funds	
Long-term liabilities are not due and payable in the current period and; therefore, are not reported in the governmental funds	
Interest payable used in government activities is not payable for the current resources and; therefore, is not reported in the government funds.	
Deferred Outflows - Pension and OPEB related deferrals	
Deferred Inflows - Pension and OPEB related deferrals	
Unavailable property taxes represent amounts that were not available to fund current expenditures and; therefore, are not reported in the governmental funds	
Net Position of Governmental Activities

BANNOCK COUNTY, IDAHO

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

For the Fiscal Year Ended September 30, 2019

Net Change in Fund Balance - Total Governmental Funds	\$ 1,823,501
---	--------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Outlay	\$ 1,515,383	
Depreciation Expense	<u>(1,911,297)</u>	
Excess of Capital Outlay over Depreciation Expense		(395,914)

Transactions involving capital assets such as sales and other disposals (gain/loss), as well as donations, are reported in the Statement of Activities but only proceeds from sales are reported in the governmental funds.

Loss on Disposal	(11,552)	
Contributed Asset	<u>-</u>	
		(11,552)

Some revenues in the governmental funds are deferred because they are not collected within the prescribed time period after year-end. On the accrual basis, however, those revenues would be recognized, regardless of when they are collected. Because of the "availability" criterion under the modified accrual basis of accounting the following has been deferred:

Property Tax	119,704
--------------------	---------

Some of the assets acquired this year were financed through leases. The amounts financed is reported in the government funds as a source of financing. These leases are not revenues in the Statement of Activities, but constitute large term liability in Statement of Net Position.

Issuance of Lease	-
-------------------------	---

Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. In the current year, these amounts consisted of:

Pension Expense	119,520	
Capital Leases	<u>250,125</u>	
		369,645

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest	1,450	
Other Post-Employment Benefit Obligations	(167,507)	
Compensated Absences	<u>(67,078)</u>	
Total Additional Amounts		<u>(233,135)</u>

Change in Net Position of Governmental Activities	<u><u>\$ 1,672,249</u></u>
---	----------------------------

The notes to the financial statements are an integral part of this statement.

MAJOR PROPRIETARY FUNDS

Major proprietary funds account for the County operations that provide goods or services to the general public and finance their operations mainly through user charges. The following provides a brief description of the proprietary funds.

Enterprise Funds

Solid Waste - This fund is used to account for the provision of sanitary landfill services throughout the County. Idaho Code 31-4404

Maximum tax levy:	0.000400000
Current tax levy:	0.000000000

Emergency Communications - This fund is used for initiation, maintenance, and enhancement of a consolidated emergency communications system (911) within the County. A telephone user fee, not to exceed one dollar, was authorized by the electorate of the County to provide for the funding. Idaho Code 31-48

No tax levy revenue is involved in this fund.
Current user fee is one dollar per month.

Net Increase in Cash and Cash Equivalents	(1,616,487)	(28,026)	(1,644,513)
Cash and Cash Equivalent - Beginning	9,157,376	485,433	9,642,809
Cash and Cash Equivalent - Ending	<u>\$ 7,540,889</u>	<u>\$ 457,407</u>	<u>\$ 7,998,296</u>
Reconciliation of Operating Income to Net Cash Flows from Operating Activities			
Operating Income (Loss)	\$ 129,576	\$ (191,664)	\$ (62,088)
Add Depreciation Expense	606,406	317,873	924,279
Pension Deferral, net	(27,477)	(8,381)	(35,858)
(Increase)/Decrease in Assets			
Inventory	(41,125)	-	(41,125)
Fees Receivable, Net of Allowances for Uncollectibles	(20,755)	-	(20,755)
Intergovernmental Receivables	-	-	-
Increase/(Decrease) in Liabilities			
Accounts Payable	(1,371,729)	(31,707)	(1,403,436)
Direct Deposit Payable	(1,212)	2	(1,210)
Compensated Absences	2,040	444	2,484
Landfill Closure	469,668	-	469,668
Net Cash Flows from Operating Activities	<u>\$ (254,608)</u>	<u>\$ 86,567</u>	<u>\$ (168,041)</u>

Solid Waste acquired equipment and made capital improvements through noncash payments of \$56,369.

The notes to the financial statements are an integral part of this statement.

FIDUCIARY FUNDS

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and; therefore, cannot be used to support the County's own programs. In Bannock County, there are no trust funds - but there are several agency funds. The County's Agency Funds are further described and presented beginning on page 95.

Total Liabilities	<u>\$ 6,633,286</u>

The notes to the financial statements are an integral part of this statement.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Bannock County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. Reporting Entity

Bannock County was created by an act of the Idaho Legislature on March 6, 1893, and named for the Shoshone-Bannock Indians who inhabited the region. A three member Board of County Commissioners is the governing body of Bannock County and provides the following services as authorized by Idaho Code: general government, welfare, road and bridge, agriculture, health, culture and recreation, legal and judicial, sanitation, and public safety.

For financial reporting purposes, management has considered all potential component units. The decision to include or not include a potential component unit in the reporting entity was made by applying the criteria set forth in the generally accepted accounting principles. The criterion for including a potential component unit within the reporting entity is the governing body's responsibility for financial accountability. Financial accountability is defined as the level of accountability that exists if a primary government appoints a voting majority of an organization's governing board and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. The primary government may also be financially accountable for governmental organizations with a separately elected governing board, a governing board appointed by another government, or a jointly appointed board that is fiscally dependent on the primary government. Even though Bannock County is responsible for appointing members of boards to other organizations, it is not accountable for these organizations. Therefore, based upon the application of these criteria, Bannock County has no component units.

The County contributes to the multi-employer Public Employee Retirement System of Idaho (PERSI) and the Idaho Counties Risk Management Program (ICRMP). PERSI is administered by the State of Idaho and ICRMP is administered by the Idaho Association of Counties. Since the County does not administer or is not dominant in either plan, the financial statements of these plans are not included in this report. A copy of the PERSI report can be obtained from the Public Employee Retirement System of Idaho office in Boise, Idaho. A copy of the ICRMP report can be obtained from the Idaho Counties Risk Management Program also in Boise, Idaho.

B. Government-Wide Statements and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and any component units. The effect of interfund activity has been eliminated in the process of incorporating fund data into these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements except for the agency funds which have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Justice Fund* accounts for the operation of the County Sheriff's department, construction, remodeling, operation, and maintenance of County jails, operation of the prosecuting attorney's office, and provision of public defender service per Idaho Code 63-805. Property taxes are the major revenue source for the Justice Fund, while sales tax and revenue sharing provide the next largest source. Charges for services help reimburse costs of running each function.

The *Road and Bridge Fund* is used to account for the maintenance and operations of the County's road and bridge functions. Highway User Funds provide the largest funding source for road and bridge, subsidized by property taxes.

The *Ambulance Fund* accounts for the activities of the County-wide Ambulance District. Property taxes and charges for services support the Ambulance District.

The County reports the following major proprietary funds:

The *Solid Waste Fund* accounts for the provision of sanitary landfill services throughout the County.

The *Emergency Communications Fund* is used for initiation, maintenance, and enhancement of a consolidated emergency communication system (911) within the County.

Additionally, the County reports the following fund types:

The *Agency Funds* are used to account for the collection of monies to be paid to other taxing districts, cities, the State of Idaho, private individuals, or other governmental agencies from property taxes or other legal assessments.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenue rather than as program revenues. Likewise, general revenues include all taxes. Taxes as identified within the fund statements are used exclusively to represent property taxes. Therefore, the intergovernmental classification may include other tax revenues. In the government-wide statements, the taxes have been categorized as necessary to identify program specific from general tax revenues.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued September 30, 2019

D. Assets, Liabilities, and Net Position or Equity

1. Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments that are highly liquid. The County pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested as allowed by Idaho Code. State statutes authorize the County to invest in certain revenue bonds, general obligation bonds, local improvement district bonds, registered warrants of state and local governmental entities, time deposit accounts, tax anticipation and interest-bearing notes, bonds, treasury bills, debentures or other similar obligations of the United States Government and the Farm Credit System and repurchase agreements.

Investments are stated at fair value determined by quoted market prices. Interest income is recorded in the general fund of the County unless otherwise specified by law or by Commission agreement.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans), or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade receivables are shown net of an allowance for uncollectible amounts. The allowances are based on historical data.

Property tax levies are computed by the County on or before the 3rd Monday of September. Final certification of these levies by the State of Idaho Tax Commission is not completed until after September 30. Property taxes are billed to the taxpayers in November and are due in two installments. Half of the real, personal, and mobile home property taxes are due on December 20 and the remainder is due the following June 20. Other property taxes are due December 20. Property taxes not paid constitute a lien on the property when entered on the real property assessment roll as delinquent on the first day of January of the succeeding year. The County bills and collects its own property taxes and also collects taxes for other taxing districts within its boundaries.

A one percent (1%) property tax initiative was enacted in 1978 which limited ad valorem property taxes to 1% of actual market value for appraisal purposes. The initiative was modified several times and repealed by the 1991 Legislature. A Truth in Taxation legislation was passed and became effective January 1, 1993. This law required all taxing districts to advertise, in a newspaper, any proposed tax increase that would exceed either the prior year's levy rate or 105% of the prior year's property tax dollar amount. This newspaper publication allowed districts to levy up to the maximum rates available under their code section.

The 1995 Legislature repealed Truth in Taxation and replaced it with a three percent (3%) property tax increase limitation. This 3% cap is based on the highest budget certified in any of the last three years. The limit does not apply to voter approved bonds, overrides, supplementals, school plant levies, or school emergency fund levies. Taxing districts were allowed additional property tax increases based upon new construction or annexation. Calculations for new construction include any new structures or installation of new or used manufactured houses which did not previously exist and additions or alterations to existing non-residential structures within the County as well as changes of land use classifications which require a change of category number. Taxing districts may override the budget increase limit by a simple majority vote. Statutory levy limits still apply. Since 1995, generally any non-school taxing district certifying less than the maximum allowed by the 3% legislation is eligible to recover such "foregone" amount in any future non-exempt property tax budget.

Bannock County Indigent Services pay medical bills for those deemed eligible under Idaho Code 31-3510A. This financial assistance then obligates the applicant to reimburse the County through a reasonable termed payment plan. The County has a receivable account that tracks this activity. We do not recognize this Indigent accounts receivable due to the unmeasurable collectibility of the accounts involved.

3. Inventories and Prepaid Items

Inventories are valued at cost using the weighted average method. The costs of governmental fund type inventories are recorded using the purchase method, that is as expenditures when purchased. Payments to vendors which reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements.

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued September 30, 2019

4. Restricted Assets

Bannock County has no restricted assets.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$20,000 (amount not rounded) and an estimated useful life of over one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession agreement should be recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects when constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, equipment, and infrastructure is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	20-50
Machinery and Equipment	3-15
Roads and Bridges	40-60

6. Deferred Outflows/Inflows of Resources

Deferred inflows of resources consist of resources received that relate to a future period. The County's proportionate share of the total pension related deferred inflows of resources and taxes received in advance qualify under this category. Deferred outflows of resources consist of pension contributions made subsequent to the actuarially determined pension liability measurement date and the County's proportionate share of the total pension related deferred outflow of resources. For additional information see the note on page 49 of this report.

7. Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused vacation, sick pay, and compensatory time benefits. All such benefit pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

8. Leases

The County is obligated under certain leases accounted for as capital leases. These leases are subject to annual appropriation of resources by the County in the governmental or proprietary funds as appropriate. Government-wide and proprietary financial statements report leases as liabilities, with the portion payable within twelve months designated separately from the portion payable in more than twelve months.

9. Bonded Indebtedness

Bond ordinances require a levy and collection of a tax without limitation on all property subject to taxation by the County sufficient in amount to pay the principal and interest on such bonds when they become due. The County currently has no bonded debt.

10. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the year occurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued September 30, 2019

11. Transfers

The General Fund Health Trust transferred \$464,356 to the Special Revenue Parks and Recreation fund to subsidize operations of the Wellness Complex.

	Transfer In	Transfer Out	Total
General Fund	\$ -	\$ (464,356)	\$ (464,356)
Parks & Recreation Fund and Trust	464,356	-	464,356
Total	<u>\$ 464,356</u>	<u>\$ (464,356)</u>	<u>\$ -</u>

12. Fund Equity

In the governmental fund financial statements; fund balances are classified as nonspendable, restricted, or unrestricted (committed, assigned, or unassigned). When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the County's policy is to first apply the expenditure toward restricted fund balance and then to other, less-restrictive classifications--committed and then assigned fund balances before using unassigned fund balances. More detail on fund balance can be found on page 46 within this section.

Nonspendable - The portion of fund balance that cannot be spent because it is not in spendable form or is legally or contractually required to be maintained intact. For example, inventory.

Restricted - The portion of fund balance where limitations have been imposed by creditors, grantors, contributors or law and regulations of other governments or limitations have been imposed by law through constitutional provisions or enabling legislation.

Committed - The portion of fund balance are net resources that can be used for the specific purpose determined by a formal action of the County's highest level of decision-making authority, the Board of County Commissioner's. The Commissioner's commit fund balance by adopting a resolution prior to the end of the fiscal year. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken to remove or revise the limitation.

Assigned - The portion of fund balance where a limitation results from intended uses made by the Bannock County Commissioners or through Idaho statute that limits expenditure allowed by fund type through formal resolution. General government assigned fund balance represents amounts the government intends to use for health and liability insurance, appraisal functions, and one time anticipated expenditures. Special revenue assigned fund balance amounts are intended to be used for the purpose of Special Revenue Funds.

Unassigned - The remaining portion of fund balance in excess of other classifications (surplus) or excess of other classifications over total fund balance (deficit).

E. Comparative Data/Reclassifications

Comparative total data for the prior year have been presented for governmental funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds.

F. Encumbrances

The County does not employ encumbrance accounting or record purchase orders.

G. Deferred Compensation Plan

The County offers employees a deferred compensation plan under Internal Revenue Code Section 457. The State of Idaho Deferred Compensation Plan is being administered by third party administrators Nationwide Retirement Solutions. The Public Employee Retirement System of Idaho (PERSI) also offers a deferred compensation plan under IRS Code Section 401(b) to County employees. The County has implemented GASB Statement No. 32 for these deferred compensation plans.

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued
September 30, 2019

H. Pensions

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

II. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

1. Deposits

Legal Provisions Governing Cash Deposits with Financial Institutions

For cash depositories with deposits in excess of federal insurance, State code requires the county to obtain an annual affidavit showing the amount of the financial institution's capital stock and surplus. The County's deposit may not exceed the depository's capital and surplus. Legal provisions regarding deposits are found throughout Idaho Code, Title 57.

Custodial Credit Risk for Deposits

The risk that in the event of a financial statement institution failure, the County will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. To address custodial credit risk the Treasurer requests a Capital and Surplus report from the institution. The Treasurer then judges the solidity of the institution and decides whether or not to maintain the funds in the institution.

As of September 30, 2019, the County has uninsured and uncollateralized deposits amounting to \$3,139,881.

2. Investments

General Investment Policies

The County Treasurer invests idle moneys in accordance with Idaho Code Title 57-127 which refers to section 67-1210 and 67-1210A for allowable investments. Idaho Code Section 67-1210, allows idle moneys to be invested in certain revenue bonds, general obligations bonds, local improvement district bonds, registered warrants of state and local governmental entities, time deposit accounts, tax anticipation and interest-bearing notes, bonds, treasury bills, debentures or other similar obligations of the United States Government and the Farm Credit System and repurchase agreements.

Idaho Code, Section 67-1210A, additionally authorizes investments in prime banker's acceptances and prime commercial paper, sale and repurchase of call options, securities lending agreements, and bonds, notes, and debentures of any U.S. corporation with at least an A rating by a nationally recognized statistical rating organization such as Standard & Poor's or Moody's.

The County Treasurer had the following investments and maturities at year end:

Investment Type	Fair Value	Investment Maturities (in Years)				
		Less than 1	1-5	6-10	11-15	16-20
Certificates of Deposits	\$ 5,095,787	\$ 604,352	\$ 3,451,579	\$ -	\$ 614,227	\$ 425,629
Money Market Mutual Fund	-	-	-	-	-	-
Tennessee Valley Authority						
Municipal Bond	299,286	299,286	-	-	-	-
Federal Ag Management Corp	997,570	-	997,570	-	-	-
Federal Farm Credit Bank	3,148,593	546,567	2,602,026	-	-	-
Federal Home Loan Bank	5,339,038	1,203,510	2,920,816	1,214,712	-	-
FHLMC	6,832,816	1,757,100	3,198,496	1,877,220	-	-
Federal National Mortgage Assn	1,748,153	200,627	998,395	549,131	-	-
US Government Obligations	2,511,704	2,511,704	-	-	-	-
State of Idaho Investment Pool	8,445,678	8,445,678	-	-	-	-
Total	\$ 34,418,625	\$ 15,568,824	\$ 14,168,882	\$ 3,641,063	\$ 614,227	\$ 425,629

Investment transactions are subject to a variety of risks. The County seeks to promote the safety of principal, provide adequate liquidity for operational needs, earn market rates of return on investments consistent with liquidity need and investment quality, and conform with legal requirements.

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued
September 30, 2019

3. Interest Rate Risk

The risk that changes in interest rates that will adversely affect the value of an investment. In accordance with investment policy, the County's investments shall have maturities that are consistent with the needs and use of the County. The County does not have a specific policy addressing interest rate risk and exposure to declines in fair values. The segmented time distribution method has been used to disclose interest rate risk.

4. Credit Risk

State law requires investments in corporate bonds to have, at the time of purchase, an A rating or higher by a commonly known rating service. The County's policy follows the State's policy. Credit ratings associated with investments are as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Aaa</u>	<u>Aa</u>	<u>A</u>	<u>Unrated</u>
Certificates of Deposits	\$ 5,095,787	\$ -	\$ -	\$ -	\$ 5,095,787
Money Market Mutual Fund	-	-	-	-	-
Tennessee Valley Authority					
Municipal Bond	299,286	299,286	-	-	-
Federal Ag Management Corp	997,570	997,570	-	-	-
Federal Farm Credit Bank	3,148,593	3,148,593	-	-	-
Federal Home Loan Bank	5,339,038	5,264,116	74,922	-	-
FHLMC	6,832,816	6,832,816	-	-	-
Federal National Mortgage Assn	1,748,153	1,748,153	-	-	-
US Government Obligations	2,511,704	2,511,704	660,020	-	-
State of Idaho Investment Pool	8,445,678	-	-	-	8,445,678
Total	<u>\$ 34,418,625</u>	<u>\$ 20,802,238</u>	<u>\$ 734,942</u>	<u>\$ -</u>	<u>\$ 13,541,465</u>

5. Custodial Credit Risk for Investments

The risk that in the event of the failure of the counterparty to a transaction, the County will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. To address custodial credit risk, the County's policy is to invest in investments which are allowable under Idaho Code Section 67-1210. For certificates of deposit, the County addresses the risk the same way it does for demand deposits which was stated previously.

The elected State Treasurer, following Idaho Code , Section 67-2328, is authorized to sponsor an investment pool in which the County voluntarily participates. The Pool is not registered with the Securities and Exchange Commission or any other regulatory body. Oversight of the pool is with the State Treasurer, and Idaho Code defines allowable investments. The fair value of the County's position in the external investment pool is the same as the value of the pool shares. The external investment pool is unrated.

6. Concentration of Credit Risk

The risk of loss attributed to the magnitude of an investment in a single issuer. The county places no limit on the amount the county may invest in any one issuer. The following investments held at year end by the County represent five percent or more of the total investment portfolio:

<u>Issuer</u>	<u>Fair Value</u>	<u>Percent of Portfolio Investments</u>
Federal Farm Credit Bank	\$ 3,148,593	7.6%
Federal Home Loan Bank	5,339,038	12.9
US Governmental Obligations	2,511,704	6.7

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued
September 30, 2019

7. Fair Value Measurements

Fair value accounting guidance defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value guidance also establishes a fair value hierarchy that requires a government to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Based on the inputs used to determine fair value, a three-level hierarchy is used as follows:

Level 1: Fair value is determined using quoted prices (adjusted) for identical assets or liabilities in active markets that the government can access at the measurement date.

Level 2: Fair value is determined using inputs - other than quoted prices included within Level 1 - that are observable for an asset or liability, either directly or indirectly, such as quotes prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active and inputs are derived principally from or corroborated by observable market data.

Level 3: Fair value is determined using unobservable inputs for an asset or liability and requires the government to develop its own assumptions, based on the best information available in the circumstances, about the considerations market participants would use in pricing the asset or liability.

The following table represents the County's investments that are measured or disclosed at fair value on a recurring basis. The County does not have any financial assets that are measured at fair value on a non-recurring basis.

Fair Value Hierarchy

	Level 1	Level 2	Level 3	Total
Certificates of Deposits	\$ -	\$ 5,095,787	\$ -	\$ 5,095,787
Money Market Mutual Fund	-	-	-	-

FHLMC	6,832,816	-	-	6,832,816
Federal National Mortgage Assn	1,748,153	-	-	1,748,153
US Government Obligations	2,511,704	-	-	2,511,704
State of Idaho Investment Pool	8,445,678	-	-	8,445,678
Total	<u>\$ 29,322,838</u>	<u>\$ 5,095,787</u>	<u>\$ -</u>	<u>\$ 34,418,625</u>

B. Fees Receivable

An allowance for uncollectible ambulance fees receivable has been made for September 30, 2019. Management has determined that 18 percent of the current fees receivable is a reasonable estimation for these uncollectible amounts. The Balance Sheet Fees Receivable reflects the net amount as shown:

Ambulance District:

Fees Receivable	\$ 856,327
Less 18% for Uncollectible Fees	(154,139)
Net Fees Receivable	<u>\$ 702,188</u>

No uncollectible allowance is estimated for the Solid Waste Fees Receivable or for the Noxious Weed Receivables as all fees are expected to be collected.

Depreciation expenses was charged to functions/programs of the primary government as follows:

Governmental Activities:

General Government	\$ 606,723
Health & Welfare	188,142
Road & Bridge	440,997
Agriculture	12,492
Culture & Recreation	208,445
Public Safety	443,366
Legal & Judicial	11,132
Total Depreciation Governmental Activities	<u>\$ 1,911,297</u>

Business-Type Activities:

Solid Waste	\$ 606,406
Emergency Communications	317,873
Total Depreciation Business-Type Activities	<u>\$ 924,279</u>

D. Compensated Absences

Unused vacation leave may be accumulated up to a 240 hour maximum and is paid at the time of termination. Unused sick leave may be accumulated up to a maximum of 720 hours and is paid at termination - 20% of accumulated hours upon qualifying resignation and 100% of accumulated hours at retirement.

Non-administrative employees may accumulate compensation for overtime worked over regular work week hours. Unused compensatory time is paid at termination. The entire unpaid liability for accumulated vested vacation, sick leave and compensatory hours is accrued when incurred in the government-wide or proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

The following schedule shows the estimated liability for vested vacation, contingent sick leave, compensatory hours, and the associated benefits at September 30, 2019:

GOVERNMENTAL-TYPE	Vacation	Sick (1)	Compensatory Time	Employee Benefits (2)	Total	Due Within One Year
General Fund:

E. Long-Term Debt

Capital Leases

Bannock County entered into a five year lease on October 1, 2014 with Motorola Solutions Credit Company LLC to purchase new radio equipment. The total lease amount was \$1,043,986 with imputed interest of \$14,150 and a principal balance of \$1,029,836.

The following schedule shows the remaining future capital lease requirements:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 207,848	\$ 949	\$ 208,797
Total	\$ 207,848	\$ 949	\$ 208,797

Bannock County entered into a five year lease on September 19, 2017 with Election Systems and Software to purchase two new Model DS450 Ballot Tabulators and thirty five ExpressVote Terminals. The total lease amount was \$223,471 with imputed interest of \$5,109 and a principal balance of \$218,362.

The following schedule shows the remaining future capital lease requirements:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 43,666	\$ 1,028	\$ 44,694

Changes in Long-term Liabilities

Long-term liability activity for the year ended September 30, 2019, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activities:					
Net Pension Liability	\$ 7,545,220	\$ -	\$ 1,751,904	\$ 5,793,316	\$ -
Capital Leases	545,757	-	250,125	295,632	251,453
Compensated Absences	2,087,046	1,661,991	1,594,913	2,154,124	1,421,724
Other Post-Employment Benefit Obligations	1,989,916	491,218	-	2,481,134	-
Governmental Activity Long-term					
Liabilities	<u>\$ 12,167,939</u>	<u>\$ 2,153,209</u>	<u>\$ 3,596,942</u>	<u>\$ 10,724,206</u>	<u>\$ 1,673,177</u>
Business-Type Activities:					
Compensated Absences	\$ 96,026	\$ 70,394	\$ 67,910	\$ 98,510	\$ 65,016
Landfill Closure	5,138,674	469,668	-	5,608,342	136,798
Net Pension Liability	399,023	-	163,914	235,109	-
Business-Type Activity Long-term					
Liabilities	<u>\$ 5,633,723</u>	<u>\$ 540,062</u>	<u>\$ 231,824</u>	<u>\$ 5,941,961</u>	<u>\$ 201,814</u>

All compensated absences are liquidated by the fund in which incurred; for example, the General Fund, Road and Bridge Fund, Justice Special Revenue Funds, nonmajor Special Revenue Funds, Solid Waste Fund, and Emergency Communications Proprietary Funds. The net OPEB obligation will be liquidated by the General Fund, Road and Bridge Fund, Justice Special Revenue Funds, Nonmajor Special Revenue Funds, Solid Waste Fund, and Emergency Communications Proprietary Funds. The net pension liability will be liquidated by the General Fund, Solid Waste Fund, and Emergency Communications Fund.

F. Fund Equity

Bannock County's financial policies outline the following classifications of fund balance that are reported on the governmental funds' balance sheet (pages 24-25):

Committed - This portion of fund balance reflects the amount of fund balance that is considered the 'minimum fund balance' the County desires to keep on hand to mitigate current and future risks and ensures service levels. This formal policy adopted by the BOCC states the minimum fund balance is 25% of budgeted expenditures for all funds unless that fund requires a higher percentage due to instability or late funding. For example, we receive PILT funding in June/July therefore, reserves are maintained at 75% of budgeted expenditures. The County Boat Fund is also held at 75% of budgeted expenditures. Unstable funds; the Justice Fund, District Court Fund, Indigent Fund, and Liability Insurance Funds are held at 30% of budgeted expenditures.

Assigned - If the County had any special revenue funds that did not meet the definition of a special revenue fund they would be combined with the General Fund and their total fund balance would be considered "assigned" for their fund. Currently, all special revenue funds meet the definition and stand alone.

	Major Special Revenue Funds				
	General Fund	Justice Fund	Road & Bridge	Ambulance Fund	NonMajor Funds
Fund Balances					
Assigned for:					
Law Enforcement.....	\$ 889,500	\$ 2,899,726	\$ -	\$ -	\$ -
Attorney Services.....	-	1,835,747	-	-	-
Road Maintenance.....	-	-	1,862,538	-	-
Health/Human Programs.....	185,232	-	-	1,692,151	1,609,939
Capital Purchases.....	485,000	-	595,000	435,000	-
Bldg/Maintenance.....	839,879	-	-	-	-
Education	-	-	-	-	-
Noxious Weed.....	-	-	-	-	172,422
District Court.....	-	-	-	-	1,338,697
County Recreation.....	-	-	-	-	882,202
General Gov't Operations.....	516,669	-	-	-	818,981
Total	<u>\$ 2,916,280</u>	<u>\$ 4,735,473</u>	<u>\$ 2,457,538</u>	<u>\$ 2,127,151</u>	<u>\$ 4,822,241</u>

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued September 30, 2019

Unassigned - For the General Fund, 'minimum fund balance' is classified as unassigned. The County utilizes the same policy for 'minimum fund balance' in the General Fund as it does for Special Revenue Funds. This amount also reflects the residual net resources or total fund balance in excess of the other classifications, also known as 'surplus' and is available for any purpose. The General Fund is the only fund that reflects a positive "unassigned" since any surplus within a special revenue fund is automatically "assigned" to that fund per the definition of a special revenue fund. Any negative "unassigned" amounts reflect 'deficits' where there is an excess of other classifications over total fund balance.

III. OTHER INFORMATION

A. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; employee injuries, natural disaster, and employee health. Except for employee health, which is partially insured, risks of loss are insured by the purchase of commercial insurance through participation in the Idaho Counties Risk Management Program. Under the terms of the ICRMP policy, Bannock County's liability is limited to the amount of annual financial membership contributions plus deductible. The County is also protected for Weed Spraying Liability claims up to \$500,000 with a \$2,500 deductible for County property claims only. The Risk Management Department is funded by an annual property tax tort levy which has no maximum levy limit.

Other than employee health claims, as discussed below, settled claims resulting from the other risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

B. Health Benefits

Beginning January 1, 2005, Bannock County became a member of the Government Employees Medical Plan (GemPlan). This legal entity was created by State of Idaho political subdivisions under Idaho Code 67-2326 through 67-2333 to provide a partially self-funded employee health benefits pooling program. Bannock County pays actual costs for employee health claims; the GemPlan has reinsurance contracts for claims in excess of the \$125,000 stop loss amount. This health benefit plan is accounted for as part of the General Fund and is being administered by the GemPlan Board of Trustees.

A history of changes in the Fund's claims liability amount from fiscal year 2006 to date are below:

<u>Fiscal Year</u>	<u>Beginning Liability</u>	<u>Current Year Claims & Changes in Estimates</u>	<u>Claim Payments</u>	<u>Ending Liability</u>
2006-2007	\$ 325,000	\$ 3,319,467	\$(3,319,467)	\$ 325,000
2007-2008	325,000	3,473,971	(3,473,971)	325,000
2008-2009	325,000	3,911,399	(3,911,399)	325,000
2009-2010	325,000	3,892,917	(3,892,917)	325,000
2010-2011	325,000	4,009,253	(4,009,253)	325,000
2011-2012	325,000	4,713,247	(4,438,247)	600,000
2012-2013	600,000	4,386,003	(4,661,003)	325,000
2013-2014	325,000	4,779,302	(4,779,302)	325,000
2014-2015	325,000	5,507,850	(5,407,850)	425,000
2015-2016	425,000	5,289,881	(5,364,881)	350,000
2016-2017	350,000	5,563,258	(5,603,258)	310,000
2017-2018	310,000	5,504,250	(5,414,250)	400,000
2018-2019	400,000	7,076,458	(7,126,458)	350,000

All funds participate and make payments to the health benefit plan based on estimates of potential usage as per the requirements of Governmental Accounting Standards Board Statement No.10. This requires that a liability for claims be reported if information prior to the issuance of the financial statements indicate that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Cash reserves and incurred but not reported (IBNR) amounts of \$350,000 includes any specific incremental adjustment expense.

A separate report may be obtained through written request to the GemPlan, 1575 Baldy Ave, Pocatello, Idaho, 83201 or by calling (208)237-9696

C. Pension Plan

Bannock County contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

Pension Benefits

The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age, and highest average salary. Members become fully vested in their retirement benefits with five years of credited service (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited services is 2.0% (2.3% for police/firefighters) of the average monthly salary for the highest consecutive 42 months.

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided the Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

Member and Employer Contributions

Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) that are adequate to accumulate sufficient assets to pay benefits when due.

The contribution rates for employees are set by statute at 60% of the employer rate for general employees and 72% for police and firefighters as of June 30, 2019 it was 7.16% for general employees and 8.81% for police and firefighters. The employer contribution rate as a percent of covered payroll is set by the Retirement Board and was 11.94% general employees and 12.28% for police and firefighters. Bannock County's contributions were \$2,060,123 for the year ended September 30, 2019.

Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.

At September 30, 2019, Bannock County reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined an actuarial valuation as of that date. Bannock County's proportion of the net pension liability was based on Bannock County's share of contributions in the Base Plan pension plan relative to the total contributions of all participating PERSI Base Plan employers. At June 30, 2019, Bannock County's proportion was .5281272 percent.

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued September 30, 2019

For the year ended, September 30, 2019, Bannock County recognized pension expense (revenue) of \$1,939,682. At September 30, 2019, Bannock County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience.	\$ 560,249	\$ 710,480
Changes in assumptions or other inputs.	335,335	-
Net difference between projected and actual earnings on pension plan investments.	-	2,053,710
Changes in the employer's proportion, differences between the employer's contributions, and the employer's proportionate contributions.	127,467	115,762
Employer contributions subsequent to the measurement date.	591,180	-
Total	\$1,614,231	\$ 2,879,952

\$591,180 reported as deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2019.

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2019 the beginning of the measurement period ended June 30, 2018 is 4.8 and 5.6 for the measurement period June 30, 2019.

Other amounts reported as deferred outflows of resources and deferred inflows or resources related to pensions will be recognized in pension expense (revenue) as follows:

Year Ended September 30	Expense (Revenue)
2020	\$ (217,077)
2021	(930,022)
2022	(453,028)
2023	(268,478)

Actuarial Assumptions

Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. The Base Plan amortizes any unfunded actuarial accrued liability based on a level percentage of payroll. The maximum amortization period for the Base Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation 3.00%
- Salary Increases 3.75%
- Salary Inflation 3.75%
- Investment Rate of Return 7.05%, net of investment expenses
- Cost-of-Living Adjustments 1%

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued September 30, 2019

Mortality rates were based on the RP-2000 combined table for healthy males or females as appropriate with the following offsets:

- Set back
- No offset for male fire and police
- Forward one year for female fire and police
- Set back one year for all general employees and all beneficiaries

An experience study was performed for the period July 1, 2013 through June 30, 2017 which reviewed all economic and demographic assumptions other than mortality. The Total Pension Liability as of June 30, 2019 is based on the results of an actuarial valuation date of July 1, 2019.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

The best-estimated range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are as of January 1, 2017.

Asset Class	Expected Return	Expected Risk	Strategic	Strategic Ranges
			Normal	
Equities			70.00%	66%-77%
Broad Domestic Equity	9.15%	19.00%	55.00%	50%-65%
International	9.25%	20.20%	15.00%	10%-20%
Fixed Income	3.05%	3.75%	30.00%	23%-33%
Cash	2.25%	0.90%	0.00%	0%-5%

Total Fund	Expected Return	Expected Inflation	Expected Real Return	Expected Risk
Actuary	7.00%	3.25%	3.75%	N/A
Portfolio	6.58%	2.25%	4.33%	12.67%

*Expected arithmetic return net of fees and expenses

Actuarial Assumptions

Assumed Inflation - Mean	3.25%
Assumed Inflation - Standard Deviation	2.00%
Portfolio Arithmetic Mean Return	8.42%
Portfolio Long-Term Expected Geometric Rate of Return	7.50%
Assumed Investment Expenses	0.40%
Long-Term Expected Geometric Rate of Return, Net of Investment Expenses	7.05%

Discount Rate

The discount rate used to measure the total pension liability was 7.05%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued September 30, 2019

Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate.

The following presents the Employer's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10 percent) or 1-percentage-point higher (8.10 percent) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Employer's proportionate share of the net pension liability (asset)	6.05% \$ 18,208,166	7.05% \$6,028,425	8.05% (\$4,043,833)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

Payables to the Pension Plan

At September 30, 2019, Bannock County did not have any payables to the defined benefit pension plan.

D. Landfill Closure

In October 1993, Bannock County began receiving waste in a new solid waste landfill which is subject to the U.S. Resource Conservation and Recovery Act and the Idaho Solid Waste Facilities Act. The County does not have other facilities subject to these acts.

Using the Auto CAD volume determination utility, the estimated capacity of the landfill is 4,332,798 tons for 2 and 4 cells. The current percentage used to date is estimated at 97.8% of capacity for cell 2 and 44.0% of capacity for cell 4. Closure and post closure costs estimated at \$6,196,696 will be recognized in annual financial reports based on actual capacity used each year.

Closure and post closure costs for current usage as of September 30, 2019, would be \$5,608,342. Closure and post closure costs remaining to be recognized over the remaining estimated useful life would be \$1,353,354. Financial assurance to cover these costs may possibly be met by registered warrants as provided by Idaho Code 39-7417. There is an estimated one year of remaining life for cell 2 and four years for cell 4.

The total landfill area is 620 acres. Current cells cover 23 acres. The elements of estimated closure and post closure costs for erosion control, groundwater and gas monitoring, leachate treatment, well monitoring, well replacement, and maintenance and inspection of the final cover costs are projected over a 30-year monitoring requirement. The cost estimates are based on current costs and may change due to inflation, deflation, technology, or applicable laws and regulations.

E. Litigation

The County is a defendant in various lawsuits arising in the ordinary course of its operation. Currently, there are no material legal lawsuits against the County that would affect the financial condition or results of operations of the County on September 30, 2019.

The County is a recipient of federal funds and is subject to audits by governmental agencies. County officials are of the opinion that findings, if any, resulting from these audits, will not materially affect the financial condition of the County.

F. Jointly Governed Organization

Bannock County, in conjunction with the cities of Pocatello and Chubbuck, created the Chubbuck Impact Area Wastewater Collection Authority. This Authority was formed to provide for the financing, design, acquisition, construction, management, and operation of a sewage collection facility along with transmission mains and lift stations to serve the users within the Chubbuck Area of Impact. It is the intent of the Authority to be solely financed by loans, grants, or revenues from the facility and services provided. Bannock County will serve as a collection entity and then forward those receipts to the Authority, which is located at the City of Chubbuck office. Financial statements can be obtained through the City of Chubbuck, 5160 Yellowstone, Chubbuck, Idaho 83202.

G. Commitments

The County enters into numerous contracts as a part of normal business. Currently, the County is involved in two contracts at the Bannock County Jail that exceed one year. The County is involved in a food service contract for jail inmates with Summit Foods. This contract is set to end September 30, 2020, unless termed by either party with written 30 days notice. There is also an existing contract for inmate health care with Correctional Healthcare Management, Inc (CHM). This contract is an annual contract that automatically renews for additional one year periods unless there is 30-90 day advance written notice.

H. Post-Employment Benefits

Plan Description

Bannock County has an agent multiple-employer post-employment benefit that includes the Public Employee Retirement Plan which is explained in the pension plan note. Also, early retiree benefits are available to eligible elected officials and employees.

Bannock County's Post Retirement Healthcare Plan is administered by the Government Employees Medical Plan (Gem Plan). Gem Plan provides medical, dental, and vision coverage for eligible retirees and eligible dependents. Eligible retirees include employees who are age 55 years or older and have completed 20 years of continuous service with Bannock County or is an elected official who has completed 5 years of continuous service with Bannock County. Early retirees are eligible for coverage until the early retiree is eligible for Medicare.

Plan Membership - As of October 1, 2018 the plan membership data is as follows:

Active employees	348
Retirees or Spouses	14
	362

1. Funding Policy

Bannock County has the authority to establish and amend employee benefit plans. The contribution requirement of plan members is established and approved by Bannock County Commission in conjunction with Gem Plan. The required contribution is based on projected pay-as-you-go financing requirements. Retirees are required to pay COBRA premium rates; monthly contribution rates in effect as of the end of fiscal year 2019 were as follows:

	Medical	Dental	Vision	Total
Retiree	\$ 340.39	\$ 43.55	\$ 11.87	\$ 395.81
Retiree and Spouse	613.59	75.83	21.33	710.75
Retiree and 1 child	556.47	68.77	19.34	644.58
Retiree and 2+ children	624.17	77.14	21.70	723.01
Family	876.48	107.22	30.14	1,013.84

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of October 1, 2018 and a measurement date as of October 1, 2018. The following actuarial assumptions applied to all periods in the measurement, unless otherwise specified:

Actuarial cost method	Entry age, level percentage of pay
Salary increases	3.0%
Inflation	2.5%
Municipal bond rate	3.9% estimated yield of 20 year AA rated municipal bonds
Healthcare cost trend rates	6.5% decreasing to 5.0% over 6 years
Mortality	RP-2014 Total Dataset Mortality Tables with MP-2018 Generational Improvement Scale

	FYE 9/30/19	FYE 9/30/18
Total OPEB Liability	\$ 2,481,134	\$ 1,989,916
Covered Employee Payroll	\$ 16,208,152	\$ 16,132,798
Total OPEB Liability as a % of Covered Employee Payroll	15.0%	12.0%
Discount Rate	3.9%	3.5%

The following changes in methods have been made since the prior measurement date:

None.

Discount Rate - The discount rate used to measure the OPEB liability was 3.9% (estimated yield of 20-Year AA-rated municipal bonds) for the plan. No assets have been accumulated in an irrevocable trust. The discount rate has not changed from the prior measurement date.

2020	\$ 53,951
2021	53,951
2022	53,951
2023	53,951
2024	53,951
Thereafter	53,956

A separate report may be obtained through written request to the GemPlan, 1575 Baldy Ave, Pocatello, Idaho, 83201 or by calling (208) 237-9696.

BANNOCK COUNTY, IDAHO

Notes to Financial Statements - Continued September 30, 2019

I. Tax Abatements

Bannock County had three tax abatements for companies that qualify for the State of Idaho property tax exemption associated with Idaho Statute 63-602NN codename. This statute allows County Commissioners the ability to grant a property tax exemption for plant investments if the County has an ordinance in place that establishes eligible criteria. Bannock County adopted ordinance 2017-7 on August 22, 2017 that established criteria of a minimum plant investment of not less than \$500,000. This investment does not include land.

Abatements or exemptions are requested of the commission by qualifying companies and ratified through a resolution. The assessors office reduces the successful company's assessed valuation by the percent stipulated in the resolution, this is done each year until the agreement expires. These exemptions affect other taxing districts where the company resides.

The abatements granted that affect Bannock County, the City of Pocatello, and School District #25, are as follows:

Amy's Kitchen - 100% assessed valuation exemption for 5 years, starting tax year 2015 (FY16) through 2019 (FY20).

Tax Year	{	2015= \$5,149,896 value exemption or \$112,041 property tax total (\$33,819 Bannock County portion)
		2016= \$38,999,108 value exemption or \$839,861 property tax total (\$249,311 Bannock County portion)
		2017= \$48,415,872 value exemption or \$1,051,504 property tax total (\$313,103 Bannock County portion)
		2018= \$47,972,863 value exemption or \$1,050,086 property tax total (\$313,216 Bannock County portion)

Western States - 75% assessed valuation exemption for 5 years, starting tax year 2017 (FY18) through 2021 (FY22).

Tax Year	{	2017= \$18,760,276 value exemption or \$407,439 property tax total (\$121,322 Bannock County portion)
		2018= \$18,893,257 value exemption or \$413,558 property tax total (\$123,355 Bannock County portion)

ON Semiconductors has multiple rolling exemptions for 75% assessed valuation exemptions for 5 years. The first starting in tax year 2016 (FY17) through 2020 (FY21) and the second starting in tax year 2017 (FY18) through 2021 (FY22) and a new one starting within the next year. These exemption amounts are not separated; therefore, only one value will be shown.

Tax Year	{	2016= \$9,719,012 value exemption or \$209,303 property tax total (\$62,131 Bannock County portion)
		2017= \$12,061,742 value exemption or \$261,959 property tax total (\$110,460 Bannock County portion)
		2018= \$16,918,279 value exemption or \$370,327 property tax total (\$110,460 Bannock County portion)

Great Western Malting - 75% assessed value exemption for 5 years, starting tax year 2018 (FY19) through 2022 (FY23).

Tax Year	2018 = \$76,784,357 value exemption or \$1,680,746 property tax total (\$501,327 Bannock County portion)

Data reported is measured as of September 30, 2019.

**Schedule of Changes in Total OPEB Liability and Related Ratios
Last 10-Fiscal Years***

	<u>2019</u>	<u>2018</u>
Total OPEB Liability beginning	\$ 1,989,916	\$ 1,889,969
Service cost	115,322	98,830
Interest on total OPEB liability	72,397	68,440
Benefit payments	(74,163)	(67,323)
Difference between expected and actual experience	442,259	-
Assumption changes	(64,597)	-
Net change in total OPEB Liability	491,218	99,947
Total OPEB liability-ending	\$ 2,481,134	\$ 1,989,916
Covered payroll	\$ 16,208,152	\$ 16,132,798
Total OPEB liability as a percentage of covered employee payroll	15.3%	12.3%

Notes to Schedule:

Changes in benefit terms. There are no changes of benefit terms.

Changes of assumptions. Changes of assumptions and other inputs reflect the effect of changes in the discount rate each period.

For the above OPEB Plans, not assets are accumulated in a trust that meets the criteria in GASB statement no. 75, paragraph 4; these benefits are funded on a pay-as-you go basis.

*GASB Statement No. 75 requires ten years of information to be presented in this table. However, until a full 10-year trend is compiled, the County will present information for those years for which information is available. Data reported is measured as of October 1 each fiscal year.

BANNOCK COUNTY, IDAHO

Notes to Required Supplementary Information Basis of Budgetary Reporting, Stewardship, Compliance, and Accountability

September 30, 2019

I. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Basis of Budgetary Accounting

The County is required by State Law to adopt annual budgets on all governmental funds that cover a period from October 1 through September 30. All adopted budgets are prepared in accordance with the modified accrual basis of accounting and are adopted on a basis consistent with generally accepted accounting principles.

B. Budgetary Information

All County department heads are required to submit their annual budget requests to the County Auditor by the third Monday in May. The County Auditor is the Budget Officer and, as such Budget Officer, it is his duty to compile and prepare a preliminary budget for consideration by the County Commissioners. The budget is prepared by fund, department, activity, and object, and includes appropriated budgets for the prior two years, year-to-date expenditures, and requested appropriations for the next fiscal year.

On or before the first Monday in August, the County Budget Officer submits the proposed budget to the County Commissioners for review and approval. When the tentative budget has been approved, it must be published in an area newspaper. On or before the Tuesday following the first Monday of September each year, the Board of Commissioners meet to hold a public budget hearing, at which time any taxpayer may appear and be heard upon any part or parts of said tentative budget. Such hearing may be continued from day to day until concluded, but not to exceed a total of five (5) days.

Upon conclusion of such hearing, the County Commissioners fix and determine the amount of the appropriated budget for each department of the County which, in no event, shall require more property tax funding than the amount of the published budget. The appropriated budget is adopted by resolution in the official minutes of the board.

During the fiscal year, the Board of County Commissioners may amend the annual appropriated budget by unanimous resolution in case of an emergency, through the courts, or by the budget hearing process. The appropriated budget can only be increased by an amount equal to unanticipated revenues. In no event can property taxes be increased. Management at the departmental level does not have authority to amend the budget.

The County employs budgetary integration as a management control device during the year for all governmental funds. All appropriations lapse at the end of the fiscal year. Appropriation accounts may remain open until the first Monday in November for the payment of claims incurred against such appropriations prior to the close of the fiscal year. After the first Monday in November, the appropriations become null and void and any lawful claims presented thereafter against any subsequent appropriation will be provided for in the ensuing budget.

Expenditures may not exceed budgeted appropriations for personnel services or other expenditures at the department level in the General and Justice Funds and at the fund level in all other funds except for emergency expenditures as defined by Idaho Code 31-1608. Budget amounts are as originally adopted or as amended either by judicial order or through a scheduled budget hearing for receipt of unanticipated revenues. During the year, \$4,152,992 of appropriations was amended within departments by Commission resolution.

The following departments overspent their budgeted appropriations: Within the General Fund, the General Government Trust overspent by \$154,938, the Health Insurance overspent by \$576,458, GIS overspent by \$1,506, and the Juvenile Probation Trust overspent by \$134,853; these overages were covered by other department underspending and fund balance. Within the Justice Fund, the Justice Fund Trust Departments overspent by \$35,597, this overage was absorbed by other department underspending. The Ambulance Fund overspent by \$12,428; there were sufficient fund balances to cover the overage. Within the District Court Fund, the District Court Trust Department overspent by \$93,329; there were sufficient fund balances to cover this overage. Within the Fair Exhibit Fund, the Fair Trust overspent by \$17,650; there were sufficient fund balances to cover this overage. Within the Parks and Recreation Fund, the Event Center/Wellness Complex Trust overspent by \$19,597; there were sufficient fund balances to cover this overage.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes or for sound financial management.

District Court - This fund was established to pay for all court expenditures other than courthouse construction and remodeling. Idaho Code 31-867

Maximum tax levy:	0.000400000
Current tax levy:	0.000379395

Fair District - This fund is used to account for the County's apportionment of the joint district fair. Idaho Code 22-307

Maximum tax levy:	0.000100000
Current tax levy:	0.000002226

Fair Maintenance - This fund is used for maintenance of County fairgrounds. Idaho Code 31-822

Maximum tax levy:	0.000100000
Current tax levy:	0.000016894

Fair Exhibit - This fund is for the purpose of collecting, preparing, and maintaining an exhibition of the products and industries of Bannock County at the County fair. Idaho Code 31-823

Maximum tax levy:	0.000200000
Current tax levy:	0.000070948

Health District - This fund is to account for the County's portion of services provided on a regional basis by the State of Idaho for preventive health services. Idaho Code 31-862

Maximum tax levy:	0.000400000
Current tax levy:	0.000116102

Historical Society - This fund is used for the support of County historical societies. Idaho Code 31-864

Maximum tax levy:	0.000120000
Current tax levy:	0.000025626

Indigent - This fund was established to safeguard the public health, safety, and welfare for the care and medical needs of indigent persons of the County. Idaho Code 31-3503

Maximum tax levy:	0.001000000
Current tax levy:	0.000665005

Junior College - This fund is used to pay tuition for county students attending out of district community colleges. Idaho Code 33-2110A

Maximum tax levy:	0.000100000
Current tax levy:	0.000000000

Parks and Recreation - This fund is used to account for operations in the Events Center. Idaho Code 31-4318

Maximum tax levy:	0.000100000
Current tax levy:	0.000099408

Appraisal - This fund was established to provide a continuing program of valuation of all properties and that all parcels of property under the assessor's jurisdiction in the County are appraised at current market value for assessment purposes. Idaho Code 63-314.3

Maximum tax levy:	0.000400000
Current tax levy:	0.000223234

Veterans Memorial - This fund is used to assist in the maintenance, upkeep, and repair of servicemen's memorials within the County. Idaho Code 65-103

Maximum tax levy:	0.000100000
Current tax levy:	0.000015845

Noxious Weed - This fund is used to account for operations of noxious weed control throughout the County. Idaho Code 22-2406

Maximum tax levy:	0.000600000
Current tax levy:	0.000049715

Mosquito Abatement - This fund is used to account for operations of an abatement district to control mosquitoes throughout the County. Idaho Code 39-2805

Maximum tax levy:	0.001000000
Current tax levy:	0.000034374

(Continued)

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds (Continued)

PILT - This fund was created to account for the receipt and disbursement of payment in lieu of taxes revenues received from the federal government. *No tax levy revenue is involved in this fund.*

Snowmobile - This fund is used to account for the monies received and expenditures incurred to provide snowmobile recreation within the County. Idaho Code 67-7106. *No tax levy revenue is involved in this fund.*

County Boat - This fund accounts for operations of the County boat patrol and other expenditures related to improvements of public waterways within the County. Idaho Code 57-1501. *No tax levy revenue is involved in this fund.*

Juvenile Facilities - This fund is used to account for the operations of the Regional Juvenile Detention Center. This facility was formed through a Joint Powers Agreement. *No tax levy revenue is involved in this fund.*

Grants - This is a combination of several grant funds used to account for grant monies received by the County. *No tax levy revenue is involved in this fund.*

FIDUCIARY/AGENCY FUNDS

Agency Funds account for the receipt and disbursement of various monies and property collected by the County, acting in the capacity of an agent, for distribution to other governmental units, organizations, or individuals.

State Fund - This fund is used to account for the collection of monies to be paid to the State including sales tax.

Taxing Districts - These funds are used to account for the collection of property taxes and other revenues billed and collected by the County on behalf of the County Taxing Districts.

Unapportioned Land Sale - This fund is used to account for the collection of revenue from sales of County tax deed property to be distributed to other agencies.

Restitution - This fund is used to account for the collection of fines and fees to be distributed to other agencies and private persons.

Victims Juvenile - This fund is used to account for the collection of fines and fees paid by juveniles to be distributed to other agencies and private persons as per court order.

Court and Civil Suspense - This fund is used to account for funds collected by the courts and civil departments to be distributed to other entities or private persons through the court processes.

Other Agencies - This fund is used to account for other funds the County holds in a trustee capacity.

BANNOCK COUNTY, IDAHO

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Board of County Commissioners
Bannock County, Idaho

We have audited, in accordance with the auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bannock County, Idaho (the County) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated April 2, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of Bannock County, Idaho's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**BANNOCK COUNTY, IDAHO
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED SEPTEMBER 30, 2019**

Current Year Findings:

None

Prior Year Findings:

Finding 2018-001 & 2018-002

Condition: The County is required to have property assessment procedures to be in compliance with ratio study standards found in Rule 131 as explained in the "2017-2018 Ratio Study Manual." The County has two categories of property with assessment levels less than 90% or greater than 110% as required by the Idaho State Tax Commission, thus was out of compliance with the 2017-2018 Ratio Study Manual Rule 131.

Recommendation: We recommend the County review the policies and procedures and systems of internal controls to ensure assessments are within the allowed levels of the ratio study standards.

Current Status: Idaho Tax Commission (ITC) has supervised the County 3-4 times during the year under audit. The State of Idaho area representative has worked with the assessor's office related specifically to the Ag lands. The County has amended the 5-year plan and the ITC continues to follow up on their progress with the 5-year plan. At this time, the County is on-track with the plan approved by the ITC.
